Subject: RE: Stanmer footpath claim - landowner evidence

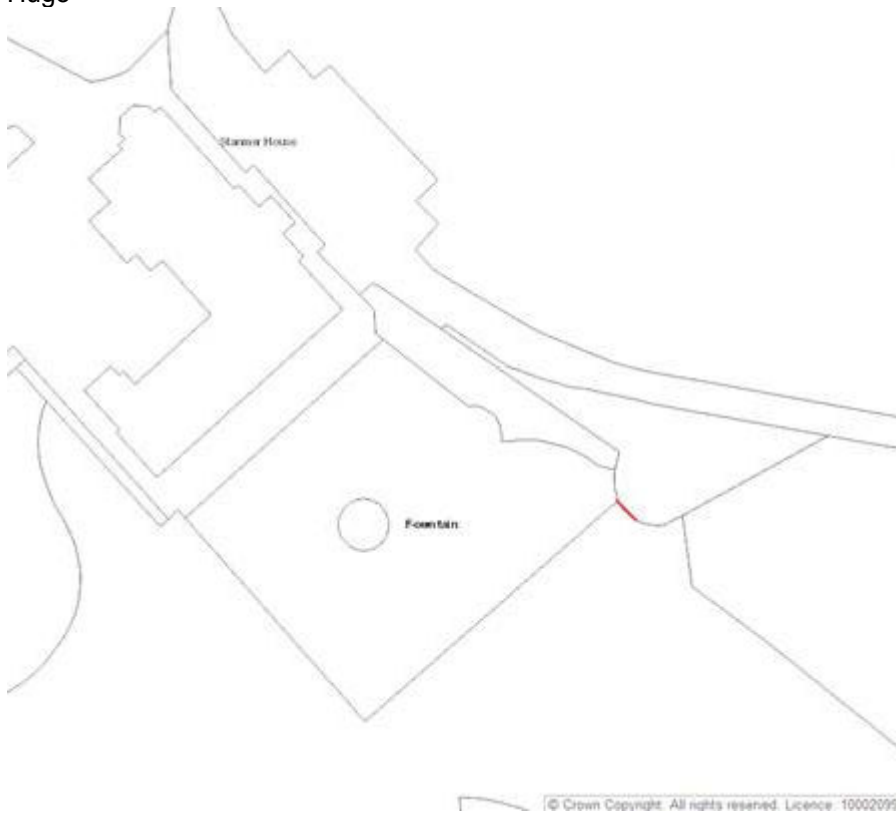

Apologies Carl – I overlooked the questions when we arranged to meet on site. In answer to your questions:

1. As far as I am aware the Council has not made any section 31(6) deposits.
2. As far as I am aware no-one (including the Cityparks rangers responsible for enforcing bylaws in public park) has told any member of the public (on behalf of the Council) that the way was not public.
3. There are no stiles or gates on the way except at the garden gates (see 4 below).
4. See plan below showing the location of the gates in red.
5. I was not responsible for the recent planning permission and amendment to the section 106.

Let me know if you would like any further details.

Regards,

Hugo
