FIRE / EMERGENCY EVACUATION PROCEDURE

If the fire alarm sounds continuously, or if you are instructed to do so, you must leave the building by the nearest available exit. You will be directed to the nearest exit by council staff. It is vital that you follow their instructions:

- You should proceed calmly; do not run and do not use the lifts;
- Do not stop to collect personal belongings;
- Once you are outside, please do not wait immediately next to the building, but move some distance away and await further instructions; and
- Do not re-enter the building until told that it is safe to do so.

Date of Publication – Tuesday 24 February 2026

**We warmly invite you to the East Housing Area Panel (& surgery)
Please find the papers enclosed to read in advance.**

BRIGHTON & HOVE CITY COUNCIL

HOUSING MANAGEMENT PANEL: EAST AREA

6.00pm 19 NOVEMBER 2025

**ROBERT LODGE COMMUNITY ROOMS, 35 - 70 MANOR PLACE, BRIGHTON, BN2
5FG**

MINUTES

Councillors: Williams (Chair) and McGregor.

Residents: Chris El Shabba, Dee Simpson, Janet Gearing, Ben D'Montigny, Val Steadman and Leah Webb

Officers: Chloe McLaughlin, Mikila Beck, Sam Nolan, Harry Wiliam, Tom Trigwell, Justine Harris, Francis Mitchell, Shah Rahman, Martin Reid.

Press: Sarah Booker-Lewis

1 WELCOME, INTRODUCTIONS & APOLOGIES

1.1 There were no apologies.

2 MINUTES & ACTIONS OF THE PREVIOUS MEETING

2.1 The minutes of the previous meeting were agreed as correct record.

3 DAMP & MOULD FOR RESIDENT AWARENESS & FEEDBACK

3.1 Mikila Beck delivered the report for this item and invited residents and tenants to provide feedback on the updated policy.

3.2 Janet Gearing stated that awareness leaflets had been delivered to residents.

3.3 Dee Simson was informed that literature, as well as fridge magnets containing Council contact, information was being made available to residents.

3.4 Mikila Beck invited residents to contact the Council regarding recurring issues of mould and damp.

3.5 Dee Simson stated that tumble dryers were able to prevent the spread of damp and mould.

3.6 Janet Gearing was informed that ~380 reports of damp and mould had been received by the Council since 27 October 2025.

3.7 Chris El-Shabba suggested residents leave windows open to create ventilation, particularly when clothes are drying or there is steam in the air, in order to

prevent damp and mould reoccurring.

3.8 Cllr McGregor was informed of the process for damp and mould elimination.

4 ESTATE INSPECTION UPDATE/NEIGHBOURHOOD OFFICERS

4.1 Justine Harris delivered the report for this item, stating that estate inspections had been resumed.

4.2 Justine Harris stated that there were 8 uniformed neighbourhood officers in total, with two for each area of the city.

4.3 Chris El-Shabba was informed that the officers for the East Area were called Nick and Mark.

4.4 Ben D'Montigny suggested that information posters for community rooms and communal areas be distributed and displayed informing residents of their neighbourhood officers and providing contact details.

4.5 Justine Harris stated that there were 128 inspection routes in total across the city.

4.6 Dee Simson was informed that inspection routes were decided as a result of an inspections pilot.

4.7 Justine Harris stated that the intention of estate inspections was to provide proactive support to estates.

4.8 Harry Williams stated that estate inspections and routes would be subject to review and feedback.

4.9 The Chair requested a report to the next area panel regarding estate inspections.

ACTION – Report to be brought to next meeting regarding estate inspections.

5 HOUSING PERFORMANCE REPORT QUARTER 2 2025/26

5.1 Ben D'Montigny commended the inclusion of trend-lines in the report to monitor progress. The Chair agreed.

5.2 Dee Simson stated the agenda was well laid out and accessible.

5.3 The Chair stated that ~3000 repairs were carried out each month.

5.4 Dee Simson was informed that the percentage of complaints related to repairs had decreased.

5.5 Harry Williams outlined how repairs targets were set through benchmarking with other authorities.

- 5.6 Janet Gearing was informed that some complex repairs cases that had been logged were over a year old.
- 5.7 Janet Gearing suggested contacting residents to confirm whether old repairs were still required, stating that this could assist in reducing the backlog.
- 5.8 Cllr McGregor stated that repair times were decreasing as a result of the repairs backlog being reduced.

6 LPS CONSULTATION UPDATE

- 6.1 Sam Nolan introduced this item and invited residents to contribute to the consultation.

ACTION – Sam Nolan to distribute link to consultation to residents.

- 6.2 Harry Williams stated that rent support was available to leaseholders.
- 6.3 The Chair detailed the types of flats that would be rebuilt in Whitehawk.
- 6.4 The Chair stated that no affordable housing would be built at the site of the former Gasworks in Whitehawk.

7 BREAK

8 HEALTH & SAFETY AND COMPLIANCE UPDATE

- 8.1 Martin Reid delivered the report for this item and outlined areas of compliance improvement.
- 8.2 Martin Reid stated that 65% of the Council's social housing stock were in multi-story blocks.
- 8.3 Mikila Beck outlined the support offered to tenants and residents regarding health and safety.
- 8.4 Mikila Beck stated that hard-wired fire-alarms would be provided to residents.
- 8.5 Ben D'Montigny requested an updated timeline on the waking-watch at Bristol Estate. Martin Reid stated that Bristol Estate works were currently scheduled to finish in April 2026.
- 8.6 Sam Nolan stated that gas alarms were available to residents.

ACTION – Mikila Beck to follow up with Val Steadman regarding gas detectors for residents with limited or no sense of smell.

9 CLUTTER RATING PERFORMANCE

- 9.1 Justine Harris delivered the report for this item.

- 9.2 Justine Harris outlined the risks associated with hoarding.
- 9.3 Justine Harris stated that a 'hoarding panel' multi-agency approach would be used to provide assistance to those who are hoarding.
- 9.4 Justine Harris stated that a clutter-rating is utilised during tenancy visits.
- 9.5 Justine Harris outlined the signs of hoarding.
- 9.6 Ben D'Montigny stated that there was no one size fits all approach to identify hoarders.
- 9.7 Chris El-Shabba stated that some individuals may not realise that they are hoarding.
- 9.8 Dee Simson stated the importance of following up on reports of hoarding, as well as emphasising the need for victim support to be monitored.
- 9.9 Ben D'Montigny suggested that expenses associated with bulk-item removals can encourage hoarding.
- 9.10 Chloe McCloughlin suggested future waste amnesty days.
- 9.11 The Chair supported Chloe McCloughlin's suggestion.
- 9.12 Justine Harris stated that a paper on waste amnesties would be brought to the next HAP meeting in March.

ACTION – Justine Harris to bring paper on waste amnesties to next Area Panel meeting.

10 RENTS UPDATE

- 10.1 Shar introduced the report for this item and outlined the support available to residents, as well as how progress had been made on making support more accessible to residents.
- 10.2 Shar outlined the importance of sustaining tenancies both for the Council and residents.
- 10.3 The Chair further outlined the debt support available to residents.
- 10.4 Ben D'Montigny suggested removing use of the word 'arears' from communications given to tenants behind on rent because of delayed Universal Credit payments to aid in the alleviation of stigma.
- 10.5 Leah agreed with Ben D'Montigny's suggestion.
- 10.6 Ben D'Montigny invited residents to also approach their resident associations for support.

11 RESIDENT QUESTIONS 2- & 3-STAR

11.1 This item was taken as read.

12 ANY OTHER BUSINESS

12.1 Ben D'Montigny requested an update on the flooring at Manor Gym.

ACTION – Justine Harris to follow up with Ben D'Montigny regarding flooring at Manor Gym.

12.2 The Chair provided an overview of the 'Pride of Place' scheme and associated funding.

12.3 Janet Gearing was informed that Whitehawk had received additional funding from Central Government as it is considered an area of deprivation.

12.4 The Chair stated that Whitehawk would receive £2m a year for 10 years.

12.5 Dee Simson stated that Whitehawk youth are often supported in Woodingdean and questioned whether Pride of Place funding could also be made available to Woodingdean.

12.6 Ben D'Montigny drew attention to the 'Better Brighton and Hove Fund' as a potential alternative source of funding for local projects.

12.7 Dee Simson stated that the Woodingdean Winter Resilience Plan had been finalised.

12.8 Dee Simson stated that Holy Cross Church was hosting Christmas lunches and dinners in December.

12.9 Janet Gearing stated that Sandhurst did not receive literature regarding updates to food waste collection.

ACTION – Harry Williams and Mikila Beck to investigate literature regarding food waste collection not being distributed to residents.

The meeting concluded at 7.32pm

Signed

Chair

Dated this

day of

Actions from East Area Panel meeting 19th November

Deadline for staff to respond: *{Housing Area Panel Team insert date and time}*

Outstanding actions carried forward

REF + date first raised	Action History and last Update	Who	Response including what is completed & outstanding	Is action Completed/ Outstanding	Date action completed or planned?
OEA1	Justine Harris advised Chloe McLaughlin would bring the bulk-waste collection presentation to the next meeting.	Chloe McLaughlin	The Estates Service is planning a pilot scheme. This will involve having a secure drop off area where residents can put their bulky waste for free collection on a designated day. The presentation on the delivery of this will be presented to the next Area Panel as an agenda item. It is currently in the planning stages.	Ongoing	11th March (East AP March)
OEA2	Janet Dowdell to come back to the panel to deliver ASB presentation/workshop.	Janet Dowdell	Janet has attended the North Whitehawk resident meeting with the ASB presentation and would be happy to come to East Area Panel if it is added as an agenda item. This will be decided by residents.	Ongoing	11th March (East AP March)

Actions from last meeting

REF	Action	Who	Response including what is completed & outstanding	Is Action Completed / Outstanding	Date action completed or planned?
EA1	Justine Harris to report back to the next area panel regarding the progress of estate inspections.	Justine Harris	A report will be appended to the Area Panel papers.	Ongoing	11th March
EA2	Sam Nolan to share link of the LPS consultation to residents.	Sam Nolan	The link to the online <i>Your Voice</i> survey was sent to 173 residents living in the LPS blocks whom the CE Team were unable to meet during door- knocking to complete the survey in person. In addition, phone calls were made	Complete	5.01.26

REF	Action	Who	Response including what is completed & outstanding	Is Action Completed / Outstanding	Date action completed or planned?
			to 85 residents to request that they complete the online survey.		
EA3	Justine Harris to bring paper on waste amnesties to next area panel.	Justine Harris	Estates Service Manager Chloe McLaughlin is writing this paper. It will be included as an agenda item or appended to the Area Panel papers.	Ongoing	11 March
EA4	Mikila Back to follow up with Valerie Steadman regarding the provision of gas detectors for those with no/limited sense of smell.	Mikila Beck	Brendon Ford arranged for gas detector alarms to be installed for Valarie Steadman.	Complete	21/11/25
EA5	Justine Harris to provide update to Ben D'Montigny regarding bid for flooring at Manor Gym.	Justine Harris	Email to Ben on 15.01.26 with an update. At this stage, the request is still being explored. The Sports Facilities Manager has identified other necessary works, including repairs to the roof, and there is concern that any leakage could damage new flooring if we replaced it before resolving the roof issues.	Ongoing	15.01.26
EA6	Harry Williams / Justine Harris to provide literature to Sandhurst Estate regarding food recycling.	Harry Williams/ Justine Harris	Literature has been provided to the Sandhurst Estate. Chloe to bring copies to next Area Panel meeting which has been provided by Environmental Services.	Complete	21.01.26

Residents Questions, 2- star East Area

E2.1 - Councillor presence at East Area Panel

Area in city	East
Star rating	2 star/ Local area issue
Date question raised	5 th December 2025
Week of Area Panel	9 th March 2026
Deadline for officer response	05.02.2026
Name of officer responding	Anthony Soyinka
Officer job title	Head of Democratic Services
Contact Details	anthony.soyinka@brighton-hove.gov.uk

E2.1 Question

Issue	Residents said that they feel that there is a lack of councillor presence (in-person) at the East Area Panels.
Background	
Request or Question	Residents said they would greatly appreciate more in-person attendance by their councillors at East Area Panel meetings. Face-to-face meetings are preferable to attendance online.

E2.1 Response

Response
<p>Area Panel meetings are delivered in a hybrid format, enabling councillors to participate either in person or remotely.</p> <p>Meeting dates are scheduled and shared with councillors in advance, with invitations and agendas issued ahead of each meeting.</p> <p>We will work with the Chair of the East Area Panel to consider how best to encourage greater in person engagement from councillor members and exploring other approaches that support improved attendance.</p>

E2.1 Action

Action	As above
Start date	
End date	

E2.2 - Proposed new housing development in Woodingdean

Area in city	East
Star rating	2 star/ Local area issue
Date question raised	5 th December 2025
Week of Area Panel	9 th March 2026
Deadline for officer response	{Housing completes}
Name of officer responding	{Housing completes}
Officer job title	{Housing completes}
Contact Details	{Housing completes} @brighton-hove.gov.uk

E2.2 Question

Issue	A resident said that residents were told that 50 units are going to be put on the site of the Woodingdean Cottages, and would like more information about this.
Background	There was a discussion about the land that the development would sit on and the future of current residents of the Cottages. The land surrounding the proposed development houses a youth centre, a community centre and a SEND school, and it is believed that the land is designated for educational purposes.
Request or Question	Residents would like to know: <ul style="list-style-type: none"> • Is this land designated for educational purposes? If yes, how is it being converted into Housing land? • Where is the rent from the land going? Is it going into the Housing Revenue Account or is it going into Education? • What will the process be for current residents occupying the Cottages to move out?

--	--

E2.2 Response

Response
<p>The site is currently General Fund not Housing Revenue Account land. As with all Council-assets options are being explored for alternative uses, but no decision has been made at this time. Should a residential development be considered feasible and deliverable, the site would be appropriated by the Housing Revenue Account. Any residential units provided would be made available as council owned affordable homes for rent, and rent would be paid to the Housing Revenue Account. Should any redevelopment of the site go ahead, the Council will work with leaseholders to find suitable alternative accommodation.</p>

E2.3 - Food waste collections

Area in city	East
Star rating	2 star/ Local area issue
Date question raised	5 th December 2025
Week of Area Panel	9 th March 2026
Deadline for officer response	5 th February 2026
Name of officer responding	Satti Sidhu
Officer job title	Acting Head of Strategy and Service Improvement
Contact Details	Satti.sidhu@brighton-hove.gov.uk

E2.3 Question

Issue	Residents had a discussion around the new food waste collection scheme in their areas and would like to know how this is going.
Background	
Request or Question	Residents would like a report on the initial results of the food waste recycling scheme. Has there been feedback on it? Has there been much take-up?

E2.3 Response

Response
<p>The food waste recycling service launched in the East of the city in September 2025 and has since expanded to the North and West areas. Early results show a strong and steady increase in food waste being captured. Weekly collections have risen from around 6 tonnes in the first week of launch to a peak of around 88 tonnes per week, and since the service began a total of over 600 tonnes of food waste has been collected across the city.</p> <p>While participation is difficult to measure precisely at this stage, the amount of food waste collected is above initial expectations, indicating strong resident engagement as the service becomes embedded. This has been reflected in feedback at a city level. Councillor Tim Rowkins, Cabinet Member for Net Zero and Environmental Services, has welcomed the rollout, noting that take-up of the scheme has been “<i>amazing, exceeding all expectations</i>”, as quoted from Brighton and Hove City Council’s news.</p>

Residents Questions, 3-star East Area

N/A

Residents Questions – 3-star, Central, North and West Areas

C3.1 - Fire Safety in Sheltered Schemes

Area in city	Central
Star rating	3 Star/ City wide issue
Date question raised	4 th December 25
Week of Area Panel	16 th March 26
Deadline for officer response	{Housing completes}
Name of officer responding	{Housing completes}
Officer job title	{Housing completes}
Contact Details	{Housing completes} @brighton-hove.gov.uk

C3.1 Question

Issue	
--------------	--

	There were concerns about fire safety in Sheltered Schemes.
Background	
Request or Question	<p>It was agreed to ask for:</p> <ul style="list-style-type: none"> • The fire safety policies for Sheltered Schemes • Information on what is done to ensure these policies are carried out and to reassure residents that their homes are safe. <p>☆☆☆ to Agenda Setting meeting and for inclusion on all Area Panel agendas</p>

C3.1 Response

Response
<p>All council seniors' schemes have a Fire Risk Assessment, fire door checks are ongoing, and relevant surveys have been completed. There has also been a significant amount of fire safety works completed on our homes, and this is ongoing. We would require more specifics about the concerns being raised to be able to offer a specific response. We would be happy to engage directly with seniors housing scheme residents and their Residents Associations around any general or specific fire safety concerns arising in their homes.</p>

C3.2 -Independent handling of discrimination complaints

Area in city	Central
Star rating	3 Star/ City wide issue
Date question raised	4 th December 25
Week of Area Panel	16 th March 26
Deadline for officer response	05.02.26
Name of officer responding	Victoria Paling
Officer job title	Customer Experience Lead
Contact Details	Victoria.paling@brighton-hove.gov.uk

C3.2 Question

Issue	A resident said that all complaints about discrimination and victimisation should always be handled by an independent and impartial officer.
Background	Residents raised about officers continuing to be involved in cases when a resident has made a complaint about discrimination or victimisation against that officer.
Request or Question	Concerns were raised about officers continuing to be involved in cases when a resident has made a complaint about discrimination or victimisation against that officer.

C3.2 Response

Response
<p>Complaints (including those about specific named officers, and allegations of discrimination) are investigated in line with the council's complaint procedure, which is aligned with the Housing Ombudsman's complaint handling code and the best practice guidance provided by the Local Government and Social Care Ombudsman.</p> <p>Complaints at Stage 1 (initial stage) are handled by the department being complained about, giving the opportunity for any errors to be identified and rectified and for a full explanation to be given.</p> <p>Should a customer remain dissatisfied following their Stage 1 response, they can escalate their complaint to Stage 2 of the process, where the complaint will be considered by the council's customer feedback team who are independent of service areas. If the customer wishes to escalate their complaint further, then their next step is to contact the relevant independent Ombudsman who may decide to investigate the complaint further.</p>

C3.3 -Preservation and integrity of records

Area in city	Central
Star rating	3 Star/ City wide issue
Date question raised	4 th December 25
Week of Area Panel	16 th March 26

Deadline for officer response	05.02.26
Name of officer responding	Karen Hooper; Victoria Palling
Officer job title	Information Governance Advisor; Customer Experience Lead
Contact Details	Customerfeedback@brighton-hove.gov.uk

C3.3 Question

Issue	Residents said that they believe systems for keeping secure records relevant to complaints, information requests, and internal investigations do not appear to be working.
Background	Residents have had the experience of information and reports they've given to housing officers not being available and no longer on Council records.
Request or Question	<ul style="list-style-type: none"> • What systems are in place to ensure that records from residents are kept secure? How can they be improved? • Can the Council confirm that all original records relevant to complaints, information requests, and internal investigations are preserved in their original form and are not destroyed, altered, or withheld, in line with statutory requirements for public authorities?

C3.3 Response

Response
<p>Security of records is maintained via password protection, single sign-on/ multi-factor authentication, access audit trails, patch updates, penetration testing and user audits, etc. Staff are trained on data protection and cyber security.</p> <p>We continually monitor and consider how to make improvements to security of records, learning from breaches and complaints.</p> <p>Records are usually preserved in their original form. If an amendment is requested by the data subject (resident), this change will be clearly noted. If a staff member wishes to add comment to data they will make their clear it is their opinion, or that there is additional/ alternative information noted.</p> <p>The published Housing service area privacy notice provides a range of information on data processing and includes retention. The internal BHCC Records Retention Schedule states retention timescales for Housing data is six years regarding homelessness</p>

services, housing applications, housing enforcement, housing repairs, selective licensing and houses in multiple occupation. Right to Buy data is held for 12 yrs. Each Housing Service has local arrangements for retention periods of specific data sets.

Records from residents are stored on the applicable client records management database (for each service), with paper documents saved in our document archive, or electronic documents held in the electronic document storage location.

It may be that certain information is restricted to specific members of staff if it is sensitive/confidential.

The General Data Protection Regulations states data subjects (ie residents) have certain rights to access their own information, but it also allows the Council exemptions to disclosing data for particular reasons ie right to be informed or right of access may not apply if relates to crime prevention, legal proceedings, regulatory functions or legal obligations.

Information requests submitted to the Information Rights Team are coordinated by them but answered by local teams who have specific knowledge. Some information requests are received and responded to by local teams, without Info Rights oversight.

Internal Investigations are managed by the service managers.

Complaints records are retained in full and in accordance with the [published Customer feedback privacy notice](#). These are held on a central database accessible by the councils' customer feedback team who are responsible for management of the complaint function across all council services. Any information gathered or received in relation to a formal complaint are held on this system which has a full audit trail function, including views as well as edits, so any amendments to records (including deletion) are held within that system.

N3.1 - Communication

Area in city	North
Star rating	3 Star/ City wide issue
Date question raised	27 th November 25
Week of Area Panel	9 th March 26
Deadline for officer response	{Housing completes}
Name of officer responding	{Housing completes}
Officer job title	{Housing completes}
Contact Details	{Housing completes} @brighton-hove.gov.uk

N3.1 Question

<p>Issue</p>	<p>A resident said that across Council departments and services, communication with residents is poor – residents either don't hear back in a timely fashion (waiting months for responses and having to follow up on issues multiple times), don't receive updates as promised or are given stock responses about what 'should' happen, rather than what 'will' happen. Inter-departmental communication and coordination also seems to be poor.</p>
<p>Background</p>	<p>Examples of communication issues given a resident:</p> <p>Sylvan Hall RA requested information regarding major and planned works for their blocks. However they did not get a response for months, then suddenly got a mass of information, which was then too much to go through in time for their residents' meeting.</p> <p>ASB: residents being promised regular updates on ASB cases in their area but not getting this in a timely manner. It was pointed out that, in some cases, it is crucial for those affected by ASB to receive updates, as changes in the perpetrator's circumstances can cause them to act out and residents need to be forewarned.</p> <p>Cllr Trevor Muten promised residents that he would come out and visit neighbourhoods affected by anti-social parking and other highways-related issues in August/September. Residents still have not heard back.</p> <p>At the September North Area RO meeting, a Hollingdean resident reported how lack of communication between Council departments resulted in a heavy-handed approach to getting access to a resident's flat.</p>
<p>Request or Question</p>	<p>Action: 1 stars (H) <i>North residents should email Barney with examples of communication issues with the Council: hbarneymiller@icloud.com</i></p> <p>Action: 3 stars (HHH) Residents would like the opportunity to discuss issues of communication at the next Area Panel and to talk about what the problems are and what the remedies might be.</p> <p>The North RO meeting agreed that Barney (Sylvan Hall) would represent North residents and be the spokesperson for this issue.</p>

--	--

N3.1 Response

Response
<p>– With regard to communication on major works at Sylvan Hall, we have apologised to residents for the delay in our replies to major works queries and our communication regarding the proposed works at the Sylvan Hall Estate. . We do strive to advise residents of our major and planned works in advance and generally this may start 12+ months before start on site and will include advance pre-engagement including FAQ (Frequently Asked Questions) information which is followed up as prestart the project (tendering etc) proceeds. Our engagement is with the residents directly involved with the proposed works i.e. on a block-by-block basis. In addition to sharing the information requested from the Sylvan Hall Resident Association concerning proposed works to their homes and other matters, officers also attended the Resident Association AGM. We would be happy to discuss this issue ahead of the next Area Panel and attend a future Resident Association meeting if this would be useful. Geof Gage, Head of Housing Investment & Asset Management - Projects</p>

N3.2 - Bins, street furniture & cars obstructing pavements

Area in city	North
Star rating	3 Star/ City wide issue
Date question raised	27 th November 25
Week of Area Panel	9 th March 26
Deadline for officer response	4 th February 2026
Name of officer responding	Max Smith
Officer job title	Operations Manager
Contact Details	Max.smith@brighton-hove.gov.uk

N3.2 Question

Issue	A resident said that pavements are frequently obstructed by bins, cars and other street furniture, preventing pedestrian access, in particular those with mobility issues or those with prams or in wheelchairs.
Background	

	<p>A Moulsecoomb resident reported that both individual household and communal wheelie bins were being left on narrow pavements, which meant blocked access to people with mobility issues and prams, forcing pedestrians to walk on the road and putting their lives in danger. Cars are also frequently parked across pavements.</p> <p>Residents in other areas reported similar issues.</p> <p>Theresa informed the meeting that the Older People’s Council was picking up on this problem as a city-wide equalities issue.</p> <p>The meeting agreed that policy and reinforcement were needed on a city-wide scale and across services to address this issue as much as possible.</p>
<p>Request or Question</p>	<p>Residents would like to know:</p> <ul style="list-style-type: none"> • Do Environmental Services have a policy for their staff which requires communal bins to be placed and re-placed in areas that won’t obstruct pedestrian access (e.g. not on pavements)? If there is such a policy, why is this not being reinforced? • Can the Council send out letters to residents to remind them to remove their wheelie bins and recycling bins from the pavement as soon as possible as this blocks access?

N3.2 Response

Response
<p>Brighton & Hove City Council manages issues relating to household wheelie bins and recycling boxes left on pavements through its Environmental Enforcement Framework. The framework sets out the standards and enforcement tools available, such as advice, warning letters and Fixed Penalty Notices (FPNs) to address environmental issues affecting accessibility and public spaces.</p> <p>In relation to residential bins left obstructing the highway, the Council has already adopted a proportionate three stage enforcement process:</p> <ol style="list-style-type: none"> 1. Initial Visit: Environmental Enforcement Officers visit the reported property to assess whether a bin left on the pavement is causing an obstruction or nuisance and whether there is suitable off street storage space available. 2. First Letter: If an obstruction is identified, residents are sent a letter explaining how bins should be stored and requesting that they are moved off the pavement between collections. 3. Second Warning Letter & Potential FPN: If the request is ignored, a second warning letter is issued. Continued non-compliance may result in a Fixed Penalty Notice (FPN) being issued. FPNs

are only used where earlier stages fail to resolve the problem, in line with the Environmental Enforcement Framework's proportionate approach.

The Council can and does send letters as part of this established process when bins are reported as causing obstruction.

Reporting Issues

If you wish to report bins left on pavements, please submit the details to:
EnvironmentalEnforcement@brighton-hove.gov.uk

This will allow the Environmental Enforcement Team to initiate the formal assessment and, where appropriate, issue reminder or warning letters to residents.

W3.1 - Maintenance of rubbish collection vehicles

Area in city	West
Star rating	3 Star/ City wide issue
Date question raised	9 th January 2026
Week of Area Panel	16 th March 2026
Deadline for officer response	4 th February 2026
Name of officer responding	Kumbirai Mukombe
Officer job title	Head of Fleet Management
Contact Details	Kumbirai.mukombe@brighton-hove.gov.uk

W3.1 Question

Issue	A resident said that avoidable delays to rubbish and recycling collections happen because lorries are off the road waiting for repair. In the first week in January there were 14 lorries out of action.
Background	A resident said that a lack of forward planning and insufficient resources are making the rubbish and recycling collections inefficient and inadequate. Collection vehicles are often out of action, waiting for parts and repairs. Recently, staff at St Richards have had a constant stream of local residents complaining about their bin collections. There is a good refuse collection team in the area who work hard but are at the sharp end of complaints from residents. This isn't fair on the refuse workers, when the problem is due to poor management and forward planning.

Request or Question	<ul style="list-style-type: none"> • What can be done to make forward planning and management of the collection vehicles more effective? • Why are more spare parts not kept in stock? • Why is there not regular maintenance of the collection vehicles? • Are new vehicles being purchased and the stock modernised?
----------------------------	--

W3.1 Response

Response
<p>Thank you for your enquiry. Residents can be reassured that a lot of forward planning and management goes into the maintenance of our vehicles. Servicing and maintenance intervals are scheduled using our electronic maintenance system, Blue Crystal.</p> <p>We have an on-site store that holds a large number of spare parts. Sometime parts have to be ordered in when required. We have a number of different vehicles, each with hundreds of different parts and holding every part is not economically viable. The supply chain for parts can be complex and when we order parts from vehicle manufacturers, it may take days or weeks because the parts maybe on back order with their own suppliers.</p> <p>We are legally required to ensure that all our vehicles are regularly maintained. Each vehicle is inspected in the workshop every six weeks and get serviced as per manufacturer's requirements. There is also a legal requirement for our drivers to check their vehicles daily for any defects which they report to the workshop for repairs.</p> <p>The council has allocated £2.5M annually for vehicle procurement and we currently have vehicles on order. We however need to understand that the vehicles we operate have a lead time of 50 to 54 weeks. We understand that our fleet average age is higher that we would like and we are working hard to remedy this, but it will take some time.</p>

W3.2 - Problems with out of hours repairs service

Area in city	West
Star rating	3 Star/ City wide issue
Date question raised	9 th January 2026
Week of Area Panel	16 th March 2026
Deadline for officer response	{Housing completes}

Name of officer responding	{Housing completes}
Officer job title	{Housing completes}
Contact Details	{Housing completes} @brighton-hove.gov.uk

W3.2 Question

Issue	Residents said that they believe they are being refused repairs to heating and hot water by the out-of-hours service. This appears to be a problem with the system, not an individual incident.
Background	<p>(REDACTED) was without heat and hot water for many days over the Xmas period. When he reported this to the out-of-hours repairs service he was told they would only come out if it was a dire emergency, and that lack of heating and hot water was not a priority, even in very cold weather conditions. He had to wait until the next working day to report the repair. The person he spoke to would not give their name or say who they were working for. (REDACTED) is putting in a complaint about his individual repair.</p> <p>(REDACTED) had a similar problem earlier in the year. She was assured that this was a mistake by the operator, that training had been improved and that it would not happen again. Another resident had also been told to wait and ring the daytime team when reporting a heating problem. It was agreed that this is not just a one-off and that there are questions about the overall running of the out-of-hours service.</p>
Request or Question	<ul style="list-style-type: none"> • Who runs the out-of-hours repairs service? Is this the Council, or is it contracted out? • Why is lack of heat and hot water not counted as an emergency repair? What counts as an emergency repair? • Are individual circumstances taken into account – e.g. disability, age, vulnerability? If not, why not? • Why has this not been improved following previous complaints?

W3.2 Response

Response

I am sorry to hear of the issue our resident has experienced with the heating and hot water out of hours service. Our out-of-hours service for heating and hot water is managed by our heating & hot Water contractor, PH Jones. Emergency repairs are those that present an immediate risk to residents or significant damage to the home, and we aim to attend within 24 hours. This includes loss of heating or hot water, though outside the peak winter period (November to April) these may be prioritised differently. Where this happens, we will always provide temporary heating to ensure residents remain safe and comfortable.

Our priority system is based on the level of risk, but we recognise that individual vulnerability matters. When residents tell us about health conditions, age- related needs, or other circumstances, we do our best to adjust our response accordingly. In Seniors Housing, scheme managers actively support residents and escalate repairs where needed, including if they remain unresolved within four hours.

We know the current process can feel too standardised. That is why we are working closely with our contractor’s helpdesk to strengthen how vulnerabilities are identified and acted upon. Our commitment is to deliver a service that is fair, consistent, and responsive—particularly for residents who need additional support.

W3.3 - Feeding wildlife

Area in city	West
Star rating	3 Star/ City wide issue
Date question raised	9 th January 2026
Week of Area Panel	16 th March 2026
Deadline for officer response	05.02.2026
Name of officer responding	Maria Chatzikou
Officer job title	Maria Chatzikou
Contact Details	maria.chatzikou@brighton-hove.gov.uk

W3.3 Question

Issue	A resident raised an issue with food put out by residents for animals attracts vermin.
Background	Some residents at (REDACTED) are putting large quantities of food out in the gardens and on pavements around the building. This has included liver, rice, whole loaves of bread. It encourages vermin and also rots and creates a general health and safety hazard.

	It was recognised that this is an issue city-wide and that while lots of residents do like to feed wildlife it can create problems.
Request or Question	<ul style="list-style-type: none"> • What is the Council policy on this? • What action can the Council take to encourage residents not to do this?

W3.3 Response

Response	
	<p>Thank you for raising this issue.</p> <p>Although we do not have a standalone policy specifically about feeding wildlife, the tenancy agreement is very clear on this matter. It states:</p> <p><i>“You or anyone living with you or visiting you must not do anything to encourage pests, vermin or animals that may cause a nuisance or damage at your home or in the shared areas. Examples of this include but are not limited to feeding wild pigeons and seagulls and not disposing of rubbish properly.”</i></p> <p>Placing large quantities of food in the gardens or on the pavements encourages vermin and therefore constitutes a breach of the tenancy agreement.</p>

W3.3 Action

Action	Our Neighbourhood Officers attended the area on the 3 February and carried out a letter drop. This was to remind residents of their responsibilities and reinforce that feeding wildlife in this way is not permitted. We will continue to monitor the situation and follow up where necessary.
Start date	20/01/2026
End date	Ongoing

W3.4 - Digital discrimination

Area in city	West
---------------------	------

Star rating	3 Star/ City wide issue
Date question raised	9 th January 2026
Week of Area Panel	16 th March 2026
Deadline for officer response	30 th January
Name of officer responding	Hannah Barker
Officer job title	Senior Community Engagement Officer
Contact Details	Hannah.Barker@brighton-hove.gov.uk

W3.4 Question

Issue	A resident said that the Council is not doing enough to ensure that residents who do not have access to the internet are not discriminated against.
Background	West residents have consistently raised this as an issue, but as the Council moves more and more towards online communication and reporting, it has increased, rather than decreased, as a problem. Communication from the Council about resident engagement meetings and activities is mainly through email. Residents who don't have email or internet access have requested but are often not receiving paper copies of documents and information about meetings.
Question	<ul style="list-style-type: none"> • Why are there ongoing problems with residents who have requested paper copies not receiving them? • What is the Council doing to ensure that they communicate with all residents without any digital discrimination?

W3.4 Response

Response and Actions
<p>We are very sorry about this experience of residents. We take accessibility seriously and apologise for when the standards have slipped. We have been taking steps to address this issue:</p> <ol style="list-style-type: none"> 1) We have been calling people on our area panel mailing list to check and update who needs the Agenda Pack on paper. We are making individual calls because we appreciate that there are residents who cannot, for lots of different reasons, access online. They will receive the pack through the post. We must carefully balance the need to achieve value for money and make best use of council resources and where residents are able to access that information online, we will send through in this format. This work will be completed before the next round of area panels in May.

- 2) The Community Engagement Team is in the process of updating how we store and access residents' information for when we circulate invitations to meetings and activities. We will be able to utilise the same customer relationship management system as Housing, which includes where residents register their access needs. We are aware our previous systems have been a cause of some problems. This work should be completed in the next 2 to 4 months, with Hannah Barker leading on this.
- 3) Community Engagement Officers, Simon Bannister and Richard Wheeler are attending the Digital Inclusion Network run by Ability Net. This network brings together expertise and knowledge around different tools and strategies for promoting digital inclusion. We will be bringing such tools into the teams' practices. This work is ongoing and will be going on over the next 12 months.
- 4) We are conducting review of noticeboards across the city, to get best value to get out of them; noticeboards can be a tool in the suite of engagement and information and how they are used. This is a live piece of work, Sam Nolan will convene a meeting with various players to look at resources, including Neighbourhood officers and Community engagement officers. An audit of noticeboards is ongoing. We very much understand these can be improved. This work will be ongoing
- 5) The Community Engagement Officers team have been successful in referring residents to Digital inclusion sessions to support residents if they wish to improve their skills accessing resources on online.

W3.5 - Concerns about Community engagement

Area in city	West
Star rating	3 Star/ City wide issue
Date question raised	9 th January 2026
Week of Area Panel	16 th March 2026
Deadline for officer response	05.02.2026
Name of officer responding	Sam Nolan
Officer job title	Community Engagement Manager
Contact Details	Sam.nolan@brighton-hove.gov.uk

W3.5 Question

Issue	West residents raised a number of concerns about the current operation of the Community Engagement Structure.
Background	

	<p>a) <i>Stopping the Special Interest Groups.</i> A number of West residents have invested a lot of time working with the Community Engagement Team in various Special Interest Groups. These have been a useful way of tenants contributing to policy and development and have been interesting and informative for the residents involved. They also provide a city-wide focus not available elsewhere. There is disappointment amongst West residents that these groups no longer operate. This wasn't a planned and discussed process - they just ceased to be invited to meetings. These include the Tenant Disability Network, the Senior Housing Action Group, Resident Inspectors, Business and Value Group and the Home Improvement Group.</p> <p>a) <i>Cancellation of meetings</i> West residents experience has been that meetings with the Community Engagement Team are often cancelled, sometimes at short notice and without attendees being properly informed. These are not always rescheduled and crucial discussions are missed out on.</p> <p>c) <i>New structures put forward without consultation with current members</i> West residents are concerned that a new Disability Panel has been formed, without involving or consulting with members of the Tenant Disability Network. There was criticism of this panel for being top-heavy, with representatives from Councillors, Council officers, organisations like Mind and Possibility People. Very few tenants are involved.</p>
<p>Question</p>	<p>West residents think it is important that residents are at the centre of any Community Engagement structure. They are concerned that it is becoming increasingly based around Council, rather than resident, concerns.</p> <p>It was agreed to ask:</p> <ul style="list-style-type: none"> • What is the Council doing to ensure that residents' concerns are taken onboard and that residents are fully involved in any changes and developments at a city-wide level?

W3.5 Response

<p>Response</p>
<p>Thank you for raising these concerns about the Community Engagement Structure. We understand the frustration and disappointment that some residents feel about changes, and we want to address this openly.</p>

First, we acknowledge that the way some changes happened — including Service Improvement Groups not meeting was not communicated clearly enough. We're sorry for that, and we are improving how we schedule, notify, and update residents about engagement activity.

We also want to be clear that we have not set up a new disability group. We are preparing a city-wide disability tenant survey and mapping of needs to inform future involvement—any proposals for panels or groups will be co-designed with tenants.

Why We Changed

- Regulatory expectations now require us to reach a much wider and more diverse range of tenants across our 13,000+ households, and to demonstrate how those voices influence decisions.
- We explored changes with involved residents, but there was a strong preference among some members to keep the previous model. That meant we could not co-design a new approach collectively at that time.
- To meet standards of inclusion and fairness, we have moved to a broader engagement model. We do not have the capacity to expand our reach and continue running officer-led groups in the same way as before.
- Importantly, we have offered to support tenants to set up and run their own groups, and we can provide practical help (e.g., templates, light-touch facilitation, access to rooms, publicity via Your Voice).

Service Improvement Groups worked well for those involved, but they reached only a small proportion of tenants. Many voices, including younger tenants, disabled residents, and people from diverse communities were not being heard. Our aim is to keep what works for current members while opening more, easier ways for others to take part.

What We Are Doing Now

We are building a stronger, more inclusive model that:

- Keeps existing engaged residents involved in meaningful ways.
- Creates more opportunities for residents who aren't currently involved.
- Links local engagement to city-wide decisions.
- Shows clearly how input shapes what we do ("You Said, We Did").

Recent progress (Q4 2025–Q1 2026):

- 142 engagement activities delivered in the last quarter (estate-based events, door-knocking, seasonal activities).
- Around 1,000 residents reached through the Tenant Handbook and Large Panel Blocks surveys—bringing in many new voices.
- Targeted outreach progressing with Black and minoritised tenants, and disabled tenants.

- Building the Your Voice digital hub to make participation easier and more transparent.
- Co-production example: a Bedbug Policy and leaflet written with residents to improve clarity and accessibility.
- A new tenant-led group emerging from the Tenant Celebration Day, growing its role in city-wide tenant oversight.
- Active support to tenant associations: continuing officer advice, governance guidance, funding routes (EDB/EIB), and help with constitutions, AGMs, and inclusive practice so local groups stay strong and open to new members.
- New Area Panel pre-meetings: piloting short, structured pre-meets for tenant reps and associations to build a collective tenant voice, agree shared priorities, and strengthen representation at the formal Panel.

What's Next

- Co-develop the Tenant Engagement Strategy (2026–2029) with residents and the Housing Leadership Team.
- Embed “You Said, We Did” updates at Area Panels and online.
- Run service reviews triggered by residents such as the Sensitive Lets and Allocations that will run over the course of 2026.
- Deliver workshops, focus groups to improve services and culture that are based on lived experience.
- Create routes for resident involvement in contracting and procurement.
- Sustain tenant associations with reliable officer support, training offers, and recruitment drives to widen participation.
- Area Panel pre-meetings to support residents to have a clear understanding of the issues and agree on shared priorities, so they can speak with one clear voice at the formal Panel.

Commitments

- Keep meaningful routes for current involved residents and open accessible options for new voices.
- Codesign engagement with tenants
- Actively involve residents who have not previously engaged.
- Publish clear feedback loops so tenants can see how their input influences decisions.
- Provide practical assistance for tenant-run groups and associations and strengthen collective tenant voice through Area Panel pre-meetings.

W3.5 Action

Action	<p>Keep residents informed</p> <p>Make sure meeting dates and any changes are shared promptly. If a meeting is cancelled, give plenty of notice and set a new date.</p>
---------------	--

	<p>Support tenant-led groups Offer help with meeting spaces, templates, and publicity so residents can run their own groups if they want to.</p> <p>Work together on new plans Involve residents in shaping the Tenant Engagement Strategy and any new panels or groups.</p> <p>Hold Area Panel pre-meetings Run short sessions before Panels so residents can agree priorities and speak with one clear voice.</p> <p>Reach more tenants Continue outreach to tenants who don't usually take part, including disabled tenants and those from diverse communities.</p> <p>Show how feedback is used Share "You Said, We Did" updates at Panels and online so residents can see the impact of their input.</p>
Start date	Ongoing
End date	

Estate Inspections and Neighbourhood Officers Report

Area in city/ citywide:	All Areas
Presented by:	Robert.Keelan@brighton-hove.gov.uk From: Robert Keelan – Housing Customer Services Manager and lead on Neighbourhood Officer team
Appendix:	

Purpose:

An update on Estate Inspections and the work of the Neighbourhood Officers who joined the council in July 2025.

Main body of the report:

Background

This report is an update on the report brought to Area Panels in July 2025 that discussed the reintroduction of Neighbourhood Officer led Estate Inspections.

Current Progress and Operational Arrangements

Brighton & Hove City Council has now reintroduced a programme of estate inspections across the city. This follows several years without a structured inspection process, and represents a major step forward in improving the condition, safety, and appearance of our housing estates.

The estate inspection programme covers all council properties and ensures that all areas are inspected formally on an annual basis.

The programme commenced in November 2025 and is already delivering visible improvements and stronger relationships between residents, councillors, and council staff.

Seven Neighbourhood Officers are in post and leading this work and the eighth is soon to start. Two Officers are assigned to each area office; Central, East, North and West.

The Neighbourhood Officers are accompanied on their inspections and invites are sent to Councillors, a Environmental Surveyor, a Repairs Team representative and a Community Engagement team member. We welcome attendance from residents, and are collating names of interested groups and individuals.

Inspections occur on Tuesday and Thursday mornings and move around the city each week / month.

The schedule is:

- Week 1 Two inspections in the Central Housing Team Area
- Week 2 Two inspections in the East Housing Team Area
- Week 3 Two inspections in the North Housing Team Area
- Week 4 Two inspections in the West Housing Team Area

And Repeat.

Having an Area Office focus each week allows the Surveyor or Estates representative to attend the inspections without diary clashes. The programme also allows for follow up work and re-visits and checks by the Neighbourhood Officer on weeks that their inspections aren't taking place.

Since launching the new inspection model, Neighbourhood Officers have been out across the city identifying repairs, resolving problems, and speaking directly with residents to understand local concerns. Inspections will focus on repairs, estate improvement works, health and safety and hazards. Many issues such as repairs, anti-social behaviour concerns, faulty lights, damaged fencing, and blocked gutters have been identified and reported quickly thanks to these on site inspections.

The new inspection programme is strengthening relationships between the council and residents. Officers are uniformed and more visible on estates and with the addition of the Community Engagement Officer, we are able to listen to residents' concerns and ideas directly. By inviting Councillors and tenant representatives to take part in inspections, this ensures transparency and shared ownership of local issues.

Regulatory Framework and 'one council' working.

This work supports the council's responsibilities under the Social Housing Regulation Act by helping identify health and safety concerns early, monitoring communal areas, and ensuring that properties meet appropriate standards. It is important that we are compliant with the legal requirement and we share that we want council properties to be safe and attractive places to live. Officers have received training on the Housing Health and Safety Regulatory Standards of hazard identification as listed in the Housing Act 2004.

The inspections also promote more joined-up working across the council. Neighbourhood Officers now work closely with Environmental Services, Estates, Community Engagement, Repairs, City Environment and planned maintenance. The issues resulting from the inspection are passed to the right place promptly and resolved as part of a coordinated "One Council" approach.

Vision and Resident Engagement

Residents who cannot attend inspections in person are still able to contribute through the Community Engagement team, ensuring that everyone has the opportunity to have their voice heard. Currently, residents can ask for something to be looked at via contacting Housing.CustomerServices@brighton-hove.gov.uk or 01273293030 and the Community Engagement Team are currently working on developing an online platform called "YourVoice" where the inspections will be listed and residents can add suggestions.

Additional success examples of Neighbourhood Officers

The new Neighbourhood Officer team are on estates on a daily basis and they hold a casework portfolio and carry out tenancy visits in people homes. Some examples of their casework that has been noticed on Estate Inspections are

- Removing rough sleepers from a communal laundry site and ensuring the area is secure.
- Discovering a property that was squatted and used as a drugs den and working with the police to secure the flat and return it back to the council
- Finding a storage solution for a tenant with a mobility scooter and assisting with connecting the tenant to the Adult Social Care team for home improvements.
- Monitoring a block of flats where the main entry door was repeatedly damaged, checking CCTV and warning the person causing damage to resolve the problem.
- Finding the source of a historic noise complaint to equipment on the roof of a block of flats.
- Supporting victims of anti-social behavior by witnessing noise, collecting diary sheet evidence and reassuring residents of the sanctions the Housing Officer is taking.
- Visiting neighbours following a fire in a flat and discussing causes and consequences.
- Negotiating and supporting tenant with unkempt gardens and offering green waste collection support to tenants who are trying to get on top of a garden that needs work

Next Steps/how to get involved:

Conclusion

The Estate Inspection process is now embedded and working well. There is additional work to develop the Community engagement model and ensure we publicise the inspections to all interested groups.

The Estate Inspection summary documents that we complete after the inspection alongside Key Performance Indicators that we feed back in the Area panel Report are also being developed further. We welcome contributions from panels on what they would like to see.

If you would like to attend an Estate Inspection or want a copy of the annual programme please contact Housing Customer Services on 01273 293030 or Housing.CustomerServices@Brighton-Hove.gov.uk

Waste Amnesty

Area in city/ citywide:	City Wide
Presented by:	Chloe Mclaughlin Chloe.mclaughlin@brighton-hove.gov.uk
Appendix:	

Purpose:

Residents have raised concerns about fly-tipping, the accumulation of bulky waste, and the barriers some households face in disposing of large items. Waste Amnesty events aim to address these issues by improving estate cleanliness, providing easier access to proper waste disposal, increasing resident engagement and reducing incidents of fly-tipping.

This report sets out the planned approach for delivering scheduled Waste Amnesty events across Housing estates in the city. It also describes how areas will be identified and how communities can get involved.

Main body of the report:

The purpose of this report is to outline the proposal to deliver a programme of Waste Amnesty events between May and August 2026. Learning from these eight scheduled events will inform the next scheduled programme.

These events are intended to support residents in disposing of bulky waste responsibly, while helping to reduce fly-tipping and improve the cleanliness and safety on estates

Two events will be delivered in each of the four areas: North, East, West and Central. Locations within these areas will be selected based on the volume of fly-tipping cleared by the Estate Services Team during the previous year, ensuring that the programme is targeted where need is highest.

Once the areas have been identified, each location will be visited to determine suitable drop-off points. These will be mapped and chosen for ease of access for both residents and the council's caged vehicles. Residents in the affected areas will receive 48 hours' notice of the event. They will be provided with a leaflet containing information on the drop-off locations, the times of the event, a list of items that can be collected and contact details for those who require help to move items.

On the day itself, council staff will attend with caged vehicles to collect and remove all items left at the designated collection points. Alongside waste removal, the events will also promote the Furniture Recycling Scheme, offering residents an opportunity to donate items in good condition so they can be reused by other households.

This proposal builds on learning from the previous Waste Amnesty, which took place in East Brighton. That event was resident- led and supported by the Council, with the aim of improving local cleanliness and helping residents dispose of bulky items safely. A total of 150 properties were leafleted. The event was a collaborative effort between resident volunteers, staff from across the Housing service, Community Engagement Officers and Environmental Services staff. Environmental Services began removing waste early, clearing three truckloads of items that were obstructing pavements even before the official start time of 9:30am.

The waste amnesty resulted in the collection of 4.9 tonnes of waste. Items included fridges and freezers, sofas and chairs containing persistent organic pollutants (POPs), televisions, mattresses, tyres and gas bottles. The atmosphere throughout the event was positive, with many residents' expressing gratitude for the support offered by community volunteers and council staff.

In addition to waste disposal, the event created a valuable opportunity for face- to- face engagement between residents and the Council. Throughout the day, residents raised a variety of unrelated queries and concerns, including issues with untidy gardens, overgrown trees, benefits queries and reports of anti- social behaviour. Because a wide range of council teams were present, many of these issues were addressed immediately. This demonstrated that Waste Amnesty events can strengthen communication between residents and the Council, while also improving local environments.

In conclusion, the proposed programme of eight Waste Amnesty events for 2026 provides an effective way to reduce fly- tipping, improve estate appearance and support residents in managing bulky waste responsibly. It also has the potential to enhance community engagement and build positive relationships.

Next Steps/how to get involved:

Residents can help by identifying estates that you think would benefit from a waste amnesty. All suggestions will be considered and included in the selection process. You can submit these requests by emailing estatesserviceteam@brighton-hove.gov.uk.

Fly tipping can never be completely stopped! Together we can minimise the amount that is fly tipped and help residents dispose of their bulky items considerately. All suggestions and ideas on helping to reduce fly tipping is greatly appreciated.

EDB Report Summary of Bids and Projects

CENTRAL

Quick Bids Completed since last quarter

- **Leach Court (May 2024):** Activity outings £675 – Completed Nov 2025.
- **Somerset Point (Sept-2024):** Day trips with minibus invoice pending. Total bid £675.00. Completed Nov 2025.

Quick Bids Outstanding

- **Leach Court (Jul-2024):** Compost and bark £570.00 Simon Bannister to complete purchase.
- **Somerset Point (July 24):** Garden items £723.78. £50 remaining – Simon Bannister to pay.
- **Rosehill Court (Nov 24):** Garden furniture £527.72 – All ordered, parasol out of stock. EDB Officer to order once back in.
- **Sussex Probation Service (May 25):** Community payback project. Simon Bannister managing funds for ad-hoc projects

Main Bids Completed since last quarter

None

Main Bids Outstanding

- **Essex Place (2020/21):** lower existing bike racks – with residents and contractor (Lee Sullivan)
- **Grosvenor Centre Management (May-24):** Community room items £6,365.95. £2940 remaining to spend, with Community Engagement Officer to progress.
- **Transsober (Apr-23):** Core running costs £6,272.40. £4,000.00 paid, ongoing.
- **Craven Vale:** Contribution towards Southwater Close Community workshop £10,000.00. On hold until further notice, funds ringfenced.
- **Lavender House (May 25):** yoga classes. Yoga teacher will invoice EDB Officer.
- **Sloane Court (May 25):** Yoga classes. Yoga teacher will invoice EDB Officer.
- **Somerset Point (May 25):** Activities, outings and equipment. With Simon Bannister to manage funds
- **Leach Court (May 25):** Activities, outings and equipment. With Simon Bannister to manage funds

EAST

Quick Bids Completed since last quarter

- **Nuthurst Close (Sep 25):** Garden items £727.77. Completed Dec 2025.

Quick Bids Outstanding

None

Main Bids Completed since last quarter

- **Robert Lodge (Mar-22):** Various items for Community Room £7,980.90. Completed Jan 2026.

Main Bids Outstanding

- **Wellsbourne Drop-in Café (May 25):** Community café project. Paying in 4 instalments across year. 3 paid so far.

NORTH

Quick Bids Completed since last quarter

- **Hollingdean Residents Association (Jan-25):** Contribution towards new oven for Community Room £995.00. Complete Dec 2025.
- **Charles Kingston Gardens (Sept 25):** Garden items £371.21. Complete Nov 2025.
- **Laburnum Grove Social Group (sept-25):** Seated yoga classes £1000. Complete Jan 2026.
- **Elwyn Jones Court and Charles Kingston Gardens (Nov 25):** Kitchen and garden items £494. Complete Nov 2025.
- **Coldean Residents Association (Nov 25):** Newsletter project £333.33. Complete Dec 2025.
- **Laburnum Grove Social Group (Nov 25):** Gardening items £452.23. Complete Dec 2025.

Quick Bids Outstanding

- **Hornby Road (Jul-24):** Planting £1,000.00. Seed, fruit trees and weed membrane ordered, remaining gardening to be confirmed by residents.
- **Jasmine Court Residents Association (Nov 25):** Seated yoga classes £500. On-going. EDB Officer to pay teacher.

Main Bids Completed since last quarter

- **The Bevy (Nov 25):** Family fun day funding £5000. Complete Nov 25.
- **Elwyn Jones Court (Nov 25):** Curtains and cushions for communal lounge £2004. Complete Nov 2025.
- **Coldean Village Bingo (Nov 25):** Bingo club funding £3225.03. Complete Dec 2025.
- **Noor-UI Huda (Nov 2025):** Women's session core costs £3500. Complete 2025.
- **Brighton Peoples Theatre (Nov 25):** Theatre workshops £6260. Complete Jan 2026.

Creating better homes together

TENANT ENGAGEMENT DELIVERY - October-December 2025

SUMMARY

The final quarter of 2025 (October–December) marked a significant period of progress for tenant engagement. Across 142 engagement activities, 1,187 contacts* with residents shaping housing services, reflecting a strong commitment to inclusive and transparent decision-making.

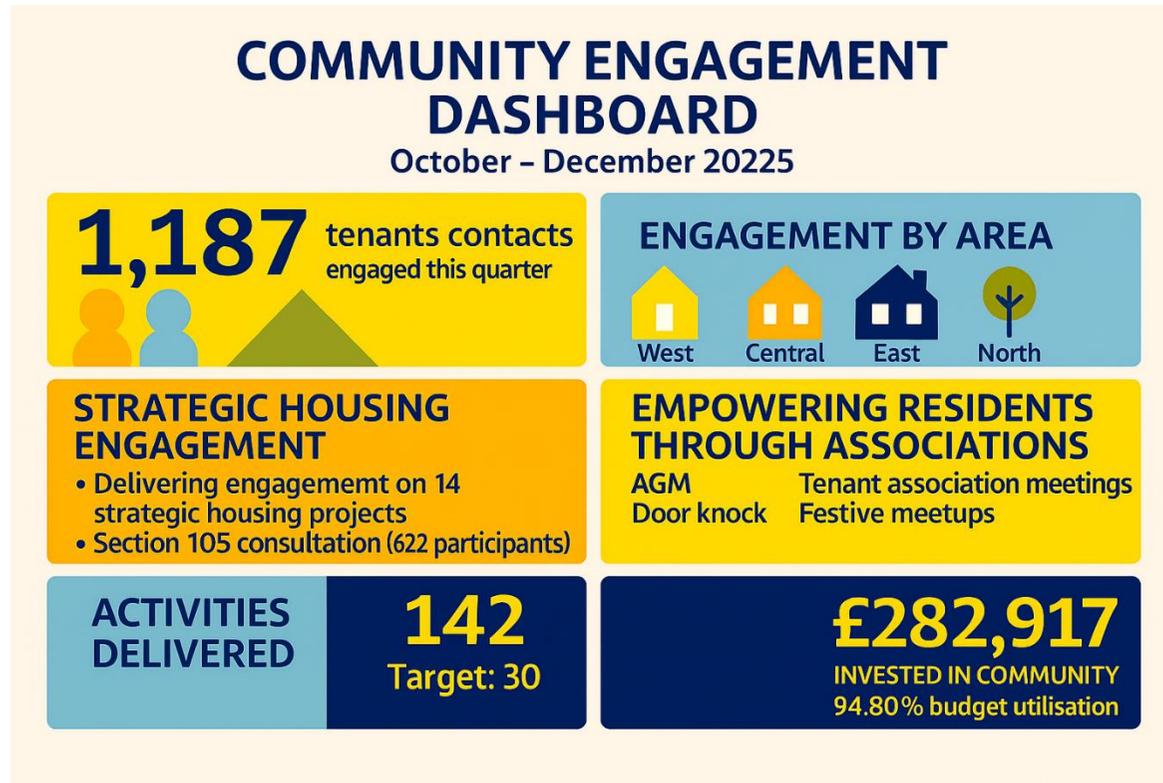

This report provides an overview of key achievements, strategic priorities, and next steps. Delivery focused on three interconnected workstreams:

- **Strategic Programmes** – advancing city-wide initiatives such as the LPS Building Together consultation and development of engagement activities at the centre of 14 different housing projects including the asset management strategy development, repairs feedback and outreach, tenant handbooks and more.
- **Community-Led Activities** – delivering estate-based events, door-knocking campaigns, and seasonal activities to strengthen local connections.
- **Established Structures** – sustaining support for tenant associations, Area Panels, and Estate Development Budget governance.

** Some of these will be repeat contacts, from Jan we will be tracking new contacts as well as simple numbers*

Progress was also made in reducing barriers for underrepresented groups, with targeted outreach to Black and minoritised tenants, and project that will reach out specifically to LGBTQ+ residents, and disabled tenants. These initiatives are laying the foundation for more equitable participation in housing decisions.

Looking ahead, the focus will be on embedding co-production principles, improving data transparency, and delivering measurable outcomes against regulatory standards. Key priorities include publishing quarterly "You Said, We Did" reports, achieving diversity targets, and developing a coproduced Tenant Engagement Strategy in 2026.

HOW ENGAGEMENT CREATES CHANGE

1) Strategic Engagement – LPS Block

“I found quite a bit of purpose to my life supporting all the residents within my block. I must say that yourself and Sam are an amazing team and you have made the transition a lot more bearable. It’s outstanding how much passion you put into your work, which I admire a great deal.”

Why this happened:

We delivered the *LPS Building Together* engagement support, directly involving residents in the decisions about what happens to their homes and follow-up outreach, giving residents clear ways to influence decisions and feel supported during change.

2) Health & Wellbeing – Estate Development Budget

“My doctor recommended that I do some gentle exercise because of my aching joints and back pain. The weekly Chair Fitness sessions have been a great benefit to me.”

Why this happened:

We funded Chair Fitness sessions through the Estate Development Budget, making health and social activities accessible in senior housing schemes.

3) Co-production – Bedbug Policy & Flyer

“Thanks again for all your great feedback.” (Jack Wollard performance officer) This is a fantastic example of co-production in action and shows how resident input can shape council processes and communications. That is incredibly positive, thank you for sharing and highlighting.

Through collaboration with the North Whitehawk Resident Association, housing teams, and the Estate Development Budget, we co-produced a **new bedbug policy and leaflet** written in plain English, making it clear and accessible for everyone.

4) Tenancy Sustainment – Referral Impact

“Not often we get to hear about the impacts of some of our work – especially the human factor element... Sounds like some amazing work you and the team have done for/with him.” (Barry Winchester, Community Engagement Officer)

Why this happened:

A Community Engagement referral triggered tenancy sustainment support — replacing essential items, securing benefits, and arranging debt solutions — preventing crisis and improving quality of life.

These examples are beginning to show how tenant engagement is not just about listening — it really does create real, measurable change in services and lives.

STRATEGIC CONTEXT

- **Great Landlord Board Vision:** Recognise us as a Great Landlord - doing the right things because we are driven by what our residents tell us, not just what regulations require.
-
- **Social Housing Regulation Act 2023:** Meet and exceed requirements for transparency, influence, accountability, and tenant satisfaction measures.
- **Regulatory Expectations:** Effective governance, strong data quality, meaningful tenant engagement, and demonstrable service improvements driven by resident voice.
- **Council Priorities:** Fair and Inclusive City - Housing Quality and Safety - Open and Accountable Council - Stronger Communities

DELIVERY ACTIVITY OVERVIEW

Our engagement model operates across three interconnected workstreams to ensure both strategic impact and strong local connections:

Strategic Programmes – This quarter included major city-wide initiatives such as the LPS Building Together consultation, which engaged over 622 participants and 413 full responses. Work also progressed on the Asset Management Strategy, with plans for a resident sounding group and workshops to shape priorities for the interim strategy. In addition, preparations began for the Anti-Social Behaviour (ASB) Tenant Panel, which will launch in January with a series of workshops to review residents’ experiences and identify priority areas for improvement.

Community-Led Activities – Engagement was strengthened through estate-based events, door-knocking campaigns, and seasonal activities. Examples include outreach sessions for the Repairs Co-production project, festive resident events and local planning meetings for community garden projects. A key development this quarter was the formation of a new tenant group emerging from the Tenant Celebration Day, which is now growing and shaping its role in tenant-led influencing.

Established Structures – Continued support was provided to more than 25 active tenant associations and monthly Area Panels across all geographic zones. Governance of the Estate Development Budget remained a priority, with £282,917 invested in community projects and a 94.8% budget utilisation rate. Preparations also began for a participatory budgeting pilot in 2026.

This multi-layered approach ensures engagement is inclusive, accessible, and aligned with both council priorities and regulatory expectations.

ENGAGEMENT REACH & DIVERSITY

Expanding the diversity of tenants who engage with us remains a core priority. We are actively working to reach residents in new ways that go beyond traditional engagement routes, ensuring that more voices are heard and represented in decision-making.

Our approach combines data-driven insight with innovative engagement methods. By analysing tenant demographics and participation trends, we can identify gaps and tailor outreach to reflect the communities who live in council homes. This includes developing accessible pathways for tenants who may not have engaged before, whether due to time constraints, digital barriers, or lack of awareness.

To support this, we are increasing our use of social media and digital platforms to make engagement more convenient and inclusive. From 15 January, a new Digital Engagement Officer will join the team, enabling the development of the Your Voice platform into a comprehensive tenant hub. This hub will provide easy access to engagement resources, Estate Development Budget applications, Area Panel information, and interactive tools for residents to share feedback and influence decisions.

Our goal is to create a culture of engagement where participation reflects the full diversity of our tenant population, ensuring that every voice has the opportunity to shape housing services and community priorities.

REGULATORY ALIGNMENT

Our engagement approach is aligned with the expectations of the Regulator of Social Housing and the Social Housing Regulation Act 2023, but we recognise that full compliance is a journey and there is still significant work to do. This quarter focused on laying the foundations for meeting these standards through practical, resident-led initiatives.

Progress this quarter:

- **Asset Management:** Early engagement planning for the Asset Management Strategy began, creating a pathway for residents to influence priorities for maintaining and improving housing quality.
- **Repairs Oversight & Co-production:** Outreach sessions were delivered to start building a co-production approach for repairs. Focus groups are scheduled for early 2026.
- **Understanding Tenant Needs:** Insights from the LPS Building Together consultation (622 participants, 413 full responses) and targeted outreach to underrepresented groups informed initial service improvement discussions.
- **Data Quality & Assurance:** Monthly data capture and validation processes were introduced, alongside a KPI framework, to strengthen reporting accuracy.
- **Governance & Reporting:** Engagement outcomes were consolidated into this quarterly report for the Great Landlord Board, providing evidence of progress and areas for improvement.

Where we still need to improve:

- Embedding feedback loops and publishing “You Said, We Did” reports consistently at Area Panels .

- Increasing participation from underrepresented groups to meet diversity targets.
- Strengthening tenant involvement in health and safety compliance and repairs oversight.
- Improving data transparency and satisfaction measurement.
- Creating a strong tenant oversight group

This quarter represents an important step forward, but achieving full compliance will require sustained effort, deeper co-production, and stronger integration of resident voice into decision-making.

LOOKING FORWARD

The next stage is about embedding engagement as a core principle across the entire housing service. This is not something one team can achieve alone — it requires commitment from Housing Leadership and collaboration across all service areas to make resident voice central to how we plan, deliver, and improve services.

Our priorities for the coming months:

- Work with Housing Leadership to ensure engagement principles are understood and applied across all teams.
- Publish the first “You Said, We Did” summaries at Area Panels and online to strengthen feedback loops. Begin co-production in key areas such as repairs and asset management through workshops and sounding groups.
- Continue targeted outreach to underrepresented groups, building relationships and removing barriers to participation.
- Develop the Tenant Engagement Strategy (2026–2029) with residents and Housing Leadership Team, ensuring it reflects both regulatory requirements and tenant priorities.
- Expand digital engagement through the Your Voice platform, making participation easier and more inclusive.
- Improve measurement and transparency, including satisfaction tracking and clearer reporting to residents and the Great Landlord Board.

This is a long-term process that will take time and shared commitment. By working together, we can create a housing service where engagement is not an add-on but a foundation for every decision.

STRATEGIC PROJECTS SNAPSHOT

The Community Engagement Team is leading a wide range of strategic projects designed to strengthen resident voice and improve housing services. This section outlines each initiative, its current status, and key milestones for 2026. These projects are not just about compliance — they are about building a culture of transparency, inclusion, and co-production across the housing service.

Strategic Projects	Status	Progress & Next Steps
LPS Building Together Cabinet Report for March.		Section 105 consultation completed by early Jan. Over 622 participants and 413 complete responses through a programme of events, door knocking and outreach.
Tenant Engagement Strategy 2026-2029 Completion date April 2026		Draft strategy with Easy Read versions. Work with HLT and tenants to develop.
Underrepresented Group Engagement, Project development complete Feb 2026		Black & Minoritised Tenants: Door-knocking complete, results January 2026. Result showed real issues of racism for tenant - working with the Community Cohesion team to develop some work to support cohesion in specific area in the west of the city
Completion target May 2027.		LGBTQ+ Houseproud: Focus groups March accreditation May 2027.
Completion target May 2026.		Disability-tenant survey and mapping of needs – Survey to go live in Jan
Your Voice Platform Completion target April 2026		Pilot evaluation is complete. New Digital Engagement Officer in post Jan - he will review and complete the Your Voice pages as a digital tenant engagement hub. This will include training resources, EDB applications, engagement workshops and sessions, and Area Panels.
Estate Development Budget		282,917 invested in community projects. 94.80% budget utilisation Participatory budgeting pilot 2026 Expanding revenue and capital project funding.
Tenant and Repairs Handbook Review		Your Voice survey Oct/Nov. 2026. Current response rate of over 545 early results show: Feedback highlights the need for clear guidance on reporting repairs, understanding responsibilities, and accessing

Completion target Feb 2026	support services. Tenants emphasized the importance of simple language, visual aids, and digital accessibility, alongside printed copies for those who prefer them. These findings will shape the next phase of handbook development to ensure it is practical, inclusive, and meets diverse needs.
Asset Management Strategy Interim completion April 2026 Final completion 2027 for full strategy	Development of the resident engagement plan that will embed resident voice throughout the Interim Asset Management Plan and its refresh. Engagement will run in three phases: (1) Jan–Mar 2026: Resident Sounding Group and feedback on priorities; (2) Mar–Dec 2026: scrutiny and updates during delivery; (3) 2027: co-design of the full Strategy through workshops and feedback loops. This approach ensures transparency, clear decision rights, and a hard-dated route to a resident-led refresh
Stock Condition	Stock Condition Workshop A 90-minute tenant workshop will be held to shape standards for upcoming stock condition surveys. The session explained the urgency due to regulatory requirements (including Awaab’s Law) and will gather tenant input on respect, professionalism, communication, appointments, privacy, cultural awareness, and safeguarding during survey visits. Tenants will also be invited to express interest in future involvement in procurement decisions. Feedback was captured via flipcharts and sign-up sheets for ongoing engagement.
Repairs Co-production	Outreach session in progress, focus groups planned for Jan 2026
Estate Inspections	Community Engagement supporting Estate inspection with the Neighbourhood Officers. However, this approach is very capacity intensive and not achieving the best engagement, so we are now reviewing CE role in the EI. The proposal is to develop a programme of training for resident estate inspectors.
Seniors Engagement Programme	On hold to restart Jan 2026
ASB Tenant Panel	Due to start on Jan 29 th A series of in-person workshops over the year to explore residents’ experiences of ASB, review allocation and sensitive let processes, and identify two to three priority areas for change. The aim is to build trust and embed improvements through resident involvement.
Area Panel Review	Due to start April 2026
Overview and Scrutiny	Collaborating with Tenant Led Group to build and codesign a Tenant Oversight Group

KEY RISKS & MITIGATIONS

LPS Consultation Engagement Targets

- **Risk:** Achieving sufficient participation in a complex, multi-phase consultation.
- **Mitigation (no additional budget):** Prioritise the highest impact engagement activities (e.g., those linked to statutory requirements and key decision points); optimise existing channels (door knocking, drop-ins, workshops, digital) by scheduling efficiently and reusing materials; implement weekly, light touch progress reviews to redirect effort to areas with lower response rates.

Team Capacity During Peak Periods

- **Risk:** Concurrent demand from strategic projects and grassroots activity is creating pressure on team capacity and challenging workload balance.
- **Mitigation:** Sequence work to align with statutory timelines and critical milestones; streamline internal processes (shared templates, standardised briefs, combined sessions where appropriate) to reduce duplication; make sure we review and feedback on process post each consultation to inform forward planning within existing resources.

Underrepresented Group Participation

- **Risk:** Limited engagement from tenants who have historically not participated.
- **Mitigation:** Target outreach by using existing demographic/participation data to focus effort where representation is lowest; leverage community partners and established associations to access harder to reach groups. We will also be using data from repairs and complaints etc to reach people that has recently used our services for their views and feedback,

Data Quality & KPI Accuracy

- **Risk:** Inaccurate or incomplete data undermining performance reporting.
- **Mitigation:** Maintain monthly data capture with a lightweight validation checklist; standardise data entry using shared forms and clear field definitions. Add a section for new contacts so we have data on the actual number of engaged residents.

Service Integration & “You Said, We Did” Reporting

- **Risk:** Delays in embedding feedback loops and publishing impact reports.
- **Mitigation** Align “You Said, We Did” updates with existing governance cycles. The plan is to use the Area Panels and add engagement to the performance report and consolidate feedback from multiple activities into single summaries; reuse content across channels (report, web, social) to reduce production; assign clear, rotating ownership for drafting to spread workload.

• LPS Recruitment for New Officers

Risk: Recruitment for three new LPS officers has attracted only one internal application, creating a risk of delays in programme delivery if posts remain vacant.

Mitigation: Move recruitment to external advertising immediately and consider interim support options to maintain delivery timelines.

Key Risks & Mitigations

Mitigation	Responsible Owner	Risk	Timeline
 LPS Consultation Engagement Targets Prioritise high-impact activities	Engagement Manager	HIGH	Ongoing weekly reviews)
 Team Capacity During Peak Periods Sequence work to statutory milestones	Engagement Manager	AMBER	Jan-Feb Mar 2026
 Underrepresented Group Participation Data-led targeting	Senior Engagement Officer	AMBER	Targeting plan live Mar 2026
 Data Quality & KPI Accuracy Align with governance cycles	Performance Lead	HIGH	Quarterly first published Feb 2026
 Service Integration & “You Said, We Did” Reporting Align with governance cycles	Housing Leadership	HIGH	Jan 2026 Feb 2026
LPS Recruitment for New Officers	HR & Programme Lead		

This quarter shows the growing strength of our tenant engagement. By combining strategic programmes, community-led initiatives, and established structures, we have delivered opportunities for residents to influence housing services and shape priorities. While challenges remain—particularly around diversity targets, embedding feedback loops, and sustaining capacity—the foundations laid in October to December position us well for the next phase. Moving forward, our focus will be on co-production, transparency, and measurable outcomes, ensuring that resident voice is not only heard but actively drives service improvement. Together, we are building a housing service rooted in trust, accountability, and shared ambition for better homes and stronger communities.

DETAILED GRASS ROOTS DELIVERY: OCTOBER TO DECEMBER 2025

This section provides a summary of headline engagement activities delivered across the quarter, organised by month. Each activity is mapped to regulatory outcomes demonstrating how community engagement directly supports compliance requirements and service improvement.

OCTOBER 2025

Summary: 40 events delivered, engaging 478 residents

Headline Events

Date	Activity	Location	Area	Residents	Mapped Outcome
02 Oct	Central Area Panel Agenda Setting	C - Btn Town Hall	Central	1	Influence: Empower residents in decision-making
6 Oct	East Area Panel Agenda Setting	E - Online	East	1	Influence: Empower residents in decision-making
6 Oct	Tenant engagement for potential involvement	Philips House	West	1	Supports regulatory standards
7 Oct	Phoenix NAP review	Phoenix Community Centre	Central	6	Transparency: Build trust through open engagement
7 Oct	Coldean RA	St Mary Magdelene	North	50	Transparency: Build trust through open engagement

7 Oct	Housing planning consultaion	Cowley Drive	East	20	Supports regulatory standards

Community Engagement Going Forward Diary

January - March 2026

This going forward diary details planned community engagement activities for the next quarter, building on the work completed in October-December 2025. The activities span our three key workstreams: Strategic Programmes, Community-Led Activities, and Established Structures.

January 2026

Total activities: 17 – these activities will grow as planning is developed for the more strategic projects.

Date	Time	Activity	Type	Location
8 January	11am	Community Planning re communal garden	Tenant Group Support	Evelyn Court, Portslade
8 January	2pm	Liaison with Community Association	Strategic Tenant Engagement	Craven Vale, Queens Park
8 January	6pm	Support to Conway Court TRA	Tenant Group Support	Conway Court
12 January	11am	Negotiations with community group	Governance	Vallance Centre
12 January	1.30pm	Area Panel Agenda Setting Meeting	Governance	Brighton Town Hall
12 January	2.30pm	Area Panel Agenda Setting Meeting	Governance	Brighton Town Hall

Date	Time	Activity	Type	Location
13 January	10am	Stock Condition Tenant Workshop	Strategic Tenant Engagement	Brighton Town Hall
14 January	7pm	Liaison with Community Association	Strategic Tenant Engagement	Craven Vale, Queens Park
15 January	1.15pm	Area Panel Agenda Setting Meeting	Governance	Brighton Town Hall
15 January	4pm	Area Panel Agenda Setting Meeting	Governance	Woods House, Brighton & Hove
15 January	6pm	Observer with EDB bid project	Tenant Group Support	St Richards Community Association
16 January	10am	Facilitating group development	Strategic Tenant Engagement	Barnard centre
26 January	10am	Partnership Community Orchard	Partnership	Mile Oak

Date	Time	Activity	Type	Location
26 January	5:30-7pm	Resident Advisory Group (RAG) meeting for Nettleton & Dudeney residents	LPS Engagement

Quarter 3 2025/26 council housing performance – key trends

Top scores (compared to target)

1. Calls answered by Housing Customer Services (90% vs 85% target)
2. Calls answered by Repairs Helpdesk (89% vs 85% target)
3. Surveyed tenants satisfied with repairs: customer service (99.8% vs 96% target)
4. Surveyed tenants satisfied with repairs: standard of work (98% vs 96% target)
5. Emergency repairs completed within 24 hours (99.6% vs 99% target)

Bottom scores (compared to target)

1. Stage two complaints upheld (45% vs 18% target)
2. Average time to complete routine repairs (36 days vs 15-day target)
3. Average time to approve applications for disability adaptations (14 weeks vs 10-week target)
4. Routine repairs completed within 28 calendar days (61% vs 70% target)
5. Average re-let time excluding time spent in major works (47 days vs 42-day target)

Biggest improvements (since previous quarter)

1. Average time to complete routine repairs (47 to 36 days)
2. Stage two complaints upheld (50% to 45%)
3. Calls answered by Housing Customer Services (88% to 90%)
4. Stage one complaints responded to within 10 working days (75% to 77%)
5. Routine repairs completed within 28 calendar days (60% to 61%)

Biggest drops (since previous quarter)

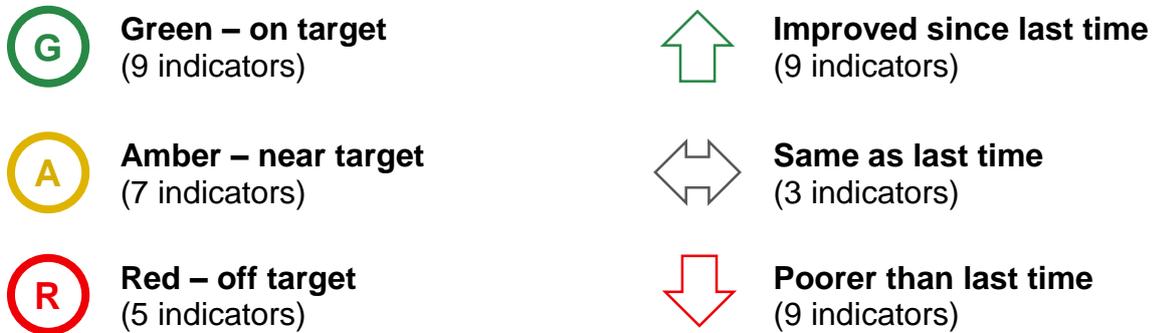

1. Average re-let time excluding time spent in major works (42 to 47 days)
2. Average time to approve applications for disability adaptations (13 to 14 weeks)
3. Calls answered by Repairs Helpdesk (90% to 89%)
4. Lifts restored to service within 24 hours (94% to 89%)
5. Rent collected from current council tenants (92.8% to 92.0%)

Housing performance report

Quarter 3 2025/26

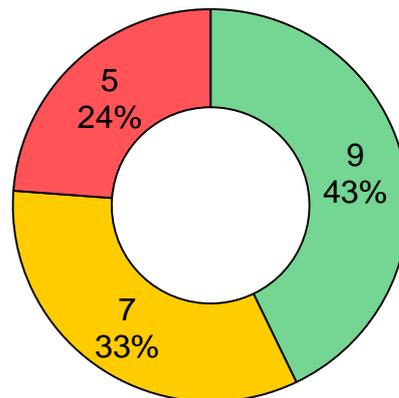

This report provides updates on performance indicators covering a wide range of housing services provided by Brighton & Hove City Council. The report covers Quarter 3 (Q3) of the 2025/26 financial year and uses red, amber and green ratings, as well as trend arrows. Commentary has been included for all indicators that are red as well as any marked 'Corporate KPI.'

The ratings and trends for the quarter are as follows:

Performance indicators (Q3 2025/26)

- 9 are green (on target)
- 7 are amber (near target)
- 5 are red (off target)

 Customer feedback (all indicators in this table are for the financial year to date)		Target (amber value)	Q2 2025/26	Q3 2025/26	Status against target	Trend since last quarter
1.1	Compliments received from customers	Info	63	109	-	-
<p>Overlapping themes covering the majority of the 109 customer compliments received during 2025/26 to date included staff politeness (76%), professionalism (76%), good communication (63%), empathy (57%) and teamwork across services (56%).</p>						
1.2	Stage one complaints responded to within 10 working days	80% (70%)	75% (284 of 380)	77% (604 of 789)		
1.3	Stage one complaints upheld	Info	50% (191 of 380)	54% (425 of 789)	-	-
<p>The 789 stage one complaints received during 2025/26 to date were most commonly about unhappiness with the outcome of a service request (30%), unhappiness with service delivery (23%) and delays completing repairs (18%). These are more likely to be upheld when there is evidence of gaps in service delivery, such as delayed responses to service requests, and less likely to be upheld when it comes to disagreement with policies or procedures that were followed correctly.</p>						
1.4	Stage two complaints responded to within 20 working days	Info	78% (59 of 76)	83% (111 of 134)	-	-
1.5	Stage two complaints upheld	18% (20%)	50% (38 of 76)	45% (60 of 134)		
<p>During 2025/26 to date, 134 stage two complaints were investigated by the corporate Customer Feedback team, after they were escalated following the stage one response from the relevant housing service. These complaints were most commonly about unhappiness with the outcome of a service request (33%), delays completing repairs (20%) and unhappiness with service delivery (18%). The 60 stage two complaints which were then upheld were more often about demonstrable problems with service delivery, such as delays completing repairs, whereas those not upheld more often reflected disagreement and dissatisfaction with decisions.</p>						

  Private sector housing		Target (amber value)	Q2 2025/26	Q3 2025/26	Status against target	Trend since last quarter
2.1	Corporate KPI: Private sector homes improved by council intervention	Info	36	37	-	-
<p>Corporate update for 2025/26 to date: The number of private sector homes that have been improved due to council intervention was 107 between 1st April 2025 and 31st December 2025. This is a new indicator for 2025/26 and is currently being monitored without a target to establish a baseline ahead of setting a target for the next financial year. Public comparator data for other Local Authorities is not available. During the next quarter we will continue to monitor the completion of works to ensure cases can be closed and interventions recorded. We will continue to prioritise Minimum Energy Efficiency Standards (MEES) cases which are falling short of the required energy efficiency standards to bring about improvements in these homes.</p> <p>Further information: The result of 107 homes improved so far during 2025/26 breaks down as:</p> <ul style="list-style-type: none"> • 59 closed requests for assistance where there were Category 1 or 2 Hazards in property • 9 where the Energy Performance Certificate (EPC) rating was improved to meet at least an E rating in line with MEES legislation • 39 Houses in Multiple Occupation (HMOs) where the special licence conditions were met. 						
2.2	Total fully licensed Houses in Multiple Occupation (HMOs)	Info	2,244	2,351	-	-
2.3	Requests for assistance received (RFAs)	Info	88	110	-	-
<p>The top categories for requests for assistance received during Q3 2025/26 were dampness (46%) and disrepair to customer's property (16%).</p>						
2.4	Property inspections completed	Info	214	386	-	-
2.5	... of which RFA visits	Info	26	27	-	-
2.6	... of which licensing visits	Info	188	359	-	-
2.7	RFA cases closed	Info	76	56	-	-
2.8	Properties with Category 1 and 2 hazards resolved through informal actions	Info	93% (26 of 28)	100% (22 of 22)	-	-
2.9	Properties with Category 1 and 2 hazards resolved through formal action	Info	7% (2 of 28)	0% (0 of 22)	-	-
2.10	Private sector vacant dwellings (for more than one year) returned into occupation	25 per quarter	85	65		

 Housing options and homelessness	Target (amber value)	Q2 2025/26	Q3 2025/26	Status against target	Trend since last quarter
4.1 Corporate KPI: Homelessness cases presenting during the prevention duty stage	45% (37%)	34% (172 of 502)	41% (174 of 426)		
<p>Corporate update for 2025/26 to date: The proportion of homelessness cases presenting during the prevention duty stage was 36.8% (549 of 1,490) between 1st April 2025 and 31st December 2025. This is below target and slightly underperforms other Local Authorities within the South East of England (benchmark of 37.5%). During the previous quarter, work has continued to focus on early intervention, strengthen the prevention approach and continuing to build close working relationships with the services most likely used by people experiencing homelessness. Recruitment has now been completed to enhance the service to within the Housing Advice and Triage service, to further increase the work of the service to be moved into an early intervention space. The team has been going through a period of induction and training and have reduced the outstanding cases awaiting assessment, meaning focus can now move to early intervention work. Work in the coming quarter will continue to focus on exploring predictive analytics to improve early intervention, now the pilot has been completed and results are being analysed. As well as embedding the new staff and looking at how cases are triaged across the service.</p>					
4.2 Corporate KPI: Homelessness prevention cases closed with a successful prevention outcome	53% (52%)	62% (122 of 197)	60% (122 of 204)		
<p>Corporate update for 2025/26 to date: The proportion of homelessness prevention cases closed with a successful prevention outcome was 59.5% (331 of 556) between 1st April 2025 and 31st December 2025. Furthermore, there have been 77 early intervention cases with successful outcomes, in addition to the 331 successful prevention cases. These 408 cases combined represent approximately £593k of financial mitigations achieved during 2025/26 to date. The council's work to prevent homelessness continues to exceed target and outperform other Local Authorities within the South East of England (benchmark of 52.2%) The new Homelessness and Rough Sleeping Strategy is now in consultation for partners and residents to comment and provide input. This new strategy, has proposed prevention of homelessness and rough sleeping as a key priority and will continue to drive the council's work to prevent homelessness.</p>					
4.3 New households with a full housing duty accepted	Info	180	189	-	-
4.4 Number of households on the housing register	Info	5,862	5,866	-	-

4.5 Rough sleeper estimates (yellow) and counts (blue)

	Temporary accommodation	Target (amber value)	Q2 2025/26	Q3 2025/26	Status against target	Trend since last quarter
5.1	Corporate KPI: Total households in temporary accommodation	Info	2,125	2,170	-	-
<p>Corporate update for 2025/26 to date: As of 31st December 2025, there were 2,170 households in temporary accommodation — an increase of 200 since 31st March 2025. While this is a trend indicator with no formal target, the rise reflects both local pressures and a broader national challenge. Across England, the number of households in temporary accommodation reached a record high of 131,140 at the end of March 2025 — a 12 % increase compared to a year before. In this context, the city’s figures represent approximately 1.7 % of the national total, despite having a smaller population share. This suggests a disproportionately high demand for temporary accommodation locally, underscoring the acute housing pressures facing the area. The council continues to prioritise early intervention and prevention, as evidenced by strong performance under the prevention duty, with over 300 households having their homelessness prevented by end-Q3 of this year. The council also continues to invest in Temporary Accommodation, with 60 council-owned Temporary Accommodation homes expected to be delivered this year, with a commitment to deliver a further 200 properties in future years. This work remains central to the council’s commitment to building a fair and inclusive city, with homes for everyone, and aligns with national efforts to reduce homelessness through expanded access to affordable housing and strengthened prevention strategies.</p>						
5.2	Rent collected for temporary accommodation (year to date including changes in arrears)	95% (90%)	97.1% (£8.6m of £8.9m)	95.0% (£12.9m of £13.6m)		
5.3	Void temporary accommodation dwellings	Info	122	159	-	-
<p>There were 159 void temporary accommodation dwellings on 31st December 2025, of which 79% (126 of 159) became voids during Q3 2025/26. This indicator now covers all types of temporary accommodation voids, including those undergoing works, and provides a breakdown of their status. Of these 159 voids, 7 were newly acquired dwellings (4%), 17 (11%) were being prepared for works, 44 were undergoing works (28%), 42 were ready to let (26%), 4 were void for other reasons (3%) and 45 were being prepared by a ‘block booked’ accommodation provider (28%).</p>						
5.4	Seaside Homes properties with a valid Landlord’s Gas Safety Record	100% (99%)	99.8% (493 of 494)	99.4% (491 of 494)		

6.1 New supply of additional council homes

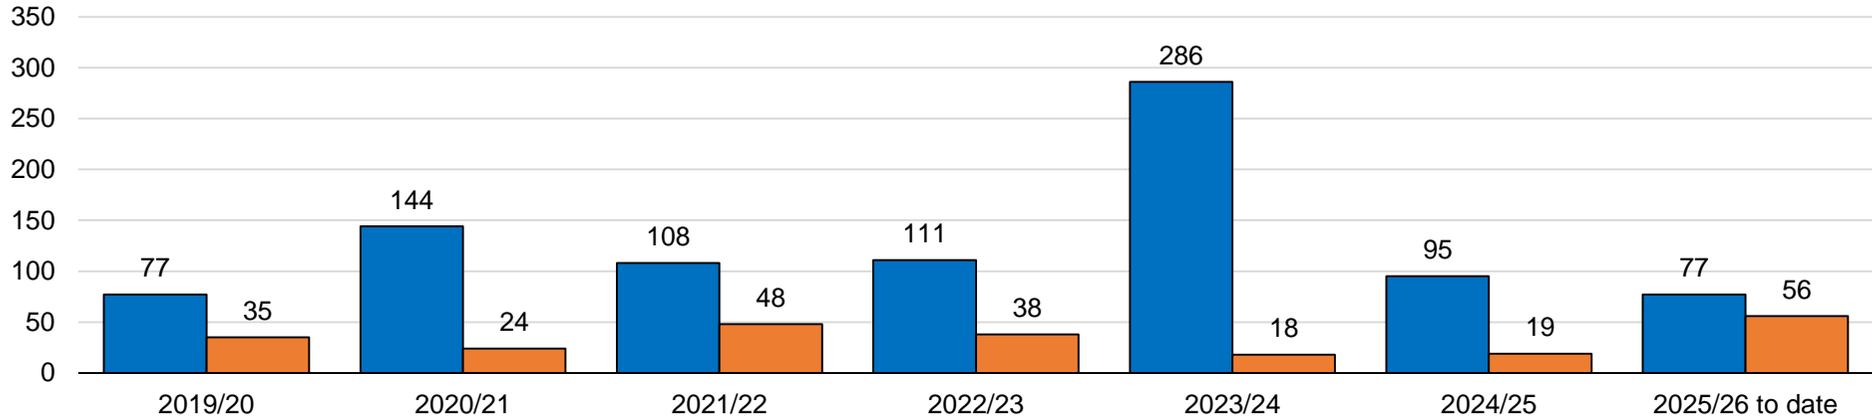

A total of 821 homes were completed between April 2019 and March 2025 and a further 140 are projected for completion during the 2025/26 financial year.

- 2019/20: 77 homes – buy backs (43), Hidden Homes (6), Kensington Street (12), Tilbury Place (15) and Devon Lodge (1)
- 2020/21: 144 homes – buy backs (64), Buckley Close (12), Hartington Road (38) and Hawkridge Court (30)
- 2021/22: 108 homes – buy backs (90), Hidden Homes (8) and Oxford Street (10)
- 2022/23: 111 homes – buy backs (69) and Victoria Road (42)
- 2023/24: 286 homes – buy backs (62), Homes for Brighton & Hove rented units (49 at Quay View and 127 at Coldean Lane), Hidden Homes (4), Kubic Apartments (38), Charles Kingston Gardens (2) and Grand Parade (4)
- 2024/25: 95 homes – buy backs (74), and St Aubyn’s (21)
- 2025/26: 140 homes – buy backs (100), Martin Road (1), Palace Place (11) and Brickfields (28). This projection is above the target of 110 for the financial year.

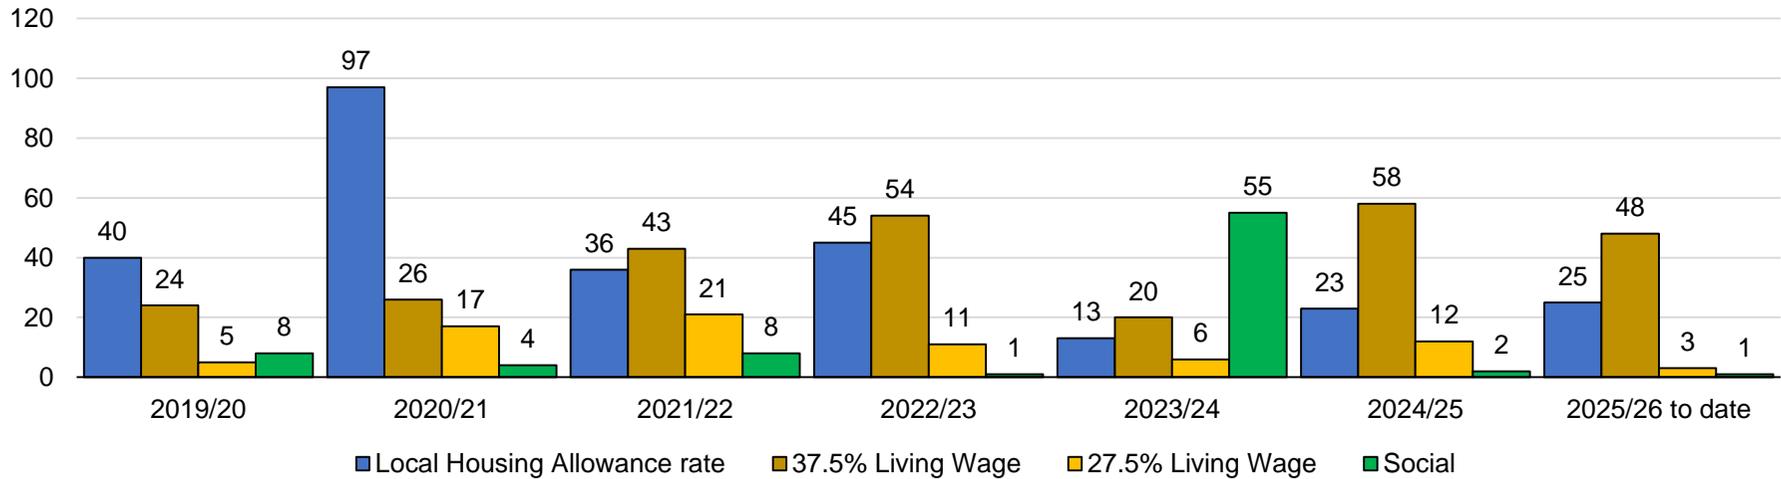

6.2 Additional council homes per year (actual and projected)

6.3 Additional council homes completed compared to those sold through the Right to Buy (RTB)

6.4 Additional council homes by rent level

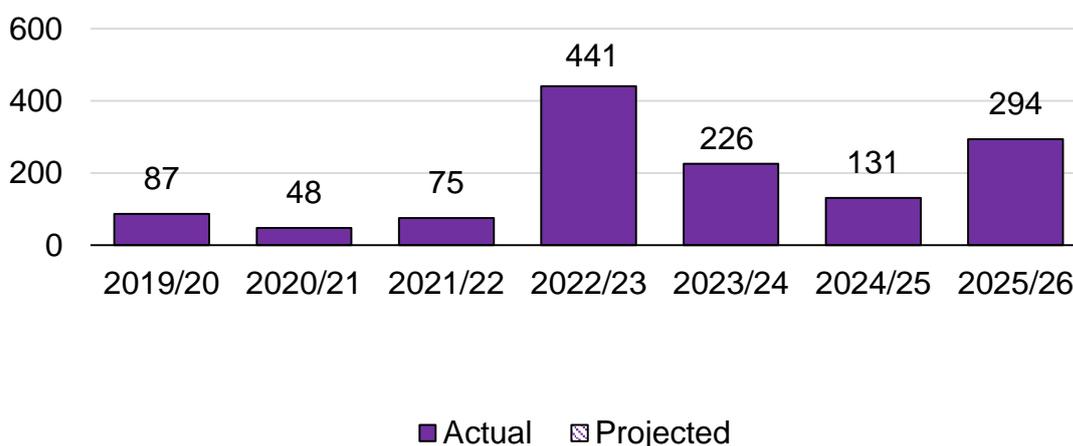

6.5 New supply of other affordable homes

A total of 1,008 homes (418 rent and 590 shared ownership) were completed between April 2019 and March 2025 and a further 294 homes (149 rent and 145 shared ownership) are projected for completion during the 2025/26 financial year.

- 2019/20: 87 homes – Montpelier Place (5), Kingsway (54) and Circus Street (28)
- 2020/21: 48 homes – Freehold Terrace (8), Plumpton Road (2), Nevill Road (4) and Preston Road (34 from two providers)
- 2021/22: 75 homes – Preston Barracks (19), Falmer Avenue (13), Hangleton Way (33) and Lions Gardens (10)
- 2022/23: 441 homes – Edward Street (33), School Road (104), Preston Barracks (67), Graham Avenue (125), Sackville Hotel (7), New Church Road (5) and King’s House (100)
- 2023/24: 226 homes – Homes for Brighton & Hove shared ownership units (55 at Quay View and 115 at Coldean Lane), York and Elder (22), Hove Gardens – Ellen Street (16) and Allingham Place – Ovingdean (18)
- 2024/25: 131 homes – Davigdor Road (5), Home X – Preston Barracks (16), St Aubyn’s – Rottingdean (16), Lyon Quarter (77), Hove Central (17)
- 2025/26: 294 homes – Lyon Quarter (77), Coombe Farm (59), Home X – Preston Barracks (89), Wellesbourne – Preston Park (30) and Moda – Hove (39)

6.6 Other additional homes per year (actual and projected)

 Council housing management		Target (amber value)	Q2 2025/26	Q3 2025/26	Status against target	Trend since last quarter
7.1	Corporate KPI: Rent collected from current council tenants	95.92% (94.19%)	92.75% (£70.7m of £76.2m)	92.04% (£70.3m of £76.3m)		
<p>Corporate update for 2025/26 to date: As of 31st December 2025, the proportion of rent collected from current tenants of council owned homes is forecasted at 92.04% (£70,272,775 of £76,349,391) for the 2025/26 financial year. This collection rate currently underperforms the target of 95.92%, which has been set to match the benchmark from Housemark for Local Authority social landlords with 10,000 or more homes. The managed migration to Universal Credit (UC) has accelerated significantly, with around 900 tenants known to have moved from Housing Benefit (HB) to UC during 2024/25. This trend has continued into the current financial year, with approximately 1,145 tenants migrating by Q3 2025/26. This shift has had a notable impact on rent arrears. The latest group of tenants includes many who receive Employment Support Allowance (ESA), so include individuals with higher levels of vulnerability, requiring more intensive support to navigate the complexities of the UC system. This challenge is particularly acute in the city. The Department of Work and Pensions (DWP) recognise that Brighton & Hove is out of sync with most of the country in relation to the vulnerabilities of this cohort as a significant portion are in receipt of ESA because of a mental health condition, rather than a physical vulnerability. In response, we have strengthened our focus on early intervention and prevention. Housing staff are making early contact with all new tenants and those who have recently migrated to UC, helping to establish payment plans from the outset. A Senior Income Advisor has also been in post since June 2025 to help resolve the most complex UC migration cases alongside closer collaboration with the council's Welfare Rights Team. The team has also increased direct payments from UC. During Q3 2025/26, this has averaged £1.9 million per calendar month across 4,150 revenue accounts. This represents a significant shift in how rent is collected and has helped to mitigate the risk of arrears by ensuring more consistent income flows.</p>						
7.2	Evictions due to rent arrears	Info	0	0	-	-
7.3	Evictions due to anti-social behaviour (ASB)	Info	1	0	-	-
7.4	ASB cases opened	Info	207	216	-	-
<p>There were also 410 live ASB cases on 31st December 2025, including those opened before Q3. The housing service wishes for residents to report ASB, so the number of cases can be driven by both reporting and incidents, and the service welcomes the former.</p>						
7.5	ASB cases closed	Info	198	177	-	-
7.6	Average days to close ASB cases	Info	182	169	-	-
7.7	Calls answered by Housing Customer Services	85% (80%)	88% (5,156 of 5,878)	90% (4,610 of 5,122)		
7.8	Emails received by Housing Customer Services	Info	6,649	6,772	-	-

 Council housing management		Target (amber value)	Q2 2025/26	Q3 2025/26	Status against target	Trend since last quarter
7.9	Number of council homes let	Info	126	122	-	-
7.10	... of which first lets of new council homes	Info	27	27	-	-
7.11	... of which re-lets of previously occupied homes	Info	99	95	-	-
7.12	Average 'key to key' re-let time in calendar days including time spent in major works	Info	72	86	-	-
7.13	Average re-let time in calendar days excluding time spent in major works	42 (49)	42	47		
7.14	Void council dwellings (includes new properties)	Info	129	144	-	-
<p>There were 144 void council housing dwellings on 31st December 2025, of which 14 (10%) were being prepared for works, 90 were undergoing works (63%), 34 were ready to let (24%) and 6 were void for other reasons (4%) on this date. Furthermore, 76% of these dwellings (109 of 144) became voids during Q3 2025/26.</p>						

 Council housing maintenance		Target (amber value)	Q2 2025/26	Q3 2025/26	Status against target	Trend since last quarter
8.1	Corporate KPI: Emergency repairs completed within 24 hours	99% (97%)	99.6% (3,045 of 3,058)	99.6% (3,351 of 3,363)		
<p>Corporate update for 2025/26 to date: The proportion of emergency repairs completed within 24 hours was 99.6% (9,303 of 9,342) for repairs completed between 1st April 2025 and 31st December 2025. This is above the target and outperforms most other Local Authority social landlords with 10,000 or more homes (benchmark of 93.7%). Awaab's Law, which sets strict timeframes for all social landlords to fix damp, mould, and emergency hazards came into force on 27th October 2025 and Repairs & Maintenance have set up new performance indicators to monitor compliance with these new duties through the Housing Safety & Quality Assurance Board. For now, these indicators are separate to the Corporate KPIs relating to the completion of emergency and routine responsive repairs, but the service will review these KPIs in anticipation of the next financial year.</p>						
8.2	Corporate KPI: Routine repairs completed within 28 calendar days	70% (58%)	60.5% (4,862 of 8,037)	61.2% (4,196 of 6,858)		
<p>Corporate update for 2025/26 to date: The proportion of routine repairs completed within 28 calendar days was 59.1% (13,291 of 22,471) for repairs completed between 1st April 2025 and 31st December 2025. This is below the target and underperforms most other Local Authority social landlords with 10,000 or more homes (benchmark of 78.8%). The proportion of routine council housing repairs completed within 28 calendar days is impacted by the number of old routine jobs among those completed, with 3,384 originally issued before 2025/26. Of the 19,077 jobs issued during 2025/26 to date, 67.9% (12,962 of 19,077) were completed within 28 days, which is close to the 70% target. Although the target has not been met yet, performance against this indicator has been improving, with year-to-date 2025/26 performance currently 11.3pp above the 2024/25 result of 47.8%.</p>						
8.3	Average days to complete routine repairs	15 (17.5)	47	36		
<p>The average time taken to complete routine repairs is also impacted by the old routine jobs among those completed. Please see the update above for more information about recent progress.</p>						
8.4	Calls answered by Repairs Helpdesk	85% (80%)	94% (15,325 of 16,349)	89% (17,562 of 19,782)		
8.5	Emails received by Repairs Helpdesk	Info	5,761	5,551	-	-
8.6	Online forms received by Repairs Helpdesk	Info	884	461	-	-
8.7	Surveyed tenants satisfied with completed repairs: standard of work	96% (92%)	98% (2,213 of 2,253)	98% (1,550 of 1,576)		

 Council housing maintenance		Target (amber value)	Q2 2025/26	Q3 2025/26	Status against target	Trend since last quarter
8.8	Surveyed tenants satisfied with completed repairs: overall customer service	96% (92%)	99% (2,225 of 2,253)	99.8% (1,573 of 1,576)		
8.9	Corporate KPI: Council dwellings meeting Decent Homes Standard	100% (96.3%)	97.2% (11,873 of 12,212)	97.4% (11,896 of 12,219)		
<p>Corporate update for 2025/26 to date: The proportion of council owned homes that meet the government's Decent Homes standard was 97.4 % (11,896 of 12,219) on 31st December 2025. This is below the target of 100 % but outperforms most other Local Authority social landlords with 10,000 or more homes (benchmark of 94.8%). Our reporting is more consistent as a result of council employed stock condition surveyors who are undertaking surveys to a wide variety of homes and locations. Several teams within Housing are collaborating to enhance the stock condition data, for example, by ensuring new elements are fully updated following works, in the asset database, and further staff training on recording it has been undertaken. Housing IT systems are now embedded and managed to ensure data is kept up to date which has improved reporting.</p>						
8.10	Corporate KPI: Council homes that have an EPC rating of A to C	91.2% (90.8%)	89.2%	89.2%		
<p>Corporate update for 2025/26 to date:</p> <ul style="list-style-type: none"> • Warm Homes: Social Housing Fund – Grant Funding Agreement signed and all conditions met, contract with delivery partner signed and mobilised, engagement with Year 1 households has begun including all relevant surveys prior to works beginning in February 2026. • Solar PV programme – installs continued at planned rate of 6 to 8 per week • Whole house retrofit pilot – 13 houses surveyed and 2 retrofitted as part of pilot to establish model for future embedded programme linked to heating and hot water planned programme (previous gas boiler programme) with a further 4 houses identified for surveys • Engagement sessions have taken place across a number of seniors housing schemes as a first step on developing decarbonisation plans for each scheme • Partial decarbonisation of heating and hot water services at one senior housing scheme has begun, due to complete in March 2026 • Full decarbonisation of Manoj House (38 council-owned temporary accommodation homes) heating and hot water services was completed in Q3 2025/26 						
8.11	Council dwellings with a valid Landlord's Gas Safety Record	100% (99%)	99.99% (10,031 of 10,032)	100% (10,020 of 10,020)		
8.12	Lifts restored to service within 24 hours	95% (90%)	90% (154 of 171)	89% (172 of 194)		
<p>Figures show 22 lifts were restored to service outside the 24-hour target during Q3 2025/26. These lifts were out of service for an average of 4 days during the quarter, with 8 days being the longest. The lift contractor had reduced staffing capacity over this period, which led to an increase in complex repairs that exceeded the 24-hour target. Council contract management staff have been working closely with the contractor to improve lift technician availability and breakdown response times.</p>
