## Revised Ofsted Education Inspection Framework 2019

The revised Education Inspection Framework is now in place. It is important to note that achieving a judgement of 'outstanding' is more challenging under this framework:

Outstanding is a challenging and exacting judgement. In order to reach this standard, inspectors will determine whether the early years provision meets **all** the criteria set out under 'good' for that judgement and does so **securely** and **consistently**. In other words, it is not enough that the provision is strong against some aspects of the judgement and not against others: it must meet each and every criterion. **In addition**, there are further criteria set out under the outstanding judgement, **all of which** the provision will **also** need to meet. Provision should only be judged 'outstanding' in a particular area if it is performing exceptionally, and this exceptional performance in that area is consistent and secure across the whole provision (Ofsted 2019)

Accordingly, it is likely that some settings with a current judgement of outstanding will not retain this grading.
