4. COMMENTARY ON THE LICENSING POLICY

- 4.1** The following extracts from Brighton & Hove City Council Statement of Licensing Policy are considered relevant to this application and **are numbered as they appear in the policy:**

1 Introduction

1.1 This Statement of Licensing Policy has been prepared in accordance with the provisions of the Licensing Act 2003 (the Act) and having regard to Guidance issued by the Home Office under Section 182 of the Act.

This policy takes effect from the 5 January 2026. The licensing authority is Brighton & Hove City Council.

The purpose of this statement is to promote the licensing objectives and set out a general approach to making licensing decisions.

The discretion of the licensing authority in relation to applications under the act is only engaged if 'relevant representations' are made by other persons or responsible authorities.

This policy will inform the approach to be taken when deciding applications and imposing conditions when relevant representations are received. It is also intended as a guide for applicants as to what to include in their operating schedules, always recognising that if no representations are received, the application must be granted.

The licensing authority must carry out its functions with a view to promoting the licensing objectives and this policy is framed around those objectives. Each application will be given individual consideration on its merit.

The scope of this policy covers the following:

- Retail sales of alcohol.
- The supply of alcohol by or on behalf of a club, or to the order of, a member of the club.
- The provision of regulated entertainment.

- The provision of late night refreshment.

1.2 The licensing objectives are:

- (a) the prevention of crime and disorder.
- (b) public safety.
- (c) the prevention of public nuisance; and
- (d) the protection of children from harm.

1.3 Scope

1.3.1 Licensing is about regulating licensable activities on licensed premises, by qualifying clubs and at temporary events. Any conditions attached to various authorisations will be focused on matters which are within the control of individual licensees and others with relevant authorisations, i.e. the premises and its vicinity. Each application will be given individual consideration on its merit. Nothing in this policy shall undermine the right of any individual to apply under the terms of the act for a variety of permissions and to have any such application considered on its individual merits. Similarly, nothing in this policy shall override the right of any person to make representations on an application or seek a review of a licence or certificate where provision has been made for them to do so in the act.

3. Special Policies and Initiatives

3.1 Special Stress Area

Since March 2008, the licensing authority has kept the Special Stress Area (SSA) under review which included in Nov 2018, expanding the SSA into Central Hove and in Nov 2020 it was expanded further into Preston Road and Beaconsfield Road.

3.3.1 The map below details the area of the city centre which borders the City Safety Area and which is deemed an area of special concern in terms of the levels of crime and disorder and public nuisance experienced within it. The area recommended for further monitoring and detailed guidance within the Special Policy comprise the following as pictured below delineated in blue.

- 3.3.2 This Special Stress Area (SSA) is of concern to the licensing authority because of the relatively high levels of crime and disorder and nuisance experienced within it. The area will be kept under review.
- 3.3.3 For all new and varied applications for premises and club premises certificates within the SSA operators will be expected to pay special attention when drawing up their operating schedules and to make positive proposals to ensure that their operation will not add to the problems faced in these areas. Appendix A of the SoLP sets out a list of potential measures the licensing authority considers may be appropriate. These may be more or less appropriate depending upon the style of operation applied for.
- 3.3.4 On receipt of any application in the SSA, where a relevant representation has been made, the licensing authority will scrutinise the application carefully and will look at the measures proposed in the operating schedules and compare them to the measures set out in Appendix A, Licensing Best Practice Measures. Where

discretion has been engaged, those applications which fall short may be refused or conditions applied to comply with policy measures.

3.3.5 The Licensing Authority will keep the City Safety Area and Special Stress Area under review. Should the authority find that problems of crime and disorder or nuisance are not improving, or are worsening, the Special Policy will be reviewed.

3.4 The Matrix Approach

The Licensing Authority will support:

3.4.1 Diversity of premises: ensures that there is a mix of the different types of licensed premises and attracts a more diverse range of customers from different age groups, different communities and with different attitudes to alcohol consumption. It gives potential for positively changing the ambience of the city or an area of it. This will have a positive effect in reducing people’s fear of crime and in increasing the number of evening visitors to the city centre. The Community Safety and Crime Reduction Strategy [Community safety and crime reduction strategy 2023 to 2026](#) recognises that too many single uses in a confined area and patrons turning out onto the streets at the same time may create opportunities for violent crime and public disorder and therefore supports: mixed use venues encouraging a wider age balance.

3.4.2 A ‘Matrix’ approach to licensing decisions has been adopted and is set out below. It provides a firm framework of what the licensing authority would like to see within its area and gives an indication of the likelihood of success or otherwise to investors and businesses making applications. It underpins the City Safety Policy (see above at 3.1).

3.4.4 **Each application will be considered on its own merits.** However, the Licensing Authority will apply the Matrix Approach in all cases unless there are exceptional circumstances which justify a different approach.

- a). **Applications within the CSA** will be subject to a special policy requiring robust measures to be included in the operating schedule to promote safety. Applications within the SSA will be subject to the special stress policy set out in 3.3.
- b). **Exceptional circumstances.** The Licensing Authority will determine exceptional circumstances on a case-by-case basis. An example of exceptional circumstances could be where the applicant has provided sufficient assurances to the responsible authorities that they do not make relevant representations against the application. Another example is where the application is for a variation to an existing premises licence and the applicant satisfies the criteria for a “good operator”.
- c). **Activities which the Licensing Authority values and wishes to encourage:** LGBTQ+ and TNBI venues; outdoor regulated entertainment; cafes; members’ clubs; traditional pubs (outside the CSA); non-alcohol led licensable activities, especially within the city centre. The Licensing Authority will aim to permit these types of venues in appropriate locations, but will consider each case – including any relevant representations – on its own merits.
- d). **Location.** Consideration will be given to the character of the area of the venue in every case. In residential areas, the Licensing Authority will pay particular

attention to the potential of a venue to cause public nuisance, especially noise disturbance, littering and anti-social behaviour. In these areas, an early closing time may be appropriate.

- e). **Food and dining venues.** The Licensing Authority will require conditions to ensure that these venues are food-led, such as: alcohol to be sold only to customers taking a substantial table meal; no takeaway service of food for immediate consumption (an ancillary meal delivery service is acceptable). Where the venue has an agreement to use an adjacent outdoor area, the Licensing Authority will require evidence that a pavement licence has been granted for use of the highway (for highway land) or landowner's consent (for land other than a highway).
- f). **Off licences.** Particular consideration will be given to applications for off-licences in areas which already have one or more off-licences in close proximity, due to concerns about street drinking, underage sales and anti-social behaviour. Where relevant representations are made raising these issues, the application is likely to be refused or – if it is appropriate to grant the application – granted subject to a terminal hour in line with neighbouring off licences.
- g). **Outdoor events.** Outdoor events will generally be supported where they have been arranged through the Council's event planning process.

3.5 Good Operator Policy

3.5.1 Good operators of licensed premises are valuable partners in assisting the Licensing Authority to promote the licensing objectives in Brighton and Hove and contributing to our city's unique and vibrant culture. The Licensing Authority has therefore decided to introduce a new policy measure – the Good Operator Policy – to reward and incentivise the responsible management of licensed premises. Under the Good Operator Policy, there will be a presumption in favour of granting applications to vary premises licences which are submitted by good operators as defined by this policy. This includes variations to trading hours beyond the hours indicated by the Matrix Approach. In general, the Licensing Authority will consider granting such applications to be appropriate for promoting the licensing objectives – unless there is clear and compelling evidence they would be undermined by granting the application.

3.5.2 A "good operator" is an applicant for an application to vary a premises licence who satisfies all of the following criteria:

- at the time of making the variation application, and at the time the application is determined, they are the holder of the premises licence subject to the application
- in the 3 to 5 year period prior to submitting the application, the applicant has not been subject to any formal intervention by the responsible authorities in connection with that [or any other] premises in Brighton and Hove.
- Formal intervention includes the following; a formal written warning; an application for review or summary review; a closure notice or closure order; a prosecution for an offence under the Licensing Act 2003; a penalty for employing illegal workers; or an abatement notice.

3.7. Off Licences

In recent years there has been a noticeable shift towards more people buying alcohol from shops and drinking at home prior to going into premises such as pubs and clubs. The council is concerned that alcohol loading from off-licence sales is a significant problem in the city and adversely affects the licensing objectives as it gives rise to problems of drunkenness, disorderly behaviour and a higher risk of alcohol sales to children. Representations from the police, local residents and the director of public health at licensing panel hearings have testified to these problems. Additionally, regular test purchasing carried out by Sussex Police in partnership with BHCC Trading Standards has identified that off licences continue to be a place where young people under the age of 18 can purchase alcohol illegally.

- 3.7.1 The city safety policy and area as well as the special stress area apply to off-licences as explained in the matrix approach at 3.5. But in general where applications are made for new premises or variations to existing licences, and where the police or others make representations against the grant of a further licence for off sales, the council will give specific consideration to restricting the number, type, and the hours of premises selling alcohol exclusively for consumption off the premises, training and levels of staffing, are appropriate to ensure that the licensing objectives are promoted in what may be challenging circumstances.
- 3.7.2 The Licensing Authority encourage off licences to join the Council led “Sensible on Strength” scheme to reduce the availability of cheap super strength beers and ciders. Off licences voluntarily sign up not to sell cheap super-strength beers, lagers and ciders over 6% ABV and operate good practice measures (see 3.7.3), for which they receive an accreditation as a responsible retailer.
- 3.7.3 Areas of best practice that may be included in an Operating Schedule include;
- the installation of a digital CCTV system by liaison with, and to a standard approved by Sussex Police
 - Challenge 25 policy
 - Refusals system
 - Documented staff training including underage sales, drunkenness and proxy sales
 - Voluntary restriction of high strength alcohol - operating schedules may be used to limit high ABV beers, lagers and ciders
 - BCRP membership (or other accredited scheme)
 - No sale of single cans
 - Displays should not be located at the entrance/exit points or near checkouts

- Restrictions on types of alcohol e.g. specialist or geographical region only being sold

3.8 Alcohol Delivery Services

The Licensing Authority and Sussex Police have specific concerns around the delivery of alcohol off the premises due to issues around the end location of delivery, age verification checks (Challenge 25), the increased possibility of the alcohol coming into the CSA and SSA from other areas, as well as the personal safety of drivers when having to refuse a delivery at the end destination. Later hours also mean that persons can access further alcohol beyond what they may be able to access in their local area. There are concerns around persons who are already intoxicated ordering more alcohol to continue their night.

- 3.8.1 Alcohol delivery poses a unique set of challenges as it often transfers the final age verification to a person who has no responsibility in relation to the premises licence which authorised the sale of alcohol. A premises licence holder needs to be satisfied that their drivers or the delivery drivers of the third party company they chose to use have received regular and comprehensive training in age verification and identifying persons who have consumed too much alcohol. Consideration may be given to using drivers employed directly by the premises as opposed to third party providers.
- 3.8.2 Evidence has shown that customers have previously used landmarks/businesses not related to them as addresses for delivery so that alcohol could be consumed in open spaces/parks. The risk being that this may lead to increased crime and disorder including anti-social behaviour and criminal damage, as well as the possibility that underage persons can gain access to alcohol. Concerns have also been raised about the delivery of alcohol to known street drinking hotspots. Therefore, a condition requiring all deliveries to be to a verifiable residential or business address and a face to face ID verification is vital in mitigating some of this risk.
- 3.8.3 While the Licensing Authority and Sussex Police recognise this is a growing area of business, new or variation applications to include the delivery of alcohol off the premises will be subject to increased scrutiny. Suggested conditions for the provision of an alcohol delivery service can be found at Appendix A1. These are not exhaustive and each application will be considered on its own merits.

6. Prevention of Crime and Disorder

The following details and measures are intended to address the need for the prevention of crime and disorder which may be associated with licensed premises and certificated club premises. Conditions attached to licences and certificates will, as far as possible, reflect local crime reduction strategies.

- 6.1.1 The licensing authority acknowledges that training and good management play a key part in preventing alcohol and drug related crime. The authority expects that all licensees of on-licensed premises attend training programs which will raise their awareness of the issues relating to spiking, drugs and

violence in licensed premises, and that suitable training be extended to all bar staff and door supervisors so that drug dealers and users will be deterred from using licensed premises for illegal purposes and that incidents of violence in licensed premises will be reduced. Licensees are also encouraged to attend training programs to help identify children at risk and issues of basic child protection and vulnerable individuals. It is the duty of the designated premises supervisor (DPS) to train staff on induction concerning conditions on their premises licence and their responsibility to uphold all four licensing objectives.

- 6.1.2 It is expected that the DPS will spend a significant amount of time on the premises. When not on the premises it will be essential that the DPS is contactable, particularly should problems arise with the premises and that staff are authorised by the DPS
- 6.1.3 The location of violent attacks, anti-social behaviour and hate crime or related incidents may be used to justify closing times.
- 6.1.4 Measures put in place should support the intentions of Operation Marble (police operational order), which aims to prevent incidents of crime and disorder within the night time economy, at weekends. Operation Marble operates with a view to minimising the risk to the public of being a victim of public place violent crime; to reduce incidents of violent crime and public disorder within the city centre; to deal positively with offences and offenders; to secure and preserve evidence which will assist in the prosecution of offenders and to support the night time economy and the responsibly run businesses within it.

6.2 Sussex Police

- 6.2.1 Sussex Police have a specific Operation relating to the night-time economy called Operation Marble (detailed in 4.3.7) and work closely with partners to ensure a safe and vibrant city centre. Police data shows the correlation between intoxication and violent crime is highest in the city centre. There continues to be an increasing demand for resources further into the early hours of the morning with the highest sustained risk during the week occurring on a Friday into Saturday between 22:00 – 04:00 (with moderately high risk until 05:00) and a Saturday into Sunday between 21:00 – 04:00 (again with a moderately high risk until 05:00). For full details of these statistics see the Police Data set at Appendix E.
- 6.2.2 The dealing and use of drugs remains an issue across the city and Sussex Police welcome proactive policies from licensed premises. A drug safe and seizure recording initiative is in place of which further details can be obtained by contacting Brighton & Hove Police Licensing (brighton.licensing@sussex.police.uk). This initiative encourages licensed premises with Door Supervisors to search and seize drugs from persons attempting to enter their premises and ensures that once drugs are removed from persons, they can be safely collected and destroyed by Sussex Police. We ask that licensed premises make regular contact with Police Licensing to get seized items collected.

- 6.2.3 Dispersal from the city centre during the late evening and early morning remains a policing challenge. Over recent years, there has been a proliferation of off-licences and late night refreshment venues offering walk in/take away services along the city's arterial routes. This has led to incident 'hot spots' where patrons from the night time economy continue to interact, albeit away from any safety measures afforded by on-licences. As such, Sussex Police support the Council's Special Policy in offering guidance to both applicants and the Licensing Committee in relation to off-licences and late night refreshment licences.
- 6.2.4 Sussex Police have continuing concerns that, despite staff training in age-restricted sales, under age individuals are still being served alcohol both on and off the premises in some of the city's licensed premises. As such, regular intelligence-led 'test-purchase' operations are conducted to highlight premises where sales are taking place and ensure appropriate enforcement action is taken to prevent further sales. The introduction of identification scanning machines at premises throughout the city has proved successful in mitigating some risk, but operators must maintain vigilance regarding the fraudulent use of genuine IDs. Sussex Police continue to work alongside the Brighton Crime Reduction Partnership (BCRP) to tackle the problem of those who use false or another's identification to enter licensed premises and purchase alcohol. The advent of digital identification means that the ID process is continually evolving. There is an expectation by Sussex Police and the Local Authority that licensed premises are proactive around staying informed and abreast of any changes and providing training / support to their staff as required.
- 6.2.5 Sussex Police work closely with venues and other organisations within the city to protect vulnerable people from becoming victims of crime. As well as work to prevent under age sales, vulnerability training is offered to identify persons who may have been made vulnerable through alcohol or drugs. Additionally, spiking awareness training has regularly been organised by the BCRP, the PCC and other external providers. Sussex Police also support initiatives such as (but not limited to) safe spaces, night safety marshals, mobile teams of volunteers actively checking people's well-being and the Beach Patrol.
- 6.2.6 Public Space Protection Orders have proved an effective tool for Sussex Police in targeting enforcement action in problem areas of the city. It *'allows Police Officers and Police Community Support Officers to remove alcohol from any person in a public place if that person is involved in anti-social behaviour (ASB) or the officer believes that by having alcohol in their possession there is an increased risk of ASB. It is an offence to refuse to hand over alcohol when required to do so.'* They have been particularly effective in the day time economy where members of the street community are causing ASB issues for members of the public and local businesses, especially during the summer months where there is a large influx of visitors to Brighton & Hove.
- 6.2.7 Policing the night time economy continues to provide a challenge and in the climate of limited resources and newly emerging problems, Sussex Police support maintaining a Special Policy in the city centre which defines areas of high crime and risk and offers restrictions around types of premises that will be granted to ensure that existing issues are not extended. Police will continue to take enforcement action where appropriate if the actions of a Premises Licence Holder, Designated Premises Supervisor, Door Supervisors or Staff have fallen

below the high standard expected across the city. Sussex Police also recognise and support businesses which are aware of their social responsibilities and as such, actively contribute towards keeping Brighton & Hove a safe and enjoyable city.

6.3 Care, control and supervision of premises

6.3.1 The Licensing authority supports the Brighton Crime Reduction Partnership and other approved schemes. Where appropriate, premises licence holders should be members of the BCRP for the deterrence to violent crime that such membership provides. The BCRP NightSafe radio scheme is normally expected as an operational requirement for city centre bars, clubs and pubs and is an example of best practice in achieving the aim of reducing crime and disorder and improving public safety. Well managed pub-watch schemes provide information exchange between the premises licence holders and responsible authorities that reduce and deter violent crime and disorder. The council will support a responsible licensing scheme.

6.3.2 The effective management and supervision of a venue is a key factor in reducing crime and disorder, both within it and outside. The police will consider the applicants, objecting to the application where appropriate. The police may suggest crime prevention measures in relation to, for example, the internal layout of the premises, closed-circuit television, help points, lighting and security staff. The police may ask for conditions which support such measures to be imposed when licensing applications are granted, eg type of licence, capacity, operating hours restrictions.

6.3.3 Following the grant of a licence, the management and supervision of the premises, in so far as it might impact on crime and disorder, will continue to be monitored. Particular attention will be paid to any licensed premises where there is evidence of criminal activity or any association with racist or homophobic crime. The licensing authority will keep itself well briefed on the nature, location and type of premises where alcohol related violence and disorder are occurring so it can take full account of the facts and avoid exacerbating problems as required by the Community Safety Strategy. Where licensed premises are found to cause nuisance or be associated with disorder or unreasonable disturbance, the review process may be invoked, and powers of revocation or the imposition of conditions may be considered. Conditions may include use of closed-circuit television, licensed door supervisors and earlier closing times. Such action to restrict the operation may be taken for trial periods to allow businesses an opportunity to remedy existing disorder, nuisance or disturbance.

6.3.4 This policy recognises the use of registered Door Supervisors. All Door Supervisors will be licensed by the Security Industry Authority. Mobile security units and similar systems are in use by some premises operators as a means of providing security cover at very short notice at premises which may not normally require a permanent security presence. This policy endorses the use of units following such guidance and standards in appropriate circumstances.

- 6.3.5 The development of codes of practice and general operating standards for security companies is encouraged for local businesses; premises operators are urged to ensure that security services, when engaged, are provided by suitably qualified businesses operating to recognised standards and who should be working towards SIA accreditation.
- 6.3.6 Enforcement will be achieved by the enforcement policy appended (Appendix B).

7.1.1 **Preparing for Martyn's Law Requirements**

Licence holders should familiarise themselves with the requirements of Martyn's Law (the Terrorism (Protection of Premises) Act 2025), which will require certain premises and events to consider how they would respond to a terrorist attack. While the Act will not come into force for at least 24 months (from April 2025), early preparation will help ensure compliance and enhance the safety and security of staff and visitors. The Government will publish guidance during the implementation period to assist in understanding the specific requirements. For further information please go to: [Martyn's Law Factsheet – Home Office in the media](#)

8. Prevention of Public Nuisance

The following details and measures are intended to address the need for the prevention of public nuisance which may be associated with licensed premises and certificated club premises:

- 8.1.1 In determining applications for new and varied licences, regard will be had to the location of premises, the type and construction of the building and the likelihood of nuisance and disturbance to the amenity of nearby residents by reason of noise from within the premises, as a result of people entering or leaving the premises or from individuals or groups of customers gathered outside (e.g. in order to smoke).
- 8.1.2 In determining applications for new licences or extensions in hours or terminal hours of licensed premises, regard will be had to late night public transport availability and location of taxi ranks to aid dispersal of customers.
- 8.1.3 Reasonable controls are available to all premises operators to minimise the impact of noise from customers outside. The council's Environmental Health Department has issued guidance on a number of steps that can be taken in this respect which are endorsed by this policy (see 8.2 below).
- 8.2.2 Licensed premises should normally display prominent, legible signs at exits reminding customers to leave in a quiet, peaceful, orderly manner.

9. Protection of Children from Harm

The following details and measures are intended to address the need for the protection of children from harm; this includes emotional and physical harm which may be associated with licensed premises and certificated club premises (for example the exposure too early to strong language and sexual expletives,

e.g. in the context of film exhibitions or where adult entertainment is provided). It is intended that the admission of children to premises holding a premises licence or club premises certificate should normally be freely allowed without restricting conditions (unless the 2003 Act itself imposes such conditions or there are good reasons to restrict entry or to exclude children completely).

- 9.1.1 Licensees should note the concern of the authority that drink related disorder frequently involves under 18's. To prevent illegal purchases of alcohol by such persons, all licensees should work with a suitable 'proof of age' scheme and ensure that appropriate identification is requested prior to entry and when requesting alcohol, where appropriate. Appropriate forms of identification are currently considered to be those recommended by the Home Office, police, trading standards officers and their partners (eg passport, photo driving licence or pass card). The advent of digital identification will bring new technologies and challenges which responsible authorities and licensees will need to be mindful of and have a personal responsibility to remain informed and trained on.
- 9.1.2 It is the licensing authority's expectation that all staff responsible for the sale of intoxicating liquor receive information and advice on the licensing laws relating to children and young persons in licensed premises. Licensed premises staff are required to take reasonable steps to prevent under age sales. The licensing authority will not seek to limit the access of children to any premises unless it is necessary for the prevention of emotional or psychological harm to them. Each application will be considered on its own merit but particular areas that will give rise to concern in respect of children are to be found in section 9.1.4 below.
- 9.1.3 To reduce alcohol-induced problematic behaviour by under 18 year olds, to enforce underage purchase and drinking laws and to assist in the protection of children from harm, the licensing authority supports the following measures: -
- a). Police should exercise powers (Confiscation of Alcohol (Young Persons) Act 1997) to remove alcohol from young people on the street
 - b). Police and trading standards should implement test purchasing to reduce sales to under 18s in on and off sales licensed premises
 - c). Further take-up of proof of age schemes will be promoted
 - d). In-house, mystery shopper type schemes operated by local businesses will be supported
 - e). Providers of events specifically catering for unaccompanied children should consider whether all staff at such events need to be DBS checked
 - f). Use of a PSPO in the City Centre
- 9.1.4 The licensing authority will not seek to require that access to any premises is given to children at all times – under normal circumstances this will be left to the discretion of the licensee. The following areas give rise to concern in respect of children, who will normally be excluded from premises:

- where there have been convictions for serving alcohol to minors or with a reputation for underage drinking;
- with a known association with drug taking or dealing;
- where there is a strong element of gambling on the premises;
- where entertainment of an adult or sexual nature is commonly provided;
- where premises are used primarily or exclusively for the sale and consumption of alcohol and there is little or no seating for patrons.

Options may include:

- limitations on the hours when children may be present;
- age limitations (below 18);
- limitations or exclusions when certain activities are taking place;
- requirements for an accompanying adult;
- full exclusion of people under 18.

9.1.6 Trading standards and the police undertake ongoing enforcement operations around under-age sales and test purchasing. Sussex Police and BCRP undertake work concerning proxy purchases and counterfeit ID as part of the partnership support work with Community Safety and Trading Standards.

9.1.7 Trading standards have a programme of business support including training for local businesses to avoid underage sales. Trading standards offer business support including for local businesses to avoid underage sales. The training also covers identifying fake ID's, Challenge 25, intoxication, proxy purchasing and implementing due diligence measures.

9.1.9 Trading Standards also supplies business support materials guidance and advice on the enforcement penalties on all age restricted products for example vapes, tobacco, fireworks etc.

- 10.1.2 This policy supports the aims of the tourism strategy, recognising the benefits for the tourism economy of creating a safer and more attractive city centre and improving competitiveness with other European cities. The Licensing Committee should receive any reports relevant to the needs of the local tourist economy and the cultural strategy for the area to ensure that it considers these matters.

- 10.1.5 The licensing authority will have regard to the need to disperse people quickly and safely from the city centre to avoid concentrations which may produce disorder and disturbance.

10.3 Enforcement

- 10.3.1 The Enforcement of licensing law and inspection of licensed premises is detailed in the Protocol between Sussex Police, the East Sussex Fire & Rescue Service and Brighton & Hove City Council. This protocol reflects the need for more efficient deployment of Police and Local Authority staff commonly engaged in licensing enforcement and can be found at Appendix D (Lead Agency Status) of the Statement of Licensing Policy. In addition, the Licensing Authority will have regard to its published Licensing Enforcement Policy in making enforcement decisions in accordance with Brighton & Hove City Council's Statement of Licensing Policy (Appendix B). In order to better target enforcement resources, inspections will be undertaken outside of normal office hours and the sharing of information between all enforcement agencies will be encouraged through joint meetings or similar arrangements.
- 10.3.2 Attention is drawn to the targeting of agreed problem and high risk premises requiring greater attention as identified in the protocol. A number of other council and government policies, strategies and guidance documents must be considered to complement the policy, including:
- Community Safety & Crime Reduction Strategy

Items to which positive consideration would be given:

Recommend best practice for both on and off premises

- Signage on premises should set out legal duties
- Voluntary restriction of high strength alcohol – operating schedules may be used to limit high ABV beers, lagers and ciders
- Staff training – in addition to personal licence holders training, staff must be adequately trained for duties
- Challenge 25 would be the norm, particularly in the off licence trade
- Appropriate signage and training for the deterrence of proxy sales
