Appendix A - comments to TRO-4e-2020 (annual resident visitor permit)

	Who	Road	Support/ Object	Reasons
1	Resident	Hawkhurst Road	Object	Unhappy with the cost when pay council tax and other charges.
2	Resident	Hawkhurst Road	Object	Introduced to help B&H Albion get a stadium, not fair for residents to pay for something they didn't want.
		Hawkhurst Road	Object	Shouldn't have to pay for friends or family to visit, particularly in an unregulated area.
				Infringes on civil liberties by essentially banning visitors.
3	Resident			Many would struggle to afford to pay for the permit
				Is there a limit? as it would stop people from being able to have lots of people visiting (parties,
				family get-togethers) when football is on.
		Saunders Hill	Object	No shortage of parking space in Coldean.
4	Resident			Puts pressure on people who can't afford to convert gardens into parking.
				Should not encourage front gardens being made into parking.
5	Resident	Nanson Road	Object	Choose to live in area as parking is relatively easy and free.
				Object to having to pay to park outside of house when it's only for a few days a year.
				Its purpose is only to make money
				HMO houses should be charged for parking more than two vehicles on the road.
		Ingham Drive		Assured that there would be no charge for residents.
6	Resident			Amex was forced on residents so parking issues should be funded by them.
				Feel there should have been postal communication to residents.
7	Resident	Saunders Hill	Object	Will adversely affect residents more than help match day parking and use of public transport.
				Unhappy with the cost when pay council tax and other charges.
				Park and Ride facilities to the stadium should be improved.
8	Resident	Saunders Hill	Object	Residents should not be penalised for living near Amex.
				Its purpose is only to make money
				Residents should not be penalised for living near Amex.

Standard Standard Object their car in the road even when events not on. Would prefer to abolish the scheme and allow match goers to park in area than to allow the cost to the permit. Benefits of the Albion should be sufficient to allow the scheme to be free.	1	1		ĺ	Most residents have no off-street parking, will have to pay and deal with the procedure to leave
