Lozenge 6 West Elevation	150/6/606	A	09/05/2013	

5 additional representations have been received from 345, 347 & 353 Kingsway; 21 Derek Avenue and the Kingsway and West Hove Residents Association objecting to the application for the following additional reasons (not already outlined

			<p>in the report):-</p> <ul style="list-style-type: none"> <li>• The BRE review of the application is based on national sun and light levels with minimum acceptable levels;</li> <li>• The BRE guidance and application submission are not an assessment on the degree and significance of change to adjoining properties (which currently enjoy exceptional levels of light every day of the year);</li> <li>• BRE guidelines were surely drawn up for development in crowded towns and are hardly suitable for use at a seafront location;</li> <li>• The proposed development would concentrate the damage to existing homes for up to 19 weeks from mid-October to mid-February, with a resultant loss of the majority of sunlight and passive heating during this period;</li> <li>• The submission appears to show the development illuminated by lighting from the north, with the images showing the development further away and smaller than they actually would be.</li> </ul> <p><b>Officer response:</b> The impact of the proposed development on the character and appearance of the area and on neighbouring amenity is considered in section 8 of the report.</p>
91	4 Bennett Road, Brighton	BH2013/02364	<p><b>Correction:</b> Paragraph 5.1 (p.94) a total of five (5) letters were received from the occupants of 6 Bennett Road rather than one (1) as stated. Their content is summarised in the report.</p> <p><b>Officer response:</b> No additional comment.</p>
131	5 Steine Street, Brighton	BH2013/02747	<p><b>Correction:</b> Paragraph 5.2 (p.134) of the report states that one letter of support had been received from <b>Brighton Dental Clinic, St James's Mansions, Old Steine</b>. This is corrected; two letters of <u>support</u> have in fact been received from this address. The total number of letters of support received is therefore corrected to ten (10) rather than the figure of nine stated in the report.</p> <p>A letter has been received from the agent for the application responding to the issues raised in the report for the application.</p> <p><b>Officer response:</b> The letter raises a number of points in response to the committee</p>

			<p>report.</p> <p><i>Additional officer comment: Complies with HMO licensing Standards:</i></p> <ul style="list-style-type: none"> <li>• HMO Licensing is completely separate to planning, the planning process makes a full assessment of the quality of accommodation, which in this case is considered to be inadequate for reasons stated in the report.</li> </ul> <p><i>Lack of consideration for the benefits associated with the removal of the existing nightclub use:</i></p> <ul style="list-style-type: none"> <li>• The loss of the existing use addresses some neighbouring amenity concerns, however in this instance this does not override significant concerns relating to the standard of accommodation and does not therefore justify approval of planning permission.</li> </ul> <p><i>Comparable to recently approved student development on George Street where the communal area relied upon high level windows:</i></p> <ul style="list-style-type: none"> <li>• The development is not considered to be a directly comparable as all the bedrooms at George Street had the benefit of a high standard of outlook and natural light levels unlike the application site. In addition, the communal room at George Street is at ground floor level with the high level windows facing out on to a park area providing natural light and outlook.</li> </ul>
145	125 Upper Lewes Road, Brighton	BH2013/02231	<b>Condition 2</b> (amended to incorporate additional plan)

The development hereby permitted shall be carried out in accordance with the approved drawings listed below.

**Reason:** For the avoidance of doubt and in the interests of proper planning.

Plan Type	Reference	Version	Date Received
