

# Brighton & Hove City Council

## Transport & Sustainability Committee

## Agenda Item 63(b)

**Subject: Member Questions**

**Date of meeting: 6 February 2024**

The question will be answered without discussion. The person who asked the question may ask one relevant supplementary question, which shall be put and answered without discussion. The person to whom a question, or supplementary question, has been put may decline to answer it.

The following written questions have been received from Members:

**(1) Councillor Davis- Pollution**

In Labour's local election manifesto, you committed to "bring an end to noisy and polluting vehicles". Can you tell me when this will happen?

**(2) Councillor Davis- Elm Grove**

Can I have an update in the number of fines collected from pavement parking in Elm Grove.

**(3) Councillor Davis- 20mph limits**

The 20mph speed limit has been an emotive subject but nobody can deny that slower moving vehicles lead to less serious injuries and a safer environment for pedestrians and cyclists and less emissions. TFL have introduced a blanket 20mph speed limit to their central streets alongside and an enforcement team to further enhance city centres and so my question is, would this administration consider following suit and rolling out a city wide 20mph speed limit?

**(4) Councillor Davis- LCWIP**

Can the chair inform the committee of the progress of the LCWIP?

**(5) Councillor Davis- Park & Ride**

Can the chair inform me on the progress and location of the park and ride promised in their manifesto
