### 2. Housing centre lease information

- 2.1. The Housing Centre currently acts as the hub of the delivery for our housing maintenance services.
- 2.2. Mears, K&T Heating and council Housing teams are based here. The building is leased to the council.
- 2.3. The current approach has been for contracts to be let with a requirement that contractors co-locate with the council in the Housing Centre and consequently do not charge for local office space. This has allowed the council to benefit in the following ways:
  - Ensure close working and problem solving with main contractors
  - Smooth mobilisation of contracts by providing office space to contractors
  - Ensure contractors have a local operation
  - Maximise use of Housing Centre space
  - Take financial risk and influence of local commercial space provision away from key contracts
  - Avoid contract preliminaries and overheads and profit being applied to office space
- 2.4. The lease for the housing centre began on 2<sup>nd</sup> July 2010. It runs for 20 years until 1st July 2030.
- 2.5. There are two break causes in the lease 2<sup>nd</sup> July 2020 and 2<sup>nd</sup> July 2025.
- 2.6. 7 months' notice is required to act on a break clause.
