“In relation to the proposed new permanent traveller site at Horsdean:

- 1) What is the estimated cost of the pumping station and piping under the A27 to connect the proposed traveller site to the mains sewer system in Patcham?
- 2) How much money has been spent so far on the planning application and preparatory work for the proposed new traveller site and has this come from the Council’s general fund or from the Government grant for the site?
- 3) What is the estimated final total cost of the proposed new traveller site?
- 4) Bearing in mind that it is a criminal offence to deliberately or accidentally pollute a controlled water zone such as that at Ewe Bottom, who will be liable if there is a contamination incident from the proposed new traveller site?
- 5) Have the Highways Agency been consulted about drilling under the A27 and, if so, what is their view about the effect this will have on the stability of the bank given that it is built on a coombe deposit?”
