4. COMMENTARY ON THE LICENSING POLICY

4.1 The following extracts from Brighton & Hove City Council Statement of Licensing Policy are considered relevant to this application and **are numbered as they appear in the policy**:

1 Introduction

1.1 This Statement of Licensing Policy has been prepared in accordance with the provisions of the Licensing Act 2003 (the Act) and having regard to Guidance issued by the Home Office under Section 182 of the act. This policy takes effect from the 4th February 2021. The licensing authority is Brighton & Hove City Council. The purpose of this statement is to promote the licensing objectives and set out a general approach to making licensing decisions. The discretion of the licensing authority in relation to applications under the act is only engaged if 'relevant representations' are made by other persons or responsible authorities. This policy will inform the approach to be taken when deciding applications and imposing conditions when relevant representations are received. It is also intended as a guide for applicants as to what to include in their operating schedules, always recognising that if no representations are received, the application must be granted.

The licensing authority must carry out its functions with a view to promoting the licensing objectives and this policy is framed around those objectives. Each application will be given individual consideration on its merit. The scope of this policy covers the following:

- Retail sales of alcohol.
- The supply of alcohol by or on behalf of a club, or to the order of, a member of the club.
- The provision of regulated entertainment.
- The provision of late-night refreshment.

1.2 The licensing objectives are:

- (a) the prevention of crime and disorder.
- (b) public safety.
- (c) the prevention of public nuisance; and
- (d) the protection of children from harm.

1.3 Scope

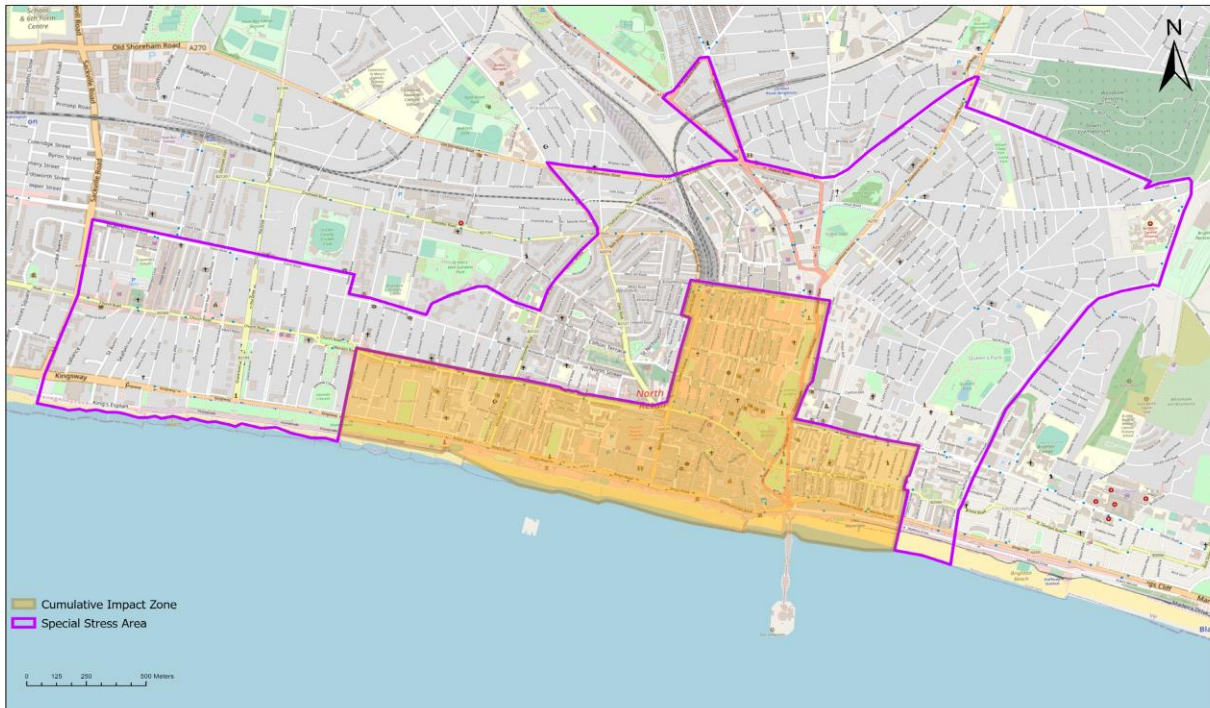

1.3.1 Licensing is about regulating licensable activities on licensed premises, by qualifying clubs and at temporary events. Any conditions attached to various authorisations will be focused on matters which are within the control of individual licensees and others with relevant authorisations, i.e., the premises and its vicinity. Each application will be given individual consideration on its merit. Nothing in this policy shall undermine the right of any individual to apply under the terms of the act for a variety of permissions and to have any such application considered on its individual merits. Similarly, nothing in this policy shall override the right of any person to make representations on an application or seek a review of a licence or certificate where provision has been made for them to do so in the act.

3 Special Policies and Initiatives

3.2 Special Stress Area

3.2.1 The map below details the area of the city centre which borders the Cumulative Impact zone at 3.1.3 and which is deemed an area of special concern in terms of the levels of crime and disorder and public nuisance experienced within it. The area recommended for further monitoring and detailed guidance within the Special Policy comprise the following as pictured below delineated in purple:

3.2.2 This Special Stress Area (SSA) is of concern to the licensing authority because of the relatively high levels of crime and disorder and nuisance experienced within it. The area will be kept under review.

3.2.3 New and varied applications for premises and club premises certificates within the SSA will not be subject to the presumption of refusal, but operators will be expected to pay special attention when drawing up their operating schedules and to make positive proposals to ensure that their operation will not add to the problems faced in these areas. Appendix A of the SoLP sets out a list of potential measures the licensing authority considers may be appropriate. These may be more or less appropriate depending upon the style of operation applied for.

3.2.4 On receipt of any application in the SSA, where a relevant representation has been made, the licensing authority will scrutinise the application carefully and will look at the measures proposed in the operating schedules and compare them to the measures set out in Appendix A, Licensing Best Practice Measures. Where discretion has been engaged, those applications which fall short may be refused or conditions applied to comply with policy measures.

3.2.5 The Licensing Authority will keep the Cumulative Impact Zone and Special Stress Area under review. Should the authority find that problems of crime and disorder or nuisance are not improving, or are worsening, the Special Policy will be reviewed.

3.3 The Matrix Approach

The Licensing Authority will support:

3.3.1 Diversity of premises: ensures that there is a mix of the different types of licensed premises and attracts a more diverse range of customers from different age groups, different communities and with different attitudes to alcohol consumption. It gives potential for positively changing the ambience of the city or an area of it. This will have a positive effect in reducing people's fear of crime and in increasing the number of evening visitors to the city centre. The Community Safety Strategy recognises that too many single uses in a confined area and patrons turning out onto the streets at the same time may create opportunities for violent crime and public disorder and therefore supports mixed use venues encouraging a wider age balance.

3.3.2 A "matrix" approach to licensing decisions has been adopted and is set out below. It provides a framework of what the licensing authority would like to see within its area and gives an indication of the likelihood of success or otherwise to investor and businesses making applications.

Matrix approach for licensing decisions in a Statement of Licensing Policy (times relates to licensable activities)

	Cumulative Impact Area	Special Stress Area	Other Areas
Restaurant	Yes (midnight)	Yes (midnight)	Yes (midnight)
Café	Yes (10 pm)	Yes (10 pm)	Yes (10 pm)
Late Night Takeaways	No	Yes (midnight)	Yes (midnight)
Night Club	No	No	No
Pub	No	Yes (11pm)	Yes (midnight)
Non-alcohol lead (e.g. Theatre)	Yes (favourable)	Yes (favourable)	Yes (favourable)
Off-licence	No	No	Yes (Up to 11pm but if in densely residential area may be earlier – see note 7 below)
Members Club (club premises certificate)	Yes (<100 capacity) (11pm)	Yes (<100 capacity) (11pm)	Yes

Notes on matrix

Subject to the following notes, the policy, as represented in the matrix, will be strictly adhered to:

- 1) Each application will be considered on individual merit
- 2) Applications within the CIZ are subject to the special policy on cumulative impact at para 3.1, and those within the special stress area to the special stress policy considerations at para 3.2.
- 3) Departure from the matrix policy is expected only in exceptional circumstances
- 4) Exceptional circumstances will not include quality of management or size of venue except where explicitly stated in policy matrix.
- 5) Exceptional circumstances may include: consultation with and meeting requirements of responsible authorities, an appropriate corporate social responsibility policy, community contribution to offset impact (such as financial contribution to infrastructure), community support, alcohol sale ancillary to business activity (demonstrable to responsible authorities and licensing authority, for instance

by licence condition allowing authorised officers access to sales accounts).

6) The following licensing activities are encouraged and valued by the licensing authority: outdoor regulated entertainment, community-based street parties, members clubs, traditional pubs outside the city centre and non-alcohol led licensable activities, particularly within city centre.

7) Other Areas; consideration will be given to the nature of the area and location in relation to any application. In a residential area for example the concerns of local residents will be relevant when considering applications for off-licences, pubs or cafes, especially if there is evidence of anti-social behaviour, street drinking or underage drinking. Earlier closing times may be appropriate. Regard will be had to the Public Health Framework for assessing alcohol licensing on our website www.brighton-hove.gov.uk/licensingact.

8) In an area where there are already several existing off-licences or where the premises is situated within a parade with another off licence and where representations are received about negative cumulative impact on the licensing objectives of a further premises, the application may be refused on these grounds or restrictions placed on the terminal hour to reflect opening hours of other shops.

9) Outdoor events will be supported where arranged through the council's event planning process. Generally, regulated entertainment in the open-air including tents and marquees should have a maximum closure hour of 2300. Earlier hours may be imposed in sensitive open spaces or near residential areas. The licensing authority will have regard to Noise Council guidance.

10) Non-alcohol led category does not include "alcohol in shared workplaces". It is recommended that sale of alcohol in shared workspaces should have a terminal hour of no later than 10pm. For further advice and guidance on "alcohol in shared workplaces" please see paragraph 3.3.4-3.3.6.

3.5 Off licences

In recent years there has been a noticeable shift towards more people buying alcohol from shops and drinking at home prior to going into premises such as pubs and clubs. The council is concerned that alcohol loading from off-licence sales is a significant problem in the city and adversely affects the licensing objectives as it gives rise to problems of drunkenness, disorderly behaviour and a higher risk of alcohol sales to children. Representations from the police, local residents and the director of public health at licensing panel hearings have testified to these problems and Information published in the Public Health Framework for assessing alcohol licensing presents a ward by ward analysis of crime and disorder and health data which is relevant in this respect.

3.5.1 The special policy on cumulative impact and the special stress areas apply to off licences as explained in the matrix approach at 3.3. But in general, where applications are made for new premises or variations to existing licences, and where the police or others make representations against the grant of a further licence for off sales, the council will give specific consideration to restricting the number, type, and the hours of premises selling alcohol exclusively for consumption off the premises. Decisions will be grounded in the Public Health Framework for

assessing alcohol licensing. The council will want to be assured that the operating schedule of premises, and their overall management, training and levels of staffing, are appropriate to ensure that the licensing objectives are promoted in what may be challenging circumstances. Retail outlets and stores where the provision of fresh produce is the principal product sold may be considered more favourably.

3.5.2 The Licensing Authority encourage off licences to join the Council led “Sensible on Strength” scheme to reduce the availability of cheap super strength beers and ciders. Off licences voluntarily sign up not to sell cheap super-strength beers and ciders over 6% ABV and operate good practice measures (see 3.5.3) for which they receive an accreditation as a responsible retailer.

3.5.3 Areas of best practice that may be included in an Operating Schedule include

- the installation of a digital CCTV system by liaison with, and to a standard approved by Sussex Police
- Challenge 25 policy
- Refusals system
- Documented staff training including underage sales, drunkenness and proxy sales
- Voluntary restriction of high strength alcohol - operating schedules may be used to limit high ABV beers and ciders
- BCRP membership (or other accredited scheme)
- No sale of single cans
- Displays should not be located at the entrance/exit points or near checks out

3.5.4 The Licensing Authority and Sussex Police have specific concerns around the delivery of alcohol off the premises due to issues around the end location of delivery, age verification checks (Challenge 25), the increased possibility of the alcohol coming into the CIZ and SSA from other areas, as well as the personal safety of drivers when having to refuse a delivery at the end destination.

3.5.5 Alcohol delivery poses a unique set of challenges as it often transfers the final age verification to a person who has no responsibility in relation to the Premises Licence which authorised the sale of alcohol. A premises licence holder needs to be satisfied that their drivers or the delivery drivers of the third party company they chose to use, have received regular and comprehensive training in age verification and identifying persons who have consumed too much alcohol.

3.5.6 Evidence has shown that customers have previously used landmarks/businesses not related to them as addresses for delivery so that alcohol could be consumed in open spaces/parks. The risk being that this may lead to increased crime and disorder including anti-social behaviour and criminal damage, as well as the possibility that underage persons can gain access to alcohol. Concerns have also been raised about the delivery of alcohol to known street drinking hotspots. Therefore, a condition requiring all deliveries to be to a verifiable residential or business address and a face to face ID verification is vital in mitigating some of this risk.

3.5.7 While the Licensing Authority and Sussex Police recognise this is a growing area of business, new or variation applications to include the delivery of alcohol off the premises will be subject to increased scrutiny. Suggested conditions for the

provision of an alcohol delivery service can be found at Appendix A. These are not exhaustive and each application will be considered on its own merits.

3.6 Street drinking

3.6.1 The Licensing Authority will have regard to areas highlighted by Sussex Police that are at risk from alcohol related anti-social behaviour. The nature of these areas can be fluid/seasonal and so updated maps and data will be produced regularly to ensure the information is current. These hot spot areas are considered high risk for street drinkers and the Licensing Authority will have regard to prevention of crime and disorder by virtue of street drinking and anti-social behaviour when considering applications in this area.

4 Prevention of Crime and Disorder

The following details and measures are intended to address the need for the prevention of crime and disorder which may be associated with licensed premises and certificated club premises. Conditions attached to licences and certificates will, as far as possible, reflect local crime reduction strategies.

- 4.1.1 The licensing authority acknowledges that training and good management play a key part in preventing alcohol and drug related crime. The authority expects that all licensees of on-licensed premises attend training programmes which will raise their awareness of the issues relating to drugs and violence in licensed premises, and that suitable training be extended to all bar staff and door supervisors so that drug dealers and users will be deterred from using licensed premises for illegal purposes and that incidents of violence in licensed premises will be reduced. Licensees are also encouraged to attend training programmes to help identify children at risk and issues of basic child protection. It is the duty of the designated premises supervisor (DPS) to train staff on induction concerning conditions on their premises licence.
- 4.1.2 It is expected that the DPS will spend a significant amount of time on the premises. When not on the premises it will be essential that the DPS is contactable, particularly should problems arise with the premises and that staff are authorised by the DPS.
- 4.1.3 The location of violent attacks, anti-social behaviour and hate crime or related incidents may be used to justify closing times.
- 4.1.4 Measures put in place should support the intentions of Operation Marble (police operational order), which aims to prevent incidents of crime and disorder within the night-time economy, at weekends. Operation Marble operates with a view to minimising the risk to the public of being a victim of public place violent crime; to reduce incidents of violent crime and public disorder within the city centre; to deal positively with offences and offenders; to secure and preserve evidence which will assist in the prosecution of offenders and to support the night-time economy and the responsibly run businesses within it.

4.2 Sussex Police

4.2.1 Sussex Police have a specific Operation relating to the night-time economy called Operation Marble (detailed in 3.4.1) and work closely with partners to ensure a safe and vibrant city centre. There continues to be an increasing demand for resources further into the early hours of the morning with the highest concentration of crimes occurring between 21:00 and 06:00 on a Friday into a Saturday and between 20:00 and 06:00 on a Saturday night into a Sunday. The data set used shows that up to 80% of arrests made in the timeframe 20:00 – 06:00 on these days were affected by alcohol. For full details of these statistics see the Cumulative Impact Assessment at Appendix E.

4.2.2 The dealing and use of drugs remains an issue across the city and Sussex Police welcome proactive policies from licensed premises. A drug safe and seizure recording initiative is in place of which further details can be obtained by contacting Brighton & Hove Police Licensing (brighton.licensing@sussex.pnn.police.uk). This initiative encourages licensed premises with Door Supervisors to search and seize drugs from persons attempting to enter their premises and ensures that once drugs are removed from persons, they can be safely collected and destroyed by Sussex Police.

4.2.3 Dispersal from the city centre during the late evening and early morning remains a policing challenge. Over recent years, there has been a proliferation of off-licences and late-night refreshment venues along the city's arterial routes. This has led to incident 'hot spots' where patrons from the night-time economy continue to interact, albeit away from any safety measures afforded by on-licences. As such, Sussex Police support the Council's Special Policy in offering guidance to both applicants and the Licensing Committee in relation to off-licences and late-night refreshment licences.

4.2.4 Sussex Police have continuing concerns that, despite staff training in age-restricted sales, underage individuals are still being served alcohol both on and off the premises in some of the city's licensed premises. As such, regular intelligence-led 'test-purchase' operations are conducted to highlight premises where sales are taking place and ensure appropriate enforcement action is taken to prevent further sales. The introduction of identification scanning machines at premises throughout the city has proved successful in mitigating some risk, but operators must maintain vigilance regarding the fraudulent use of genuine IDs. Sussex Police continue to work alongside the Business Crime Reduction Partnership to tackle the problem of those who use false or another's identification to enter licensed premises and purchase alcohol.

4.2.5 Sussex Police work closely with venues and other organisations within the city to protect vulnerable people from becoming victims of crime. As well as work to prevent underage sales, vulnerability training is offered to identify persons who may have been made vulnerable through alcohol or drugs. Sussex Police also support initiatives such as (but not limited to) safe spaces, mobile teams of volunteers actively checking people's well-being and the Beach Patrol.

4.2.6 Public Space Protection Orders have proved an effective tool for Sussex Police in targeting enforcement action in problem areas of the city. It 'allows Police Officers and Police Community Support Officers to remove alcohol from any person in a public place if that person is involved in anti-social behaviour (ASB) or the officer believes that by having alcohol in their possession there is an increased risk of ASB. It is an offence to refuse to hand over alcohol when required to do so.' They have been particularly effective in the daytime economy where members of the street community are causing ASB issues for members of the public and local businesses, especially during the summer months where there is a large influx of visitors to Brighton & Hove.

4.2.7 Policing the night-time economy continues to provide a challenge and in the climate of limited resources and newly emerging problems, Sussex Police support maintaining the council's Special Policy which defines cumulative impact and special stress and will continue to take enforcement action where appropriate if the actions of a Premises Licence Holder, Designated Premises Supervisor, Door Supervisors or Staff have fallen below the high standard expected across the city. Sussex Police also recognise and support businesses which are aware of their social responsibilities and as such, actively contribute towards keeping Brighton & Hove a safe and enjoyable city.

4.3 Care, control and supervision of premises

4.3.1 The Licensing authority supports the Business Crime Reduction Partnership and other approved schemes. Where appropriate, premises licence holders should be members of the BCRP for the deterrence to violent crime that such membership provides. The BCRP NightSafe radio scheme is normally expected as an operational requirement for city centre bars, clubs and pubs and is an example of good practice in achieving the aim of reducing crime and disorder and improving public safety. Well managed pub-watch schemes provide information exchange between the premises licence holders and responsible authorities that reduce and deter violent crime and disorder. The council will support a responsible licensing scheme.

4.3.2 The effective management and supervision of a venue is a key factor in reducing crime and disorder, both within it and outside. The police will consider the applicants, objecting to the application where appropriate. The police may suggest crime prevention measures in relation to, for example, the internal layout of the premises, closed-circuit television, help points, lighting and security staff. The police may ask for conditions which support such measures to be imposed when licensing applications are granted, e.g., type of licence, capacity, operating hours restrictions.

4.3.3 Following the grant of a licence, the management and supervision of the premises, in so far as it might impact on crime and disorder, will continue to be monitored. Particular attention will be paid to any licensed premises where there is evidence of criminal activity or any association with racist or homophobic crime. The licensing authority will keep itself well briefed on the nature, location and type of premises where alcohol related violence and disorder are occurring so it can take full account of the facts and avoid exacerbating problems as required by the Community Safety Strategy. Where licensed premises are found to cause nuisance or be associated with disorder or unreasonable disturbance, the review process may be

invoked, and powers of revocation or the imposition of conditions may be considered. Conditions may include use of closed-circuit television, licensed door supervisors and earlier closing times. Such action to restrict the operation may be taken for trial periods to allow businesses an opportunity to remedy existing disorder, nuisance or disturbance.

4.3.4 This policy recognises the use of registered Door Supervisors All Door Supervisors will be licensed by the Security Industry Authority. Mobile security units and similar systems are in use by some premises operators as a means of providing security cover at very short notice at premises which may not normally require a permanent security presence. This policy endorses the use of units following such guidance and standards in appropriate circumstances.

4.3.5 The development of codes of practice and general operating standards for security companies is encouraged for local businesses; premises operators are urged to ensure that security services, when engaged, are provided by suitably qualified businesses operating to recognised standards and who should be working towards SIA accreditation.

4.3.6 Enforcement will be achieved by the enforcement policy appended (Appendix B).

6 Prevention of Public Nuisance

The following details and measures are intended to address the need for the prevention of public nuisance which may be associated with licensed premises and certificated club premises:

6.1.1 In determining applications for new and varied licences, regard will be had to the location of premises, the type and construction of the building and the likelihood of nuisance and disturbance to the amenity of nearby residents by reason of noise from within the premises, as a result of people entering or leaving the premises or from individuals or groups of customers gathered outside (e.g. in order to smoke).

6.1.2 Applications for new licences or for the extension in size of licensed premises should not normally be granted if the premises will use amplified or live music and operate within or abutting premises containing residential accommodation except that occupied by staff of the licensed premises. A condition may be imposed on new licences that entertainment noise shall be inaudible in any residence. Noise emanating from within licensed premises should not normally be audible outside.

6.1.5 In determining applications for new licences or extensions in hours or terminal hours of licensed premises, regard will be had to late night public transport availability and location of taxi ranks to aid dispersal of customers.

6.1.6 Reasonable controls are available to all premises operators to minimise the impact of noise from customers outside. The council's Environmental Health Department has issued guidance on a number of steps that can be taken in this respect which are endorsed by this policy (see 6.2 below).

6.2.2 Licensed premises should normally display prominent, legible signs at exits reminding customers to leave in a quiet, peaceful, orderly manner.

7 Protection of Children from Harm

The following details and measures are intended to address the need for the protection of children from harm; this includes emotional and physical harm which may be associated with licensed premises and certificated club premises (for example the exposure too early to strong language and sexual expletives, eg in the context of film exhibitions or where adult entertainment is provided). It is intended that the admission of children to premises holding a premises licence or club premises certificate should normally be freely allowed without restricting conditions (unless the 2003 Act itself imposes such conditions or there are good reasons to restrict entry or to exclude children completely).

7.1.1 Licensees should note the concern of the authority that drink related disorder frequently involves under 18's. To prevent illegal purchases of alcohol by such persons, all licensees should work with a suitable 'proof of age' scheme and ensure that appropriate identification is requested prior to entry and when requesting alcohol, where appropriate. Appropriate forms of identification are currently considered to be those recommended by police, trading standards officers and their partners in the Licensing Strategy Group (eg passport, photo driving licence or pass card).

7.1.2 It is the licensing authority's expectation that all staff responsible for the sale of intoxicating liquor receive information and advice on the licensing laws relating to children and young persons in licensed premises. Licensed premises staff are required to take reasonable steps to prevent under age sales. The licensing authority will not seek to limit the access of children to any premises unless it is necessary for the prevention of emotional or psychological harm to them. Each application will be considered on its own merit but particular areas that will give rise to concern in respect of children are to be found in section 7.1.4 below.

7.1.3 To reduce alcohol-induced problematic behaviour by under 18 year olds, to enforce underage purchase and drinking laws and to assist in the protection of children from harm, the licensing authority supports the following measures:-

- a) Police should exercise powers (Confiscation of Alcohol (Young Persons) Act 1997) to remove alcohol from young people on the street
- b) Police and trading standards should implement test purchasing to reduce sales to under 18s in on and off sales licensed premises
- c) Further take-up of proof of age schemes will be promoted
- d) In-house, mystery shopper type schemes operated by local businesses will be supported
- e) Providers of events specifically catering for unaccompanied children should consider whether all staff at such events need to be DBS checked

7.1.4 The licensing authority will not seek to require that access to any premises is given to children at all times – under normal circumstances this will be left to the discretion of the licensee. The following areas give rise to concern in respect of children, who will normally be excluded from premises:

- where there have been convictions for serving alcohol to minors or with a reputation for underage drinking.
- with a known association with drug taking or dealing.
- where there is a strong element of gambling on the premises.
- where entertainment of an adult or sexual nature is commonly provided.
- where premises are used primarily or exclusively for the sale and consumption of alcohol and there is little or no seating for patrons.

Options may include:

- limitations on the hours when children may be present.
- age limitations (below 18).
- limitations or exclusions when certain activities are taking place.
- requirements for an accompanying adult.
- full exclusion of people under 18.

7.1.7 Trading standards and the police undertake ongoing enforcement operations around under-age sales and test purchasing. Sussex Police and BCRP undertake work concerning proxy purchases and counterfeit ID as part of the partnership support work with Community Safety and Trading Standards.

7.1.8 Trading standards have a programme of business support including training for local businesses to avoid under-age sales.

8 Integration of Strategies

8.1.1 The licensing authority shall secure the proper integration of this policy with local crime prevention, planning policy, transport, tourism and cultural strategies by:-

- Liaising and consulting with the Sussex Police, Community Safety Forum, Sustainability Commission representatives and following the guidance in community safety and crime and disorder strategy
- Liaising and consulting with Public and Alcohol Programme Board
- Liaising and consulting with the East Sussex Fire & Rescue Service
- Liaising and consulting with the Local Strategic Partnership, Safety Advisory Group (Emergency Planning) and Equalities and Social Justice Consultation Forum
- Liaising and consulting with the Planning authority
- Liaising and consulting with the Highways authority
- Liaising and consulting with local business and business associations. Having regard to any future documents issued relating to the Private Security Industry Act 2001, for example liaison or information sharing protocols
- Liaising and consulting with the Trading Standards Team, for example with regard to test purchasing codes of practice

8.1.2 In line with statutory requirements and the council's Inclusion Policy, the Licensing Authority shall have due regard to the need to eliminate unlawful discrimination, and

to promote equality of opportunity and positive relations between persons of diverse backgrounds, for example communities of interest such as: lesbian, gay, bisexual and transgender people; disabled people; racial and ethnic groups; religious and faith groups.

8.1.3 This policy supports the aims of the tourism strategy, recognising the benefits for the tourism economy of creating a safer and more attractive city centre and improving competitiveness with other European cities. The Licensing Committee should receive any reports relevant to the needs of the local tourist economy and the cultural strategy for the area to ensure that it considers these matters.

8.1.4 The Licensing Committee should receive relevant information relating to the employment situation of the area and the need for new investment and employment where appropriate.

8.1.5 Specific conditions may be attached to premises licences to reflect local crime prevention strategies. Such conditions may include the use of closed circuit television cameras, use of the NightSafe radio system or accredited scheme, the provision and use of shatterproof drinking receptacles, drugs and weapons search policy, the use of registered door supervisors, specialised lighting requirements, hours of opening. Certificates issued to club premises shall reflect local crime prevention strategies and may include any or all of the requirements listed above.

8.1.6 The licensing authority will have regard to the need to disperse people quickly and safely from the city centre to avoid concentrations which may produce disorder and disturbance.

APPENDIX A – Licensing Best Practice Measures

Best Practice Measures to be included for consideration, in particular in SSA:
Matters that would normally be expected in operating schedules:

- the adoption of a policy (e.g. Challenge 25) with acceptable proof of ID as per existing Statement of Licensing Policy
- all off sales to be made in sealed containers for consumption away from the premises
- a smoking policy which includes an assessment of noise and litter created by premises users
- the use of plastic or polycarbonate drinking vessels and containers, especially in outside areas or after specified hours
- a policy in relation to searching customers and for drugs, weapons, seized or lost and found property
- use of a refusals book for registering attempts to buy alcohol by under-age persons or refusals to those intoxicated
- the installation of a digital CCTV system by liaison with, and to a standard approved by, Sussex Police
- policies for dispersal of customers which may include signage regarding taxi services' telephone numbers and advice to respect neighbours and minimize noise

Items to which positive consideration would be given:

- membership of Business Crime Reduction Partnership, Pubwatch, Neighbourhood Watch or similar schemes

- use of 'Night Safe' radio system or similar accredited scheme
- regular training and reminders for staff in respect of licensing legislation, policies and procedures; records of which should be properly recorded and available for inspection
- records of regular checks of all parts of the premises in relation to drug use
- systems in place to ensure details of barred clients are exchanged with other operators
- giving an agreed minimum notice of special events (screening of major sports events, birthday parties, adult entertainment, etc.) to relevant authorities and use of appropriate additional measures at such events

Recommend best practice for both on and off premises

- Staff must be aware of the risk of the problem of proxy sales and offer assistance to responsible authorities to deter offences
- Signage on premises should set out legal duties
- Voluntary restriction of high strength alcohol – operating schedules may be used to limit high ABV beers and ciders
- Staff training – in addition to personal licence holders training, staff must be adequately trained for duties
- Challenge 25 would be the norm, particularly in the off licence trade
- Signage – proxy sale – deterrence

5. FINANCIAL & OTHER IMPLICATIONS:

Financial Implications:

- 5.1 The licensing Act 2003 provides for fees to be payable to the licensing authority in respect of the discharge of their functions. The fee levels are set centrally at a level to allow licensing authorities to fully recover the costs of administration, inspection and enforcement of the regime.

Finance Officer Consulted Michael Bentley

Date 09/05/23

Legal Implications:

- 5.2 The licensing authority must act to promote the four licensing objectives which are:
- The prevention of crime and disorder
 - Public safety
 - The prevention of public nuisance
 - The protection of children from harm

The licensing authority must have regard to its statement of licensing policy and the guidance issued by the Secretary of State in carrying out its functions.

Lawyer Consulted: Rebecca Sidell

Date: 05/05/23

Equalities Implications:

- 5.3 Diversity is valued and strong, safe communities are vital to future prosperity. Licensing policy aims to protect children from harm including sale and supply of alcohol to children.

Sustainability Implications:

- 5.4 Licensing policy aims to prevent public nuisance and develop culture of live music, dancing and theatre.

M

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b, c, d and e) (please read guidance note 10)

Special Stress Area Considerations:

The applicant acknowledges that this application for a new premises licence is within the special stress area, however, the applicant currently operates the premises as a Late Night Refreshment premises during the hours requested in this application.

Whilst this application should rightly be dealt with in isolation, the current operational hours evidence that the applicant has knowledge of the NTE within the area and the challenges it faces as well as how to effectively manage them. The applicant also recognises that there is a demand within the NTE for a convenience store which serves that demand, not necessarily from patrons but those that work within that economy.

The applicant also wishes for the business to be an asset and a viable concern in the daytime economy, the premises will stock fresh and frozen produce and the sale of alcohol will be ancillary to that purpose throughout the trading hours. The applicant offers a condition that no more than 15% of the floor space be dedicated to alcohol.

The applicant has a working knowledge of the area and considers that there will be no impact on the licensing objectives or cumulative impact. The premises operation will transform into a convenience store, this will be the primary use and should this licence be granted then the plans will reflect that change of use and Late Night Refreshment will no longer be carried out.

The applicant has considered conditions which will reduce the risk of the licensing objectives being undermined, these include limitations on the strength of alcohol sold, security measures to mitigate risk and training of all staff.

b) The prevention of crime and disorder

Two members of staff shall be on duty at the premises from 23:00 to 05:00.

The premises shall be an active member of any local business crime reduction partnership including any linked radio scheme.

The premises shall contract an SIA approved call-out security firm during the hours of 23:00-05:00.

No beers, lagers or ciders above 5.5% ABV shall be sold at the premises.

No more than 15% of floor space of the premises shall be dedicated to the sale of alcohol and no alcohol shall be stacked on the floor.

No spirit miniatures (below 700ml) shall be sold at the premises.

The external areas of the premises shall be covered by CCTV.

All spirits shall be stored behind the sales counter.

All alcohol shall be stored where the counter staff have a clear unobstructed view to minimise the risk of shoplifting.

All staff responsible for selling alcohol shall receive regular training in the Licensing Act 2003 in terms of the licensing objectives, offences committed under the Act and conditions of the Premises Licence. Written records of staff training in the Licensing Act 2003 shall be retained and made available to police and authorised officers of the Licensing Authority on request. Staff shall receive refresher training in the Licensing Act 2003 at intervals of no more than 6 months. Signed and dated records shall be kept of all staff training and such records kept available for inspection at the premises for a period of at least one calendar year from the last date of entry.

There shall be CCTV in operation at the premises and;

- a) a member of staff who has been nominated in writing and who is conversant with the operation of the CCTV system shall be on the premises at all times when the premises are open to the public.
- b) if the premises are not open, and subject to the tests set out by virtue of the Data Protection Act, within 24 hours of a request for access to the CCTV system from either the police or licensing authority, this staff member must be able to show a Police, HMRC or authorised council officer recent data or footage with the absolute minimum of delay when requested.
- c) CCTV shall record continuously and be retained for not less than 31 days.

- (e) any faults in the CCTV repaired within 24hrs
- (f) any refusal of the sale of alcohol
- (g) any visit by a relevant authority or emergency service.
- (h) any lost property found or handed to staff at the premises.
- (i) any other relevant incidents to be recorded.

d) The prevention of public nuisance

The external areas shall be cleared of rubbish at regular intervals by staff who shall have a clear unobstructed view through the front window to monitor congregation and the premises shall also provide refuse bins.

e) The protection of children from harm

A "Challenge 25" age verification policy shall be operated at the Premises during the permitted hours for the sale of alcohol and staff shall be trained in respect of the policy. Staff shall ask for proof of age from anyone they suspect of being less than 25 years of age. The only acceptable forms of identification shall be a photo style driving licence, a passport, a photo identification card bearing the PASS logo in a hologram format, military ID or recognised national photographic identity cards from member countries of the European Union.

Posters shall be displayed in prominent positions around the premises advising customers of the Challenge 25 policy in force at the premises.

A record shall be maintained recording every occasion when the sale of alcohol has been refused. The record shall;

- a) give the date and time of the occasion; a brief description of the customer and the name of the member of staff who refused to sell the alcohol.

DL CON ENDS 12.04.2023 VALID PPN & PCD (C)

Dear Ms Lynsdale,

Re: Licensing Act 2003 - Representation regarding the application for a New Premises Licence for: Harvest, 22 Church Road, Hove, BN3 2FN Reference: 2023/00937/LAPREN

I refer to the application made by LMJ Church Rd Ltd, for a new Premises Licence to be granted for the above premises. The Licensing Team, in its role as a Responsible Authority, has concerns about this application and therefore I am submitting this representation on the grounds of the Prevention of Crime & Disorder, the Prevention of Public Nuisance and to uphold our Statement of Licensing Policy (SoLP).

The applicant has applied for a Premises Licence for opening hours and alcohol for consumption off the premises every day from 08:00 to 05:00. The premises is described on the application form as a convenience store. The application also states that an existing Premises Licence for the same premises which currently allows Late Night Refreshment from 23:00 to 05:00 will be surrendered if this application is granted.

This representation is submitted as there are concerns that the application does not meet the requirements of the Council's SoLP, with regard to applications made within the Special Stress Area of the city. The Special Stress Area is of concern to the Licensing Authority because of the relatively high levels of crime and disorder and nuisance experienced within it and we believe that the granting of this application could lead to increased associated issues with regard to crime & disorder and public nuisance in the nearby surrounding area.

The Council's SoLP includes a Matrix Model approach for licensing decisions which recognises the diverse operation and different risks presented by different classes of licensed premises. It provides a vision of what the licensing authority would like to see within its area and gives an indication of likelihood of success or otherwise to investors and local businesses making applications.

The Matrix Model, on page 18 of the Council's SoLP, states that in the Special Stress Area, there should be no new off-licence Premises Licence applications granted. The policy does state that each application is still considered on its

individual merit and there is discretion to depart from the policy where justified. However, departure from the Matrix Model is only expected in exceptional circumstances.

The premises is in the Special Stress Area and is located in the electoral ward of Central Hove, which according to our “Public Health Framework for Assessing Alcohol Licensing” is ranked the 5th worst out of 21 wards under Crime and Disorder data for police recorded alcohol related incidents. On the Health data Central Hove ward also ranks the 8th worst for alcohol suspected ambulance call outs and A&E attendances with a record of alcohol.

We maintain that the Matrix Model states that no new off-licence applications should be granted in the Special Stress Area and therefore invite a Sub-Committee Panel to decide the outcome of this application on behalf of the Licensing Authority and whether the applicant has demonstrated whether there are exceptional circumstances to depart from our policy.

Yours sincerely

Dear EHL

Please record a strong objection to the proposed licence application for the premises at 22 Church Road Hove.

The prospect of off-sales from 0800 – 0500 is entirely inappropriate for an area adjacent to many residential properties. We already have Londis and Budgens selling alcohol!

Selling alcohol throughout the day and night will lead to nuisance, noise, and increased foot and car traffic in the surrounding area.

It's likely that in summer the off-sales will be consumed on garden walls and in the local streets. It's already noisy when people come out of the bars.

Hi

Today for the first time I have seen this notice. I do not believe it has been there for the required time. It refers to the premises 'known as harvest' The premises are not known as this.

The request to see alcohol until 0500 is crazy and should be denied. It will lead to crime, violence and mess in the street as well as nuisance.

Also the email address displayed for objections is incorrect which must surely invalidate this Application

If you do not receive many objections this is probably because very few people have had the chance to see the application notice.
