- Schools transferred from the maintained sector into Academies and Free role of councils as Local Education Authorities and funding is being There are fundamental changes being driven at a national level to the
- ٠ to improve the efficiency and impact of our integrated services The Children's Commissioning and Delivery Units work collaboratively

shaping services such as Health Visiting, and Youth Work including provision for disabled children, teenagers at risk and re-

Key Changes arising from this Budget Strategy

In 2012/13

- more targeted sector nurseries, advice for childcare providers and families will be There will be less council subsidy for early years provision in private
- our children's centres We will start consulting on some changes to our provision from some of
- Health Visiting and other community health services The council and the NHS Clinical Commissioning Group will re-shape
- only on statutory compliance We will retain an educational welfare service but one which focuses
- and there are significant savings as a result of this, but this also means we are reliant on schools to take greater responsibility for one another. We have already restructured our Schools, Skills and Learning Service highest priority areas only And spend on school improvement and inclusion will be targeted to the
- vulnerable. Home to school transport will continue to be provided for the most
- together wherever possible We will protect funding for carers and respite care to help families stay
- effectively provision across children's services, culture, sports and Implementation of the Youth Services strategy will bring together more
- need or child protection plans need will be in place to reduce numbers requiring statutory children in A programme of early intervention services targeting families most in leisure, and seek to better integrate statutory and voluntary services

In 2013/14

- We will continue with the strategies set out in 2012/13
- stabilised the numbers of children coming into care and average costs Our continued investment in targeted early intervention will have of placements will be lower
- Re-commissioned services for children who need to be looked after, and for young people in housing need will sustain low unit costs
- . of services from our children's centres, again maintaining the services We will continue early consultation on further changes to the provision focusing, wherever we can on more cost-effective in-house provision
- We will significantly reduce the subsidy on the school music service at our full offer centres in the most disadvantaged communities

| Sports Facilities | 810 | Reduce expenditure across all sites in the sports facilities contract in respect of council responsibilities for the facilities. This budget was originally set prior to the commencement of the operation with Freedom Leisure with funding generated from the tendering of the contract. During the first year of operation, it has been possible to identify this reduction. | The service impact should be minimal although there is always the risk of major unforeseen expenditure required for any facility. | 90 | 90 |
| Sports Development Fund | 100 | Reduce expenditure on sports development initiatives which assist with creating opportunities for people to participate in sport and physical activity. | A reduction in funding will mean the number and level of funding for such initiatives has been prioritised, with support continuing for such important events as the Takepart Festival of Sport. External funding will be sought to mitigate the impact but access to such funding is limited with the consequent risk it may not be achieved. | 50 | 50 |

| Visit Brighton | 1,278 | Moving Visit Brighton to model of delivery working on commission rather than flat fee membership rate, with the general agreement of local stakeholders and partners. | Income may fluctuate in line with variable booking patterns. Income is banked at point of delivery not booking. Gap can be up to 5 years. | 50 | 50 |
| Seafront Properties | -1,196 | Income from additional rental income from seafront properties based on income from the Wheel and marketing of Peter Pan site. | Marketing of sites may not realise the scale of income, subject to market conditions. Also the wheel income is achieved for as long as the wheel is in operation (5 years max). However hoped that this will create further long term value in remaining seafront property assets which will secure income uplift long term (beyond 5 years). | 50 | 50 |
| Royal Pavilion and Venues | 1,088 | Review the management arrangements for security across tourism and leisure as part of the wider corporate review of security. These changes represents around 14% of overall security costs across tourism and leisure and a maximum target for savings. | This work will form a part of a corporate programme of change and is likely to be complex both to agree and to implement. The proposed changes will be the subject of detailed consultation with staff and unions. | 98 | 196 |

| Royal Pavilion | -1,692 | Increase in admission income at Royal Pavilion, this figure is based on performance to date this year, agreed admission charges for next year and plans for events and social media based marketing. The full increase could be up to £150k therefore £50k is included in 2013-14 as a separate stretch target for this same item. | This income is always dependent upon external factors such as the economic climate, visitor trends, the weather etc | 100 | 100 |
| | 0 | Gift Aid contributions/ VAT cultural exemption. Gift Aid would be dependant on whether a legal solution can be found to make it possible. This income would parallel track with any increase in ticket income hence an additional stretch target for this of £50k is also included in 2013- 14). VAT exemption on ticket sales, if successfully applied for would yield a similar savings figure. NB these two savings options are either/or. | These savings track ticket income and so would be subject to the same risks as above. | 100 | 100 |

| Libraries | 22 | Stop paying the RNIB subscriptions for private individuals. The Library service currently pays for the personal subscription to the RNIB of 169 people in the city. For this fee visually impaired people can order talking books directly from the RNIB for free. | With our signup to the new Six Steps National Library offer, Libraries are committed to delivering a library service to blind and partially sighted people through our regular stock and service provision. This is part of a national strategic offer put in place in all public library services across the country. There are a number of alternatives to the RNIB service on offer in Brighton & Hove: A free talking books service on CD, and a new service of audio e-books that can be downloaded onto a range of personal players. We will be providing assistance to visually impaired borrowers to help them access the books they need, and will always take requests free of charge. | 22 | 22 |

| | inc below | Following detailed public consultation and research, and with staff input, we have identified the most important priorities for library services. Using this information, the library service is proposing changes that will efficiently deliver the main priorities that our customers have indicated. Included in the proposals is a commitment to deliver effective homework and study support to children, and the current clubs will continue as now through to the end of the academic year in July. In May and June, we will review how homework and study support is delivered, and will work with schools and other partners to ensure effective after school provision | The proposed staffing changes will be subject of detailed consultation with staff and unions during February 2012. | 84 | 84 |

| | | across the city. | | | |
| | 2,730 | Currently, the opening hours of our community libraries vary considerably and we are proposing to change these so there is a more even spread of hours across the city. We are proposing to reduce the opening hours of Hangleton and Portslade libraries, changing from five and a half days a week to four days a week, and to close for one hour for lunch on Saturday in line with all other community libraries. We will maintain the opening hours of these libraries when the majority of people use them. | This proposal would reduce costs while keeping all community libraries open - with there being at least five libraries open in Brighton & Hove on every day of the week (excluding Sundays when only Jubilee Library is open). Our research data has shown that many people already use more than one library, and are prepared to travel around the city to access public libraries on any day of the week. Public consultation is taking place on these proposals to identify the impact of these on local communities. | 33 | 33 |
| | 77 | The current mobile library is due for replacement and it is proposed not to replace the vehicle this time. Of the 865 people who use the mobile library 574 (67%) also use a static library as well. The mobile library vehicle will be kept for one year to provide temporary provision for Woodingdean while new library is built, so savings are split across two years. | Service users will need to be consulted to ensure that they have alternative access to other library services that meets their needs. Where possible, people will be directed to their nearest static library which is likely to be less than one mile from their home. Where needed, borrowers will receive a Home Library Service to deliver books to people at home. | 32 | 32 |

The appointment of a new dedicated commissioner for substance misuse services (PCT funded) significantly supports DAAT functions and therefore also enables savings from the deletion of a vacant post and changed management arrangements with no impact on successful outcomes. | No reduction in the effectiveness of DAAT functions and substance misuse services as a result of management efficiencies which together with new European funding, have achieved savings.
