People Overview & Scrutiny

Agenda Item 49 (b)

Subject: Public Questions

Date of Meeting: 17th March 2026

A period of not more than thirty minutes shall be allowed at each ordinary meeting for questions submitted by a member of the public.

The following written questions have been received from members of the public:

1) Daniel Harris

Your trajectory bundles 'Council owned and other non General Fund temporary accommodation' together, forecasting a rise from 959 to 1,280 units. Why are these not separated to show the true picture of council stock? Non GF TA is Housing Revenue Account stock – including the LPS tower blocks now actively used as temporary accommodation and approved for demolition. When those 8 towers with 554 flats are demolished, hundreds of council TA homes will disappear overnight – where is that massive loss shown in your model?
