Dear Chair

I would be grateful for an update on the problems surrounding drinkers in Norfolk Square since the advent of the DPP0.

I attended a meeting with residents on 4 February and concern was expressed that the problem was still there. I know that police attendance has taken place on several occasions both before and after that meeting.

Some concern was expressed that the Council Tax (which includes the precept relating to the Police Authority) should not be paid until the problems are sorted out.

Yours sincerely

A handwritten signature in black ink that reads "Roy Pennington". The signature is written in a cursive style and is underlined.
