---

# **Key Considerations in the Application**

---

- Design and appearance of extension
- Standard of accommodation
- Impact on amenity of neighbouring properties
- Vehicle/cycle parking

# Conclusion and Planning Balance

- Extension would be subservient and appropriately designed.
- Impact on neighbouring properties acceptable.
- Flat would offer an acceptable standard of accommodation.
- No cycle parking due to site constraints which is accepted.
- Car parking shall be controlled by 'car-free' condition.
