<b>C Indoor sporting Events</b>	None	None
<b>D Boxing or Wrestling</b>	None	None
<b>E Live music</b>	None	None
<b>F Recorded Music</b>	None	None
<b>G Performance of Dance</b>	None	None

<b>H Anything of a similar description within e, f, or g</b>	None	None
<b>I Provision of facilities for making music</b>	None	None
<b>J Provision of facilities for dancing</b>	None	None
<b>K Provision of facilities for entertainment of a similar description to that falling with in i or J</b>	None	None
<b>L Late Night Refreshment</b>	late night food provided at varying hours	Monday to Sunday 23.00 – 04.00 Operating as a kebab take-away
<b>M Supply of Alcohol</b>	None	None
<b>O Hours premises are open to public</b>	1	Monday to Sunday 15:00 – 04:00 Operating as a kebab take-away

### 3. Representations received

3.1 Details of the representations made are notified to applicants on receipt by the Licensing Authority using a pro-forma. A summary appears below:

- a) A number of representations have been received from a local residents' and business representative body, local residents, and Brighton & Hove Division of Sussex Police, relating to anticipated negative impact of extended opening hours on prevention of crime and disorder, and prevention of public nuisance.
- b) Comments from health, safety and licensing team are that they have prosecuted the premises operator for breach of the East Sussex Act, and have received reports that the premises is continuing to operate after 01:00 hours, in breach of the Act.

### Commentary on licensing policy

4.1 The following extracts from Brighton & Hove Licensing Policy are considered relevant to this application and numbered as they appear in the policy:

General

1.2 The licensing objectives are:-

- a) prevention of crime and disorder;
- b) public safety;
- c) prevention of public nuisance;
- d) protection of children from harm.

1.4 Each application will be given individual consideration on its merit. Nothing in this policy shall undermine the right of any individual to apply under the terms of the Act for a variety of permissions and to have any such application considered on its individual merits. Similarly, nothing in this policy shall override the right of any person to make representations on an application or seek a review of a licence or certificate where provision has been made for them to do so in the Act

1.14 Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. Licensing is about the control of licensed premises, qualifying clubs and temporary events within the terms of the Act, and the conditions attached to licences, certificates and permissions will be focused on matters which are within the control of the licensee and will centre on the premises themselves and their immediate vicinity. When considering these terms and conditions the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public living, working or engaged in normal activity in the area concerned.

### **In respect of the prevention of crime and disorder**

2.2 The licensing authority acknowledges that training and good management play a key part in preventing alcohol and drug related crime. The authority recommends that all licensees of on-licensed premises attend training programmes which will raise their awareness of the issues relating to drugs and violence in licensed premises, and that suitable training be extended to all bar staff and door staff so that drug dealers and users will be deterred from using licensed premises for illegal purposes and that incidents of violence in licensed premises will be reduced. Licensees are also encouraged to attend training programmes to help identify children at risk and issues of basic child protection.

2.3 It is expected that the designated premises supervisor (DPS) will spend a significant amount of time on the premises. When not on the premises it will be essential that the DPS is contactable, particularly should problems arise with the premises.

2.4 The cumulative impact of licensed premises on the promotion of the licensing objectives is a matter which the licensing authority can take

into account. This should not, however, be confused with 'need' which relates more to the commercial demand for a particular type of premises. The issue of 'need' is therefore a matter for the market to decide and can, in some circumstances, be a matter for planning consideration; need therefore does not form part of this licensing policy statement.

The licensing authority may receive representations from either a responsible authority or an interested party, (both of which are defined in the Act), that the cumulative impact of new licences is leading to an area becoming saturated with premises of a certain type, making it a focal point for large groups of people to gather, and thereby creating exceptional problems of disorder and nuisance over and above the impact from the individual premises themselves. In such cases the issue of cumulative impact can be taken into account when considering the individual merits of an application.

Any objection to a licence application on the grounds of cumulative impact must be supported by clear evidence that one or more of the Licensing Objectives are likely to be undermined.

The licensing authority will not operate a quota of any kind, which would predetermine any application, nor will it seek to impose general limitations on trading hours in particular areas. Instead, regard will be given to the individual characteristics of the premises concerned within a given area. It is recognised that pubs, nightclubs, restaurants, hotels, theatres and other clubs may all sell alcohol, serve food and provide entertainment but with contrasting styles and characteristics. Proper regard will be given to those differences and the differing impact they are likely to have on the local community.

#### 2.5(a) Diversity of premises

This attempts to ensure that there is a mix of the different types of licensed premises, particularly in areas where there is a high density of such premises. It will provide resilience against changing trends and attract a more diverse range of customers from different age groups, different communities of interest and with different attitudes to alcohol consumption. It gives potential for positively changing the ambience of the city or an area of it. This in turn may have a positive effect in reducing people's fear of crime and in increasing the number of evening visitors to the city centre. The Community Safety Strategy recognises that too many single uses in a confined area and patrons turning out onto the streets at the same time, may create opportunities for violent crime and public disorder and therefore encourages mixed use venues, varying hours of business and a wider age balance.

#### 2.5(c) Care, control and supervision of premises

The effective management and supervision of a venue is a key factor in reducing crime and disorder, both within it and outside. The Police will consider the applicants, objecting to the application where appropriate. The Police will suggest crime prevention measures in relation to, for

example, the internal layout of the premises, close circuit television, help points, lighting and security staff. The Police may ask for conditions which support such measures to be imposed when planning or licensing applications are granted, e.g. type of licence, capacity, opening time restrictions.

### **In respect of the prevention of public nuisance**

4.2 In determining applications for new and varied licences, regard will be had to the location of premises, the type and construction of the building and the likelihood of nuisance and disturbance to the amenity of nearby residents by reason of noise from within the premises, or as a result of people entering or leaving the premises.

4.3 Applications for new licences or for the extension in size of licensed premises should not normally be granted if the premises will use amplified or live music and operate within or abutting premises containing residential accommodation except that occupied by staff of the licensed premises. A condition may be imposed on new licences that entertainment noise shall be inaudible in any residence.

4.4 Installation of sound limiting equipment and sound insulation may be required to minimise disturbance to the amenity of nearby residents by reason of noise from the licensed premises.

4.5 Staggered closing times will not be used to combat binge drinking disorder and antisocial behaviour. Zoning will be avoided. A general principle of later opening so that customers can leave for natural reasons, slowly over longer periods will be promoted, to prevent unnatural concentrations of people. The location of violent attacks, anti-social behaviour and hate crime or related incidents may be used to justify closing times.

4.6 Generally permitted temporary activities in the open air including tents and marquees should have a maximum closure hour of 11.00pm. Earlier hours may be imposed in sensitive open spaces or near residential areas.

4.7 In determining applications for new licences or extensions in hours or terminal hours of licensed premises, regard will be had to late night public transport availability and location of taxi ranks to aid dispersal of customers.

4.8 Regard will be had to any history or likelihood of nuisance. Generally, favourable consideration will be given to applications for later hours in the city centre and on busy main roads. Powers may be exercised to impose conditions as to hours of opening in order to avoid unreasonable disturbance to residents of the neighbourhood.

## Strategic Integration

6.5 Specific conditions may be attached to premises licences to reflect local crime prevention strategies. Such conditions may include the use of closed circuit television cameras, the provision and use of shatterproof drinking receptacles, drugs and weapons search policy, the use of registered door supervisors, specialised lighting requirements, hours of opening.

6.7 This policy avoids duplication with other regulatory regimes wherever possible.
