Re: Regulation 38 Notice, Paris House, 21 Western Road, Hove, BN31AE

I, the undersigned, make this statement which is true to the best of my knowledge and belief. I understand that if I have said anything in it which I know or believe to be untrue and allow it to be used in evidence then I could be committing an offence.

I wish to make representation for the review of the license of the Paris House as I have been adversely affected by noise created by the premises. This statement sets out how I have been affected by issues of Public Nuisance.

My address: **REDACTED**

I SAY as follows

As a recent former resident of Hove (I moved away in December 2021 after living here for 16 years), I am familiar with the shops, pubs and cafes along Western Road in Hove having been a regular visitor to this area. I still visit **REDACTED** at her home and when I visited her on Monday 19 October 2023 around 2-4pm I was shocked to hear the volume of music emanating from the Paris House pub. It was out of character and much louder than anything I have heard from the pubs and cafes along this road, and I felt it was very intrusive. I commented on this when I arrived at **REDACTED** home, and could still hear it within her home with all her windows and doors closed. Even as just a visitor I found that being forced to listen to noise from the Paris House, while we were talking, was unpleasant and frustrating. I am amazed that this level of noise is allowed at the end of a residential street.

I can imagine how difficult it is to live with this noise every week, and especially having to keep doors and windows closed at the height of the summer.

Name: **REDACTED**
