

MEMBER INVOLVEMENT - WRITTEN QUESTIONS

The following written question has been submitted:

(i) Residential and Nursing Bed Spaces

Given the extraordinary pressure on local authority finances including those of our council, and the particular stresses in Adult Social Care budgets, can Cllr Yates advise on the council Administration's response to apparent competition between BHCC and our local CCG for residential and nursing bed spaces in the city and the fact that this might be unnecessarily driving up prices, thereby impacting on budgets?

Councillor Sykes
