## RECORD OF CABINET DECISION

**DECISION-MAKER:** CABINET

**PORTFOLIO AREA:**

**SUBJECT:** ICE RINK, QUEEN SQUARE, UPDATE ON DISPOSAL

**AUTHOR:** ANGELA DYMOTT

### THE DECISION

Cabinet accepted the recommendations as set out in the report.

### REASON FOR THE DECISION

- (1) To regenerate this area of the City, opening up the site to the north allowing more permeability to the site and enabling environmental improvements to create a lively south facing square.
- (2) To make best use of an existing asset and provide employment opportunities for the City encouraging local small businesses and apprenticeship training opportunities in construction.
- (3) The level of interest in the site has been good and the offers encouraging in the present economic climate. By initiating the development process now there is potential for the scheme to take advantage of an improving market when it comes. There is unlikely to be any higher price to be achieved in the near future from residential or office developers as these markets have some way to go before recovering.
- (4) Delay in disposing of the site will leave the Council with on going security and safety problems with the buildings and postpone the opportunity to improve safety and the general environment of the Square and Church yard.

**DETAILS OF ANY ALTERNATIVE OPTIONS**

- (1) The bids that have been submitted have been encouraging despite the impact of the credit crunch and the poor economic background. Due to the uncertain current property market the council asked its agents to carry out thorough due diligence before making their recommendations.
- (2) With the backdrop of the 'credit crunch' market conditions have been extremely difficult during 2008 and have resulted in a whole sale withdrawal from the development market in most property sectors, perhaps with exception in the hotel, restaurant and entertainment sectors. This is a reflection of the fall in the demand for both residential property and the lack of confidence in the business sector, whether this be commerce or retail, resulting in significant falls in value through 2008.
- (3) If the disposal falls through the alternative options available to the Council are :-
  - (a) Negotiate with short listed parties: Re-visit the other short listed parties bids and explore the possibilities of negotiating acceptable terms with other bidders with a target premium over a similar range.
  - (b) Submit a Planning Application for the site: this would remove some uncertainty for the successful developer but would not be appropriate for every party. There is the likelihood that a further planning application would be made varying the planning permission negating the time saved. The estimated cost for a full planning application with an Environmental Assessment is £100,000 which may not be fully recovered by any increase in the price.
  - (c) Set up Joint Venture to deliver planning permission and potentially develop: this would be undertaken by approaching selected parties of sufficient standing. It would involve a more complicated legal structure and documentation. There would be a share in the potential upside to compensate for a lower current price but the Council would not receive 100% of the uplift in land values if market conditions improve.
  - (d) Wait until the economy improves before going back to the market: This may not be until late 2009 /2010 and this option remains open if the current disposal does not proceed. There is no guarantee that a higher price would be achieved nor that market conditions will improve in the near future. In the meantime the property would remain vacant and vulnerable to vandalism and security problems.
