3. RELEVANT BACKGROUND INFORMATION / CHRONOLOGY OF KEY EVENTS:**3.1 The Petition****To Halt the Rollout of 5G Technology.**

Lead Petitioner – Gill Foote

Additional Information:

We the undersigned petition Brighton & Hove Council to halt the rollout of 5G technology in Brighton & Hove and invoke the Precautionary Principal adopted by the EU in 2005 which states: "When human activities may lead to morally unacceptable harm that is scientifically plausible but uncertain, actions shall be taken to avoid or diminish that harm." We, the residents of Brighton & Hove, insist that our City Council invoke the Precautionary Principal regarding 5G technology and all associated infrastructure before deploying it in our city. We (the residents) now call for independent research and for the City Council to

prove to its constituents that 5G is SAFE and poses NO risk to human health, animals, wildlife, insects, birds and the ecosystem as a whole. Once 5G is deployed fully, it will expose people 24/7 to mandatory radiation without their informed consent, which constitutes a blatant breach of their Human Rights. WE DO NOT CONSENT UNTIL PROVEN SAFE

4. PROCEDURE:

4.1 The petition will be debated at the Council meeting in accordance with the agreed protocol:

- (i) The Lead petitioner will be invited by the Mayor to present the petition and will have up to 3 minutes in which to outline the prayer of the petition and confirm the number of signatures;
