4. COMMENTARY ON THE LICENSING POLICY

4.1 The following extracts from Brighton & Hove City Council Statement of Licensing Policy are considered relevant to this application and **are numbered as they appear in the policy**:

1 Introduction

1.1 This Statement of Licensing Policy has been prepared in accordance with the provisions of the Licensing Act 2003 (the Act) and having regard to Guidance issued by the Home Office under Section 182 of the act. This policy takes effect from the 5th January 2026. The licensing authority is Brighton & Hove City Council. The purpose of this statement is to promote the licensing objectives and set out a general approach to making licensing decisions. The discretion of the licensing authority in relation to applications under the act is only engaged if 'relevant representations' are made by other persons or responsible authorities. This policy will inform the approach to be taken when deciding applications and imposing conditions when relevant representations are received. It is also intended as a guide for applicants as to what to include in their operating schedules, always recognising that if no representations are received, the application must be granted. The licensing authority must carry out its functions with a view to promoting the licensing objectives and this policy is framed around those objectives. Each application will be given individual consideration on its merit. The scope of this policy covers the following:

- Retail sales of alcohol.
- The supply of alcohol by or on behalf of a club, or to the order of, a member of the club.
- The provision of regulated entertainment.
- The provision of late night refreshment.

1.2 The licensing objectives are:

- (a) the prevention of crime and disorder.
- (b) public safety.
- (c) the prevention of public nuisance; and
- (d) the protection of children from harm.

1.3 Scope

1.3.1 Licensing is about regulating licensable activities on licensed premises, by qualifying clubs and at temporary events. Any conditions attached to various authorisations will be focused on matters which are within the control of individual licensees and others with relevant authorisations, i.e. the premises and its vicinity. Each application will be given individual consideration on its merit. Nothing in this policy shall undermine the right of any individual to apply under the terms of the act for a variety of permissions and to have any such application considered on its individual merits. Similarly, nothing in this policy shall override the right of any person to make representations on an application or seek a review of a licence or certificate where provision has been made for them to do so in the act.

3. Special Policies and Initiatives

3.3 Special Stress Area

Since March 2008, the licensing authority has kept the Special Stress Area (SSA) under review which included in Nov 2018, expanding the SSA into Central Hove and in Nov 2020 it was expanded further into Preston Road and Beaconsfield Road.

- 3.3.1 The map below details the area of the city centre which borders the City Safety Area and which is deemed an area of special concern in terms of the levels of crime and disorder and public nuisance experienced within it. The area recommended for further monitoring and detailed guidance within the Special Policy comprise the following as pictured below delineated in blue.

The Special Stress Area - an area bounded by and including: The west side of Hove Street/Sackville Road, northwards to the intersection with the north side of Blatchington Road, along north side of Blatchington Road and Eaton Road, southwards at the junction onto the east side of Palmeira Avenue and then

eastwards at the junction onto the north side of Landsdowne Road; eastwards to the junction with Furze Hill, along the north side Furze Hill to its end and then due east along the north side of Victoria Road to its junction with Montpelier Road (west side), north to where Montpelier Road joins Vernon Terrace then north to Seven Dials; north west along the west side of Dyke Road until the junction with the Old Shoreham Road, then East along the north side of Old Shoreham Road, continuing on the north end of New England Road, north west at Preston Circus at the junction of New England Road and Preston Road along the west side of Preston Road until the junction with Stanford Avenue then and north east along the north side of Stanford Avenue until the junction with Beaconsfield Road, south along the east side of Beaconsfield Road until the junction at Preston Circus and Viaduct Road, eastwards along the north side of Viaduct Road, then at the junction with Ditchling Road, North East along the north side of Upper Lewes Road until the junction with Lewes Road; south along the Lewes Road to junction with Hartington Road, along the north side of Hartington Road until the junction with St. Helen's Road, south into the north side of May Road, eastwards until its junction with Freshfield Road (east side), then south into Upper Bedford Street, into Bedford Street to the mean water mark south of Bedford Street, then due west until the mean water mark south of Lower Rock Gardens; North on Upper Rock gardens, to the north side of Eastern Road, west along Eastern Road and Edward Street until Grand Parade, north along the Eastern side of Grand Parade to the junction of York Place and Trafalgar Street, West along the Northern boundary of Trafalgar Street, up to and including Surrey Street and then South along the Western boundary of Queens Road to the junction with Air Street, West along the north side of Air Street, South-west to the junction of Western Road Brighton, then West along the North side of Western Road Brighton, South along the West side of Holland Road to the mean water mark south of Kingsway and Kingsway Esplanade as far as the west side of Hove Street/ Sackville Road.

- 3.3.2 This Special Stress Area (SSA) is of concern to the licensing authority because of the relatively high levels of crime and disorder and nuisance experienced within it. The area will be kept under review.
- 3.3.3 For all new and varied applications for premises and club premises certificates within the SSA operators will be expected to pay special attention when drawing up their operating schedules and to make positive proposals to ensure that their operation will not add to the problems faced in these areas. Appendix A of the SoLP sets out a list of potential measures the licensing authority considers may be appropriate. These may be more or less appropriate depending upon the style of operation applied for.
- 3.3.4 On receipt of any application in the SSA, where a relevant representation has been made, the licensing authority will scrutinise the application carefully and will look at the measures proposed in the operating schedules and compare them to the measures set out in Appendix A, Licensing Best Practice Measures. Where discretion has been engaged, those applications which fall short may be refused or conditions applied to comply with policy measures.
- 3.3.5 The Licensing Authority will keep the City Safety Area and Special Stress Area under review. Should the authority find that problems of crime and disorder or

nuisance are not improving, or are worsening, the Special Policy will be reviewed.

3.4 The Matrix Approach

The Licensing Authority will support:

- 3.4.1 Diversity of premises: ensures that there is a mix of the different types of licensed premises and attracts a more diverse range of customers from different age groups, different communities and with different attitudes to alcohol consumption. It gives potential for positively changing the ambience of the city or an area of it. This will have a positive effect in reducing people's fear of crime and in increasing the number of evening visitors to the city centre. The Community Safety and Crime Reduction Strategy [Community safety and crime reduction strategy 2023 to 2026](#) recognises that too many single uses in a confined area and patrons turning out onto the streets at the same time may create opportunities for violent crime and public disorder and therefore supports: mixed use venues encouraging a wider age balance.
- 3.4.2 A 'Matrix' approach to licensing decisions has been adopted and is set out below. It provides a firm framework of what the licensing authority would like to see within its area and gives an indication of the likelihood of success or otherwise to investors and businesses making applications. It underpins the City Safety Policy (see above at 3.1).

3.4.4 **Each application will be considered on its own merits.** However, the Licensing Authority will apply the Matrix Approach in all cases unless there are exceptional circumstances which justify a different approach.

- a). **Applications within the CSA** will be subject to a special policy requiring robust measures to be included in the operating schedule to promote safety. Applications within the SSA will be subject to the special stress policy set out in 3.3.
- b). **Exceptional circumstances.** The Licensing Authority will determine exceptional circumstances on a case-by-case basis. An example of exceptional circumstances could be where the applicant has provided sufficient assurances to the responsible authorities that they do not make relevant representations against the application. Another example is where the application is for a variation to an existing premises licence and the applicant satisfies the criteria for a “good operator”.
- c). **Activities which the Licensing Authority values and wishes to encourage:** LGBTQ+ and TNBI venues; outdoor regulated entertainment; cafes; members' clubs; traditional pubs (outside the CSA); non-alcohol led licensable activities, especially within the city centre. The Licensing Authority will aim to permit these types of venues in appropriate locations, but will consider each case – including any relevant representations – on its own merits.

- d). **Location.** Consideration will be given to the character of the area of the venue in every case. In residential areas, the Licensing Authority will pay particular attention to the potential of a venue to cause public nuisance, especially noise disturbance, littering and anti-social behaviour. In these areas, an early closing time may be appropriate.
- e). **Food and dining venues.** The Licensing Authority will require conditions to ensure that these venues are food-led, such as: alcohol to be sold only to customers taking a substantial table meal; no takeaway service of food for immediate consumption (an ancillary meal delivery service is acceptable). Where the venue has an agreement to use an adjacent outdoor area, the Licensing Authority will require evidence that a pavement licence has been granted for use of the highway (for highway land) or landowner's consent (for land other than a highway).
- f). **Off licences.** Particular consideration will be given to applications for off-licences in areas which already have one or more off-licences in close proximity, due to concerns about street drinking, underage sales and anti-social behaviour. Where relevant representations are made raising these issues, the application is likely to be refused or – if it is appropriate to grant the application – granted subject to a terminal hour in line with neighbouring off licences.
- g). **Outdoor events.** Outdoor events will generally be supported where they have been arranged through the Council's event planning process.

6. Prevention of Crime and Disorder

The following details and measures are intended to address the need for the prevention of crime and disorder which may be associated with licensed premises and certificated club premises. Conditions attached to licences and certificates will, as far as possible, reflect local crime reduction strategies.

- 6.1.1 The licensing authority acknowledges that training and good management play a key part in preventing alcohol and drug related crime. The authority expects that all licensees of on-licensed premises attend training programs which will raise their awareness of the issues relating to spiking, drugs and violence in licensed premises, and that suitable training be extended to all bar staff and door supervisors so that drug dealers and users will be deterred from using licensed premises for illegal purposes and that incidents of violence in licensed premises will be reduced. Licensees are also encouraged to attend training programs to help identify children at risk and issues of basic child protection and vulnerable individuals. It is the duty of the designated premises supervisor (DPS) to train staff on induction concerning conditions on their premises licence and their responsibility to uphold all four licensing objectives.
- 6.1.3 The location of violent attacks, anti-social behaviour and hate crime or related incidents may be used to justify closing times.

- 6.1.4 Measures put in place should support the intentions of Operation Marble (police operational order), which aims to prevent incidents of crime and disorder within the night time economy, at weekends. Operation Marble operates with a view to minimising the risk to the public of being a victim of public place violent crime; to reduce incidents of violent crime and public disorder within the city centre; to deal positively with offences and offenders; to secure and preserve evidence which will assist in the prosecution of offenders and to support the night time economy and the responsibly run businesses within it.

6.2 Sussex Police

- 6.2.1 Sussex Police have a specific Operation relating to the night-time economy called Operation Marble (detailed in 4.3.7) and work closely with partners to ensure a safe and vibrant city centre. Police data shows the correlation between intoxication and violent crime is highest in the city centre. There continues to be an increasing demand for resources further into the early hours of the morning with the highest sustained risk during the week occurring on a Friday into Saturday between 22:00 – 04:00 (with moderately high risk until 05:00) and a Saturday into Sunday between 21:00 – 04:00 (again with a moderately high risk until 05:00). For full details of these statistics see the Police Data set at Appendix E.
- 6.2.2 The dealing and use of drugs remains an issue across the city and Sussex Police welcome proactive policies from licensed premises. A drug safe and seizure recording initiative is in place of which further details can be obtained by contacting Brighton & Hove Police Licensing (brighton.licensing@sussex.police.uk). This initiative encourages licensed premises with Door Supervisors to search and seize drugs from persons attempting to enter their premises and ensures that once drugs are removed from persons, they can be safely collected and destroyed by Sussex Police. We ask that licensed premises make regular contact with Police Licensing to get seized items collected.
- 6.2.3 Dispersal from the city centre during the late evening and early morning remains a policing challenge. Over recent years, there has been a proliferation of off-licences and late night refreshment venues offering walk in/take away services along the city's arterial routes. This has led to incident 'hot spots' where patrons from the night time economy continue to interact, albeit away from any safety measures afforded by on-licences. As such, Sussex Police support the Council's Special Policy in offering guidance to both applicants and the Licensing Committee in relation to off-licences and late night refreshment licences.
- 6.2.4 Sussex Police have continuing concerns that, despite staff training in age-restricted sales, under age individuals are still being served alcohol both on and off the premises in some of the city's licensed premises. As such, regular intelligence-led 'test-purchase' operations are conducted to highlight premises where sales are taking place and ensure appropriate enforcement action is taken to prevent further sales. The introduction of identification scanning machines at premises throughout the city has proved successful in mitigating some risk, but operators must maintain vigilance regarding the fraudulent use of genuine IDs. Sussex Police continue to work alongside the Brighton Crime Reduction

Partnership (BCRP) to tackle the problem of those who use false or another's identification to enter licensed premises and purchase alcohol. The advent of digital identification means that the ID process is continually evolving. There is an expectation by Sussex Police and the Local Authority that licensed premises are proactive around staying informed and abreast of any changes and providing training / support to their staff as required.

6.2.5 Sussex Police work closely with venues and other organisations within the city to protect vulnerable people from becoming victims of crime. As well as work to prevent under age sales, vulnerability training is offered to identify persons who may have been made vulnerable through alcohol or drugs. Additionally, spiking awareness training has regularly been organised by the BCRP, the PCC and other external providers. Sussex Police also support initiatives such as (but not limited to) safe spaces, night safety marshals, mobile teams of volunteers actively checking people's well-being and the Beach Patrol.

6.2.6 Public Space Protection Orders have proved an effective tool for Sussex Police in targeting enforcement action in problem areas of the city. It *'allows Police Officers and Police Community Support Officers to remove alcohol from any person in a public place if that person is involved in anti-social behaviour (ASB) or the officer believes that by having alcohol in their possession there is an increased risk of ASB. It is an offence to refuse to hand over alcohol when required to do so.'* They have been particularly effective in the day time economy where members of the street community are causing ASB issues for members of the public and local businesses, especially during the summer months where there is a large influx of visitors to Brighton & Hove.

6.2.7 Policing the night time economy continues to provide a challenge and in the climate of limited resources and newly emerging problems, Sussex Police support maintaining a Special Policy in the city centre which defines areas of high crime and risk and offers restrictions around types of premises that will be granted to ensure that existing issues are not extended. Police will continue to take enforcement action where appropriate if the actions of a Premises Licence Holder, Designated Premises Supervisor, Door Supervisors or Staff have fallen below the high standard expected across the city. Sussex Police also recognise and support businesses which are aware of their social responsibilities and as such, actively contribute towards keeping Brighton & Hove a safe and enjoyable city.

6.3 Care, control and supervision of premises

6.3.1 The Licensing authority supports the Brighton Crime Reduction Partnership and other approved schemes. Where appropriate, premises licence holders should be members of the BCRP for the deterrence to violent crime that such membership provides. The BCRP NightSafe radio scheme is normally expected as an operational requirement for city centre bars, clubs and pubs and is an example of best practice in achieving the aim of reducing crime and disorder and improving public safety. Well managed pub-watch schemes provide information exchange between the premises licence holders and responsible authorities that reduce and deter violent crime and disorder. The council will support a responsible licensing scheme.

- 6.3.2 The effective management and supervision of a venue is a key factor in reducing crime and disorder, both within it and outside. The police will consider the applicants, objecting to the application where appropriate. The police may suggest crime prevention measures in relation to, for example, the internal layout of the premises, closed-circuit television, help points, lighting and security staff. The police may ask for conditions which support such measures to be imposed when licensing applications are granted, eg type of licence, capacity, operating hours restrictions.
- 6.3.3 Following the grant of a licence, the management and supervision of the premises, in so far as it might impact on crime and disorder, will continue to be monitored. Particular attention will be paid to any licensed premises where there is evidence of criminal activity or any association with racist or homophobic crime. The licensing authority will keep itself well briefed on the nature, location and type of premises where alcohol related violence and disorder are occurring so it can take full account of the facts and avoid exacerbating problems as required by the Community Safety Strategy. Where licensed premises are found to cause nuisance or be associated with disorder or unreasonable disturbance, the review process may be invoked, and powers of revocation or the imposition of conditions may be considered. Conditions may include use of closed-circuit television, licensed door supervisors and earlier closing times. Such action to restrict the operation may be taken for trial periods to allow businesses an opportunity to remedy existing disorder, nuisance or disturbance.
- 6.3.4 This policy recognises the use of registered Door Supervisors. All Door Supervisors will be licensed by the Security Industry Authority. Mobile security units and similar systems are in use by some premises operators as a means of providing security cover at very short notice at premises which may not normally require a permanent security presence. This policy endorses the use of units following such guidance and standards in appropriate circumstances.
- 6.3.5 The development of codes of practice and general operating standards for security companies is encouraged for local businesses; premises operators are urged to ensure that security services, when engaged, are provided by suitably qualified businesses operating to recognised standards and who should be working towards SIA accreditation.
- 6.3.6 Enforcement will be achieved by the enforcement policy appended (Appendix B).

8. Prevention of Public Nuisance

The following details and measures are intended to address the need for the prevention of public nuisance which may be associated with licensed premises and certificated club premises:

- 8.1.1 In determining applications for new and varied licences, regard will be had to the location of premises, the type and construction of the building and the likelihood of nuisance and disturbance to the amenity of nearby residents by reason of

noise from within the premises, as a result of people entering or leaving the premises or from individuals or groups of customers gathered outside (e.g. in order to smoke).

- 8.1.5 In determining applications for new licences or extensions in hours or terminal hours of licensed premises, regard will be had to late night public transport availability and location of taxi ranks to aid dispersal of customers.
- 8.1.6 Reasonable controls are available to all premises operators to minimise the impact of noise from customers outside. The council's Environmental Health Department has issued guidance on a number of steps that can be taken in this respect which are endorsed by this policy (see 8.2 below).

8.2 Smoking Advice

8.2.1 Premises licence holders will be expected to:

- Develop a management plan on how to manage smoking on their premises and ensure that all staff are aware of the contents of this plan, and that it is effectively implemented. Noise from people smoking and talking can be intermittent, vary in character and volume and be intrusive. An effective smoking management plan will help prevent neighbours being disturbed.
- Comply with any planning conditions restricting the use of outdoor areas.
- Ensure that any structures used by smokers comply with the design criteria detailed in the Health Act 2006 and that any structures, awnings, retractable canopies, etc have the relevant planning permission.
- Ensure any new lighting to outdoor areas must be designed so as not to cause a light nuisance to neighbours and again have the relevant planning permission and building control consent.
- Ensure that the conditions on the premises licence are complied with. There may be conditions restricting the hours of use of gardens and outdoor areas. Having reviewed the contents of the premises licence it may be necessary to request a variation of your licence.
- Licence tables and chairs on the Public Highway under the provisions of the Highways Act 1980. These licences may have conditions restricting the times that the area can be used.
- Ensure drinks, glasses and bottles are not taken onto the highway unless there is a tables and chairs licence permitting use. A system should be adopted to prevent theft and 'spiking' of drinks and reminding customers not to leave unattended items.
- Discourage smokers remaining in gardens and outdoor areas and determine terminal hours.

- Discourage smokers remaining outside by removing/disabling tables and chairs or prohibiting their use after a certain time. Lights and heaters will also be turned off.
- Introduce a system that after a certain time the number of smokers outside are restricted to a maximum number. Staff will be needed to manage this restriction.
- Employ staff and/or SIA registered door supervisors to manage doors and control customers and smokers entering and leaving the premises. Staff positioned on the doors can help to encourage customers not to cause a noise problem. It may be that staff are required to manage doors after a certain time, particularly during the hours when neighbouring residents are trying to sleep.
- Ensure door supervisors maintain order outside venues and protect customer safety. BCRP supports the use of Night Safe. Radio net and other pager systems and pub watch schemes can be used to provide for rapid police response and alert other venues where customers and staff are endangered.
- Position signs to remind customers that the premises is in an area where people live. It is not always obvious in busy commercial streets with flats above. By changing the design and wording of signs customers do not forget. Signs can be located in and outside the premises and on tables.
- Use CCTV to manage outside areas.

8.2.2 Licensed premises should normally display prominent, legible signs at exits reminding customers to leave in a quiet, peaceful, orderly manner.

10. Integration of Strategies

10.1 The licensing authority shall secure the proper integration of this policy with local crime prevention, planning policy, transport, tourism and cultural strategies by: -

- Liaising and consulting with Sussex Police, Community Safety Partnership Board, sustainability commission representatives and following the guidance in community safety and crime and disorder strategy
- Liaising and consulting with Public and Drug and Alcohol Programme Board
- Liaising and consulting with the East Sussex Fire & Rescue Service
- Liaising and consulting with the Safety Advisory Group (Emergency Planning)
- Liaising and consulting with the Planning authority
- Liaising and consulting with the Highways authority
- Liaising and consulting with local business and business associations. Having regard to any future documents issued relating to the Private Security Industry Act 2001, for example liaison or information sharing protocols
- Liaising and consulting with the Trading Standards Team, for example with regard to test purchasing codes of practice

10.1.1 In line with statutory requirements and the council's Public Sector Equality Duty, the Licensing Authority shall have due regard to the need to eliminate unlawful

discrimination, and to promote equality of opportunity and positive relations between all people. This includes people who share protected characteristics, including but not limited to LGBTQIA+ people, disabled people, people from diverse ethnic and cultural backgrounds and people of all faiths and none.

- 10.1.2 This policy supports the aims of the tourism strategy, recognising the benefits for the tourism economy of creating a safer and more attractive city centre and improving competitiveness with other European cities. The Licensing Committee should receive any reports relevant to the needs of the local tourist economy and the cultural strategy for the area to ensure that it considers these matters.
- 10.1.3 The Licensing Committee should receive relevant information relating to the employment situation of the area and the need for new investment and employment where appropriate.
- 10.1.4 Specific conditions may be attached to premises licences to reflect local crime prevention strategies. Such conditions may include the use of closed circuit television cameras, use of the NightSafe radio system or accredited scheme, the provision and use of shatterproof drinking receptacles, drugs and weapons search policy, the use of registered door supervisors, specialised lighting requirements, hours of opening. Certificates issued to club premises shall reflect local crime prevention strategies and may include any or all of the requirements listed above.
- 10.1.5 The licensing authority will have regard to the need to disperse people quickly and safely from the city centre to avoid concentrations which may produce disorder and disturbance.

APPENDIX A – Licensing Best Practice Measures

Best Practice Measures to be included for consideration, in the CSA and the SSA

- Staff training – in addition to personal licence holders training, staff must be adequately trained for duties
- Challenge 25 would be the norm, particularly in the off licence trade
