# The new Ofsted inspection framework makes specific judgements on...

- The extent of learners' spiritual, moral, social and cultural development;
- How well learners with learning difficulties and disabilities make progress;
- The behaviour of learners;
- The extent to which learners make positive contributions to the community;
- How well provision promotes the well-being of learners;
- How well equality of opportunity is promoted and discrimination tackled so that all learners achieve as well as they can;
- Action (is) taken to reduce anti-social behaviour, such as bullying and racism.

# The CYPT...

- Offers consultant support for school improvement and a range of services supporting equalities for children and families;
- Monitors levels of bullying and harassment in schools and reports annually to members;
- Prioritises equalities across the Children and Young People's Plan;
- Has undertaken a three-year round of Equalities Impact Assessments to establish provision and identify need;
- Is focused on outcomes for children and young people.

So, what is happening in  
school?
