Ref licence application: licence 1445/2018/05072/LAPREN

Shirin AbdulRahman

88 elm drive

Hove

Bn3 7jl

Dear sir or madam

Letter in response to objection and obligations we have received.

Thank you for forwarding us the obligation made by Lauren leader on the extension of licence application.

We have taken all the measure how we will operate it is obvious by reading what problems Mrs Laura has described. I'm writing in response to her obligation and further to clear how we will operate.

Mrs Laura has mentioned to her understanding we will be delivering alcohol and will have delivery service until 4am and she has extreme concern about this.

Yummy tandoori. We would like to make it clear that we will not be selling any alcoholic or any dangerous substance and the shop will only deliver the food until 2am not 4am 7 days a week. We believe it is not a big issue as it's being made by the obligator.

Mrs Laura has mentioned this is a reasonably quiet area with only 1 shop open with majority of people are families with school kids and elderly. And believe it will not add any benefit to the local area.

Yummy tandoori. We believe it's not only in the benefit of Mrs Laura if she will not benefit that does not state anyone else in the area would. We had advertised in the news paper and post sign on the street and have not received any other obligation other than Miss Laura clearly. If other member of the Elm Drive and Rowen Avenue resident had issue they would make obligation against the licence extension. We have asked the local community before applying for extension and many of them said it's a great idea and they need 1 around the area. Just because Mrs Laura doesn't benefit from it doesn't mean other won't either.

Mrs Laura mentioned prevention of crime and disorder. She seems to think people a kebab shop has different clientele than Indian food and people and it will encourage loitering and vandalism which is a growing issue already.

Yummy tandoori. We have taken this into account and have been doing business in the area for over a year already. I think she's desperately trying for us to not have the licence for example in her earlier statement she mentioned "it's a quite residential area with professionals and elderly living in the area" then all of sudden there is going to be loitering and vandalism will be being caused just because a kebab shop I would like the council to consider this by themselves. In this parade there is only 3 shops and collection stops at around 8pm after dinner but there is a big demand for delivery around the area 'Hangleton, Mile Oak, Fishergate, Portslade, Southwick, Hove, surely people won't be traveling all the way to Elm Drive to collect kebab at 1am in the morning?

Mrs Laura also mentioned that people might not realise and come to an area specifically to get a kebab on their way home from pub and this will cause and will increase violence and crime and **WE ARE KEEN TO AVOID.**

Yummy tandoori. We would like to make it clear and would like her to understand that how we are going to operate as a business and the location of the shop plus people around us we do think of everyone **PLEASE UNDERSTAND AND CONSIDER THIS CAREFULLY** we will mention on our menu that collection close at 11pm means the shop door will **SHUT** at 11pm and light will go off with curtain being put on shop window to avoid people thinking the shop is still open. I hope this explains even to a drunk person that shop is shut.

Now public safety.

Mrs Laura mentioned the shop is located at top of the green and delivery vehicle only has to pull out into Elm Drive and believe that cars drive too fast as it is and believe there will be an extra traffic from 11 till 2 am accident and near miss has been reported and people driving at 60mph which is endangering public safety.

Yummy tandoori. We understand that but it does not make a difference whether cars are being driven at 1am or 6pm it does not change the layout of the road at 6pm and becomes dangerous at 1am so if council can improve the road that would benefit all of us but it does not affect us and we have no complaint against it. I believe that Mrs Laura is overestimating people driving over 60mph I think people drive more reasonable on this road than main roads.

Mrs Laura also mentioned that over the green into short cut path leads to Knoll Park and back to graveyard and then leads to Old Shorham Road and have noticed moped being used by Deliveroo used as short cut through for delivery and is dangerous for accident late night dog walkers and people have already come face to face with moped being used illegally and it could easily result in an accident a person being injured.

Yummy tandoori. We want to make it clear that our shop does not use moped. It would be such a stupid way to deliver food at 1am while people are asleep we want Mrs Laura to understand that we are professional and understanding people that cares for neighbour not only public safety and noise but also environment and friendliness. We have never come

across and it is a matter for police to investigate people using any way as short cut perhaps suggest installing CCTV to stop this happening as it's unacceptable.

Prevention of public nuisance

Mrs Laura also mentioned that the increase in delivery vehicle or mopeds make a large amount of noise. Racing engine and slamming doors moped whizzing. We are not a student it is unlikely we would use this service but we will be the one to bear the noise. bin emptying and smell of cooking until late night.

Yummy tandoori. We do not use moped and we will only have 1 driver and with today's modern technology noise can be avoided by using Toyota PREVIOUS as it's economical and does not have a high sound of engine revving and really quite. The shop will be closed and we have canopy with through the smell out of food smoke. Just because Mrs Laura in particular won't use this service does not mean others won't. As no one else put an obligation and we have asked the local community before applying for licence.

We would appreciate if Mrs Laura consider this and give us the chance to carry on leaving us to serve the rest of the community and we respect her values comfort and effort in raising issue.

Kind regards

To council dear sir or madam

We understand the obligation and have explained to Mrs Laura how we will operate. Please make the true judgement how it will work. Mrs Laura did not asked how we will oprate but rather submitted a complaint against issuing a licence without the knowledge how it will work. I'm sure you have issued license to shop in the past. and more profesnal in understanding this sort of sinnario. We know people have concern about nuisance but there is way of doing this and better planning. Mrs Laura seems to enjoy making complaint about road layout the knoll park the kebab shop ect. There is a big demand for food delivery at night in the area we have mentioned we are happy for you to set conditions on issuing the licence in any way you feel even the sussex police have said it's safe to deliver untill 2pm. Please consider this carefully as it's a matter of business establishing and serving the community we trust your judgement.

Kind regards
