

Cllr. Les Hamilton
BH2023/00183 – Land East Of 24-30 Manor Hall Close

6th March 2023:

I wish to object to the adverse effect on Gardener Street and the boundary path when it is not necessary. The sensible solution is to purchase a property in Manor Close Southwick and use an existing road as access. Gardener Street is almost exclusively old terraced houses with no garages or off-street parking. No doubt there would be yellow lines put down causing parking problems. If It is still possible I would like this to come to committee if it is recommended for consent. My constituent would then also be able to speak.
