SUSTAINABILITY COMMITTEE**

**OFFICER AMENDMENT**

# ADDENDUM

<b>ITEM</b>		<b>Page</b>
<b>57</b>	<b>CITY ENVIRONMENT MODERNISATION UPDATE</b>  Officer Amendment.	<b>5 - 6</b>

**CITY ENVIRONMENT MODERNISATION UPDATE**

**OFFICER AMENDMENT**

To add recommendation 2.4 as shown in ***bold italics*** below:

***2.4 That Environment, Transport & Sustainability Committee notes that formal consultation with staff and trade unions will take place at the appropriate time, on both the round restructures and upon any other aspects of the delivery of the programme where it is appropriate.***

Recommendation if carried to read:

- 2.1 That Environment, Transport & Sustainability Committee note the progress made through the City Environment Modernisation Programme.
- 2.2 That Environment, Transport & Sustainability Committee note the outcomes of the communal recycling trial in the Montpelier area of the city as detailed in Appendix 1.
- 2.3 That Environment, Transport & Sustainability Committee note the activity planned as part of the Increasing Recycling Project, including the education and information campaign, as detailed in Appendix 2.
- 2.4 That Environment, Transport & Sustainability Committee notes that formal consultation with staff and trade unions at the appropriate time, on both the round restructures and upon any other aspects of the delivery of the programme where it is appropriate.

Explanatory note:

Paragraph 3.29 of the report states that *'the work [on round restructures] has started and is involving Cityclean staff and trade unions'*. To date there have been some informal discussions with staff and trade unions, but formal consultation has not yet commenced as the work on the round restructure project is not at the stage where officers are ready to commence a formal consultation process. The proposed officer amendment seeks to emphasise that formal consultation will take place with staff and trade unions at the appropriate time, on both the round restructures and upon any other aspects of the delivery of the programme where it is appropriate.
