Key Considerations in the Application

- The impact on neighbouring amenity
- The impact on the local highways network

Conclusion and Planning Balance

- This application is considered acceptable since it has been demonstrated that Condition 13 of BH2020/00549 regarding delivery hours would not have an adverse impact on the residential amenity of neighbouring occupiers in terms of noise and disturbance, or on the local highways network. As such, it is recommended that Condition 13 is varied.
