confidential information (as defined in section 100A (3) of the Act) or exempt information (as defined in section 100I(I) of the Act).

36. FINANCIAL PERFORMANCE REPORT - MONTH 8

36.1 The Board considered a report of the Director of Finance, Brighton & Hove PCT which set out the financial position of the pooled budgets at the end of Month 8, and the forecast year end outturn. The report highlighted emerging pressures and set out plans to address these pressures (for copy see minute book). The Director of Finance, PCT informed the Board that he was confident that the pressures and risks could be managed.

36.2 Councillor Taylor asked for an explanation of risk share in table 3.2. The Director of Finance, PCT explained that the application of risk share was £300,000. There had been a carry forward from last year. Pressure from this year could be offset. The Financial Recovery Plan had been discussed at the Contracts Board and would be discussed at future Contract Board meetings.

36.3 Richard Ford reported that he was confident that the Sussex Partnership Trust would reach a concurrent financial situation. The Trust was looking to improve the financial position in three areas. A paper would be prepared on Older Peoples' Mental Health Services in the next few weeks. Officers were looking to reduce the overspend in Substance Misuse and were ensuring that placements in Working Age Mental Health were best for each person. Officers were looking to move more people into self directed support. This would not save money in the short term but would save money in the long term.

36.4 Councillor Taylor asked if the figure of £64,000 was the total Section 75 variance overspend. The Director of Adult Social Care & Housing explained that this figure was the total Section 75 variance on the Learning Disability budget. A report on this matter would be brought to the Special Joint Commissioning Board on 23 February 2009.

36.5 **RESOLVED** - (1) That the financial position of the pooled budgets - forecast at breakeven – and the actions underway to manage the pressures within the system, be noted.

(2) That progress on the substance misuse and community alcohol services tender be noted.

37. INDEPENDENT SECTOR CARE HOME AND DOMICILIARY CARE FEE INCREASES 2009/10

- 37.1 The Board considered a report of the Director of Strategy, PCT and the Director of Adult Social Care & Housing, Brighton & Hove City Council which sought approval for the proposed fee increases for inclusion within the budget 2009/10 package, for in city care homes providing services for Older People and Older People with Mental Health Needs (OPMH) within the context of Fairer Contracting. The Board was asked to note proposed increases which were in line with inflation (for copy see minute book).
- 37.2 The report was presented within the context of the current annual round of fee increase negotiations with those independent sector providers who are supplying care services on behalf of Brighton & Hove City Council.
- 37.3 The Director of Community Care (Adult Social Care) explained that the report had already been submitted to the Adult Social Care & Health Cabinet Member Meeting.
- 37.4 John Dearlove asked whether there were plans to deal with a major nursing home going into administration due to the current economic climate. He also asked which inflation index was used by officers. The Director of Community Care replied that the inflation increase was based on the council's budget increase. No new block contracts were being placed with firms that appeared to be in difficulties. The Council wanted a dialogue with firms that were in trouble. The Director of Adult Social Care & Housing explained that officers were looking at the pressures being placed on the independent sector. Inflation in real terms was lower than 2.5%. Meanwhile, Extra Care Housing was now on stream and would take pressure off the system.
- 37.5 Janice Robinson asked if new developments had been delayed. The Director of Community Care replied that Bupa were still waiting to submit a planning application for a new home. However, 78 units of Extra Care Housing would make a huge difference.
- 37.6 **RESOLVED** - (1) That it be approved that City Older People and OPMH care home providers who are eligible for inclusion on the Preferred Provider Scheme be awarded a 3.5% increase. That it be approved that providers who do not qualify for inclusion on the Preferred Provider Scheme be awarded a 2.5% increase (see Appendices 1 and 2), subject to agreement of the 2009/10 budget package. The 2.5% increase constitutes the inflationary increase, whereas the additional 1% is for quality.
- (2) That an inflationary award of 2.5% is awarded to the following, subject to agreement of the 2009/10 budget package:
- Those in Older People and OPMH care homes who do not qualify for inclusion in the Preferred Provider Scheme.
 - Out of City Older People and OPMH care homes.
 - Those care homes providing services for other categories of care where there are no set rates, excluding learning disability services.
 - Domiciliary care agencies providing services for all categories of care.

- Direct Payment rates.
